24BHS

For both the first-time buyer and seasoned camping veteran, the value-conscious Avenger often represents a customer's first experience with a recreational vehicle from Prime Time Manufacturing.

Since first impressions are critical—and last a lifetime—we've insisted that Avenger combine comfort, convenience, and style with the industry's highest standard of quality and construction. By providing a GREAT ownership experience, Avenger is Prime Time's way of welcoming you to our family.

We hope that your future journeys will always include a Prime Time RV.

26RDS

To guarantee that Avenger provides true customer satisfaction, our engineers carefully examined every component, every small detail, and every process that went into Avenger's creation.

It was important to offer industry-leading beauty, so shaker-style cabinet doors were paired with premium fabrics, flooring, and countertops for a luxurious appearance.

"Best In Class" features and design elements are utilized to fully maximize customer enjoyment. Innovative EVERLAST® construction and demanding standards for testing were developed to ensure long-term quality and durability.

If "Your Journey Begins Here," Avenger is sure to please.

ADDITIONAL SPECIFICATIONS:

GVWR (Gross Vehicle Weight Rating) *- is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.*

GAWR (Gross Axle Weight Rating) *is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.*

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

PRE-DELIVERY INSPECTION FACILITY
20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.
