Passport
ULTRA-LITE

go anywhere

With customer demand for lightweight, fuel-efficient travel trailers at an all-time high, Passport Ultra-Lite by Keystone is sure to find favor with families who want to maximize fuel efficiency but still maintain all of the conveniences of a well-appointed feature-packed RV.

Creative engineering has enabled Passport to include high-end amenities without adding unnecessary weight. With its sleek aerodynamic front-end and enclosed underbelly, Passport is designed to reduce wind resistance and increase fuel efficiency. In addition, the load equalization spread axle system assists in lowering hitch weight and makes towing easier. The Passport can be easily towed with a properly equipped half-ton pickup or SUV.

Luxurious Interiors for Your Camping Enjoyment

Liteweight for SUV & 1/2 Ton Vehicles

Enjoyable

While inside, you will have plenty of opportunity to enjoy the comforts of the Passport. From the digital HD television, the oversized furniture, and jumbo dinette, each making you feel like you are at home. Don't give up the comforts you deserve.

The oversize galley slide, in Havana, accented with full-length overhead cabinets, an extra large countertop area, jack knife sofa and double drawers offers plenty of preparation and storage space for an enjoyable RV vacation inside the Passport 285RL.

Storage

Passport

ULTRA LITE

by Keystone

The ever popular jumbo dinette with chase lounge shown in the 300BH Harvest décor is sure to maximize your storage needs while allowing for plenty of seating area for all your friends and family.

Relaxation

Great lounge area and plenty of places for your gear make the Passport the right combination for that weekend getaway or for that extra long journey.

More Features Per Pound Than Any Other Liteweight

Pass Through Storage

Over 32 Cu. Ft. of unobstructed lighted storage space making all of your gear easily accessible.

Load Equalization Axles

Spread an additional 10" providing superior stability with independent suspension reducing tongue weight.

Galvanized Steel Roof Rafters

Superior strength and durability. This construction method is commonly found on high end fifth wheels.

Enclosed Underbelly

Fully enclosed underbelly not only provides protection from the elements but also reduces wind resistance for easier more economical towing.

Slide Out Cook Center

Cooking outdoors is made easy with a self storing cook center equipped with a quick disconnect LP hose.

Full Length Double Drawers

Extra deep and mounted on steel ball bearing guides, provides space for your kitchen supplies

Folding Entry Assist Handle

Piece of mind and safety while entering and exiting your unit.

HD Flat Screen Television

Inside entertainment excellence viewing digital high definition television

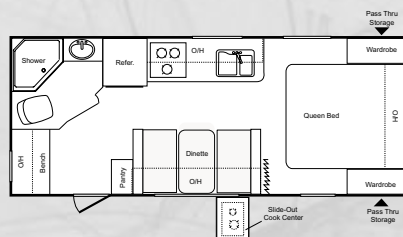

Front Diamond Plate

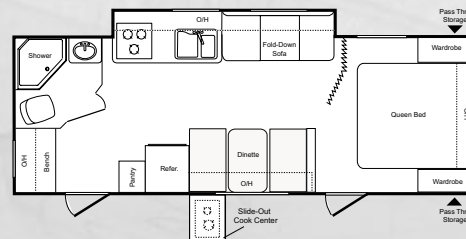

Form and function meet with diamond plating to protect your unit from road debris.
