

# 2005 DAMON INTRUDER

Messita, New Mexico

About the only thing it doesn't have is a big price tag.

WELCOME TO PARADISE.

We've put a lot of luxury into our stylishly appointed 2005 Intruder Motorhome. And, even better, we've done it without putting it out of reach of experienced, value-conscious recreation vehicle owners like you.

This year our refined new Intruder comes with more quality features for the money than ever before. With a warm, inviting interior, tasteful appointments all around and an exterior that's beautiful, yet tough as nails. And, as always, Intruder comes with more comfort and luxury than other motorhomes priced thousands higher.

Intruder. No wonder it's the industry's value leader.

#### LUXURY AMENITIES.

The optional booth dinette is more comfortable than typical foam cushion chairs due to steel springs in the seats.

A Carrier® ducted air conditioner is mounted on the roof and has a remote thermostat so you can adjust the temperature from inside your Intruder.

Model 373, Turning Leaf decor

A huge, full basement with extra-large, extra-strong pass-through storage compartments offers plenty of room to pack your active life. Plus, our rotocast storage compartment with one-way drain valves lets you give your basement a quick wash.

Aerodynamic gelcoated front and rear caps give your Intruder a sleek, elegant look. You can also option our seamless fiberglass roof, which practically eliminates maintenance costs.

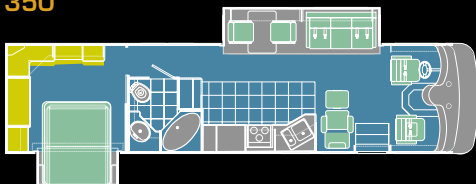

Now you can tow most SUVs with Intruder's heavy-duty 5,000-lb. trailer hitch.

## MORE "GEE-WHIZ" FEATURES.

Cockpit windows and an enormous windshield provide wide-open visibility and safety, plus give Intruder a smart, stylish look.

There's more headroom and less tripping across the living room with Intruder's flush-floor slideouts. They're quiet, too, operating on a smooth rack-and-pinion mechanism.

Intruder's heated, front-mounted rear-view power mirrors eliminate blind spots and let you easily and quickly see behind the coach.

Our premium Pioneer® AM/FM/CD player in the cockpit dash offers quality sound and makes your long drives more entertaining. Option our Pioneer XM-satellite radio tuner and you expand your choice of stations, plus get coast-to-coast programming, with no need to switch stations as you travel.

Optional Sherwin Williams® full-body paint packages will truly set your Intruder apart from other motorhomes.

Intruder's optional Surroundsound® home-theater system lets you enjoy all of your favorite movies, no matter where you are. Includes DVD/CD player, satellite speakers, Pioneer 250-watt receiver and subwoofer.

## SIDEWALLS

Sidewalls are five layers thick, consisting of:

- Exterior fiberglass
- Wood backer
- Aluminum frame
- Bead-foam insulation
- Interior wallboard

Walls are also vacuum-bond laminated for added strength and rigidity.

## FLOOR

A water-resistant, Structurwood® floor supports the living area. Framed in 1.5-inch welded-steel tubing, it's insulated with solid- bead foam and protected with a galvanized underbelly, which will not rust or corrode.

AS BEAUTIFUL ON THE INSIDE AS IT IS ON THE OUTSIDE.

#### ROOF

Intruder's roof is vacuum-bond laminated for superior strength and rigidity. It features an aluminum-rafter support system with bowed rafters to maintain the roof's crowned shape. A crowned roof permits better water runoff, which helps prevent leaks.

#### BASEMENT AND STORAGE

The Intruder basement construction incorporates a strong, welded-steel truss system. Trusses are horizontal to better distribute weight. They also allow for Intruder's full basement and massive pass-through storage compartments.

#### UTILITIES

Travel in any season because of Intruder's heated holding tanks and fully contained plumbing systems. Tanks are mounted horizontally, making service and maintenance easy.

#### CHASSIS

Quality construction starts here. And Intruder uses only the finest: either a rugged Ford® or Workhorse® chassis depending on the floor plan.

Motels, a combination of the words motor and hotel, evolved from auto camps, which developed as townspeople along Route 66 roped off spaces for travelers to camp for the night.

## NOW COMES THE HARD PART.

Time to choose your favorite paint color, floor plan, fabrics, styles and options. No matter which model and design package you choose, you can be assured that every Intruder motorhome we make is built the same way — the right way — with the same high-quality materials, components and state-of-the-art construction techniques.
