

EXPEDITION

CLASS A DIESEL

FUNNY HOW A SIMPLE CHANGE OF
SCENERY CAN CHANGE YOUR
ENTIRE OUTLOOK.

2009 EXPEDITION

 FLEETWOOD.

PERFECT FOR TRIPS TO A NEW STATE OF MIND.

Whether it's a quick getaway or a cross-country tour, stress takes a holiday once you head out in your Expedition. You've got the great outdoors to explore, and plenty of scenic real estate to enjoy indoors, too. Your living space increases with triple, quad and full-wall slide-outs. The feeling of spaciousness is heightened with 7-foot ceilings and large windows that flood the coach with natural light. The tension of work, schedules and deadlines soon becomes a dim memory.

Quality

There's no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

EXPEDITION

THE ENTERTAINMENT SYSTEM is second to none, with a 32" Samsung® LCD HDTV (select models) and a 5.1 Dolby home theater system that includes surround sound, DVD, CD and an AM/FM radio. Now that's entertainment.

THE PASSENGER SEAT is covered with supple Ultraleather™ that looks and feels like leather, but resists stains and cleans easier. An optional electric footrest lets you kick your feet up, while the power adjustments position the chair just right.

THE ERGONOMIC COCKPIT wraps around you to put all the controls within easy reach. The driver's area has been designed for comfort, even on those marathon drives. Add optional power visors to reduce the sun's glare.

Why Buy Expedition?

EXPEDITION 38F shown in Ebony interior décor with Symphony Cherry wood cabinetry.

Contemporary Interior Décor

The décor is so stylish, it causes many people to remark, "This is nicer than my house."

Spacious Living

The floor plans are designed to maximize the roomy feeling, and the tall ceilings and slides provide even more space.

Name Brand Appliances/Electronics

From the galley to the entertainment system to the bedroom, you'll find name brand appliances, electronics and furnishings.

Top-of-the-line Components

Expedition is outfitted with the finest, from the plush, padded carpeting to the cedar-lined wardrobe in the bedroom suite.

Superior Ride and Handling

Fleetwood diesel coaches have earned a reputation for excellent handling, road manners and comfort.

HIT THE ROAD WITH THE NAMES YOU TRUST.

You'll recognize the brands on all the appliances in the galley, like the GE® convection microwave oven and the Norcold® refrigerator. More household names are found around the coach, such as Samsung®, Restonic® and DuPont®. What this means is that the quality of the appliances and electronics is first-rate, matched only by the superior components. Expedition boasts solid surface countertops and Flexsteel® furniture draped in luxurious Ultraleather™. Clearly, you'll travel in the best of company.

EXPEDITION

THE DINETTE is underneath an oversized picture window, so you can enjoy a view of the setting sun and your spaghetti dinner at the same time. How about a game of checkers afterward? Right below the seat is a pull-out drawer that's the perfect place to store games. (Free-Standing Dinette with credenza shown above.)

THE CABINETRY features warm wood, finished with elegant, brushed nickel hardware. Inside, the cabinets are deep enough to accommodate full-size dishes. The lining prevents scratching and reduces noise.

Trust

More people trust Fleetwood. After all, we've spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.

THE GALLEY is fully equipped to help you whip out meals quickly. The convection microwave cooks faster than a standard oven, and the cooktop offers three burners. The galley sink offers clean, drinkable water, thanks to the whole coach water filtration system.

FULL-EXTENSION DRAWERS allow you to store things at the very back. There's even a super-deep pots & pans drawer that's big enough for your jumbo spaghetti pot.

THE UNDER SINK STORAGE holds everything you need to keep your coach sparkling clean. Company's coming and you want to show your Expedition off!

SOLID SURFACE COVERS fit neatly over the galley sink and range to provide more countertop space instantly. And they're made of the same solid surface material as the countertops, so they are also non-porous and highly resistant to stains and scratches.

LEAVE THE DRAB PLAID TO THE BACKPACKERS.

Getting away doesn't have to mean leaving your sense of style behind. With a polished, contemporary interior design, Expedition closely resembles a spread in your favorite high-end home décor catalog. The fabrics, flooring and wood cabinetry all work splendidly together. Special touches like the detailed molding and designer-look lighting fixtures make it seem like a well-appointed home. Expedition is proof that camping really can be elegant.

Passion

We're truly passionate about the RV lifestyle. Fleetwood was founded by RV enthusiasts, and that tradition continues today.

EXPEDITION

THE WASHER/DRYER (optional) ensures that you'll never run out of clean clothes to wear. And it's cleverly concealed behind the cabinetry.

THE VANITY WITH SINK provides an area to shave, primp and get ready for a big night out or, a romantic night in! (models 38F & 39R have a second vanity area).

THE BEDROOM SUITE offers plenty of room to unpack and relax, thanks to a 30" bed slide where many competitors only slide 18". The bed is nothing short of dreamy. With a restful queen-size Restonic® innerspring mattress, a good night's sleep is moments away. Just be sure to flick off the remote generator switch on the bedside table before drifting off.

MIRRORED WARDROBE on the wall, who's the largest clotheshorse of them all? You can be, with plenty of closet space with built-in organizers.

THE SHOWER turns your daily routine into an indulgence. Try a water massage from the adjustable showerhead, bathed in light from the shower's skylight.

IT'S STUNNINGLY GRAPHIC. THE EXTERIOR, THAT IS.

The expressive, artistic graphics on the exterior of Expedition certainly make a grand impression. The ultra-smooth, fiberglass vacu-bonded walls feature full-body paint standard for a luxurious appearance. DuPont® paint is carefully applied in a two-stage process to ensure beautiful results, a longer life and easier maintenance.

NOPE, IT'S NOT A FANCY HOME FURNISHINGS CATALOG.

These fabrics and woods represent the most current tastes in interior design. And while you can't order them for your home, you can have them in your Expedition. Just choose from three color palettes and two warm wood finishes.

IF ONLY TEENAGERS WERE THIS EASY TO HANDLE.

While the average teenager may not be responsive or well-mannered, your Fleetwood diesel certainly will be. The chassis has a 55-degree wheel cut to help you make tighter turns, and a lower center of gravity for a more stable, comfortable ride. Fleetwood's Power Bridge Chassis™ is one reason it drives so well. Combine that with a Cummins® ISB 325HP 6.7L diesel engine and 750 foot pounds of torque, you've got the power to tame steeper hills. All without the engine hump or front engine noise of a gas model.

INTERLOCKING CEILING-TO-SIDEWALL CONSTRUCTION helps keep the box square. This assures a proper cabinet fit.

INTERLOCKING FLOOR-TO-SIDEWALL CONSTRUCTION locks tightly to keep out water, dust and noise, and helps eliminate squeaks and rattles.

VACU-BOND® SIDEWALL CONSTRUCTION creates a strong, weather-resistant structure. The sidewalls, floor and ceiling are Vacu-bonded to a durable metal frame, far superior to the pinch roll method our competitors often use.

- ① **ONE-PIECE WINDSHIELD** provides a panoramic, wide-open view without a center divider.
- ② **STYLISH HEATED MIRRORS** look cool, but stay warm to prevent dew or frost build-up.
- ③ **AWNINGS** for the patio and entry door keep the sun's rays from heating up your coach inside, and provide shade outside. (Electronic awnings optional.)
- ④ **DIAMOND SHIELD** (optional) protects your paint finish on the lower front cap from paint chips and damage caused by road debris, bug acids and weathering with a clear, 8 mil. urethane film.

Vehicle shown in Silver Leaf Scheme 2 exterior graphics.

- ① **SIDE-SWING LUGGAGE DOORS** open to the side, instead of up, making it easier to access your gear.
- ② **HIGH-MOUNTED TAILLIGHTS** are easy to see, even when you're towing another vehicle. Tailgaters be gone!
- ③ **DUAL AIR CONDITIONING UNITS** are mounted on top to improve cooling, and create more room for storage below.
- ④ **4-POINT AUTOMATIC LEVELING SYSTEM** levels your coach automatically with the push of a button.

Vehicle shown in Silver Leaf Scheme 2 exterior graphics.

EXPEDITION

POWER BRIDGE CHASSIS.™

PART HERCULES, PART EINSTEIN.

ALL YOURS.

It's strong. It's smart. And it's here to change the way you travel. Created with your every need in mind, the all-new Power Bridge Chassis brings you sleek engineering, a smooth ride and convenience like you've never imagined. Feast your eyes on storage compartments so big, you'll never have to unpack. Experience balance and handling so incredible, you'll never want the trip to end. With so many surprises built-in to every nook and cranny, it's the soul of the ultimate RV. Harness the power.

WASTE NOT, WANT NOT. The Power Bridge Chassis is more than just a well-oiled machine. Every available inch is configured to maximize your storage capacity – so you'll never want for extra space.

OPEN AS THE ROAD. Huge and versatile, pass through storage compartments let you pack items side to side, back to front, and even diagonally.

TURN ON THE WATERWORKS. With a super-sized fresh water tank, long showers are never in short supply.

ALL ACCESS PASS. An ingenious integrated raceway means quick access to electrical wiring and plumbing. This translates into easier maintenance for you.

EASY RIDER. Offering unparalleled strength, the Power Bridge Chassis has been engineered for an improved ride and handling.

Service

Help is nearby. When you need an upgrade or repair, you'll find Fleetwood dealers all across North America ready to assist you.

Drawings are for illustrative purposes only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.

THE MOST IMPORTANT FEATURE IN EXPEDITION: PEACE OF MIND.

Fleetwood engineers have designed dozens of safety features into Expedition. They've thought of everything from blind-spot cameras (optional) to help you change lanes safely, to the safety inspection checklist on the information center monitor. Combined with Fleetwood's superior construction, the result is a coach you can depend on for high quality and safety.

Safety

You've got precious cargo. So we've engineered dozens of innovative safety features into our motor homes to give you more peace of mind.

EXPEDITION

EXTERIOR GRILL AND KITCHENETTE - (optional) manually extends to be an instant party-starter. Just throw on some juicy steaks, and you'll become instantly popular! Includes a propane grill, refrigerator, sink with hot and cold running water, storage areas, and even outlets for your margarita blender.

THE PULL-OUT TRAY (optional) keeps your smaller items together so they don't get scattered. It's a great place to stock your extra refreshments before they move to the refrigerator.

THE PASS THROUGH STORAGE is new on Expedition for 2009. This big space holds chairs, sports gear and more – and you can access it from either side of the coach.

PATIO STORAGE CENTER provides a place for your patio set-up tools or BBQ utensils. Storage center is equipped with both a 12V and 120V plug to recharge your flashlights or charge up that remote controlled car.

Appliance Propane Tank (gal) (WC) ⁷	37.5	37.5	37.5	37.5	37.5
Water Heater Tank (gal)	10	10	10	10	10

Liquid Weight Reference: Water (gal) = (8.3 lbs/3.8 kgs) Fuel (gal) = 7.1 lbs/3.2 kgs) Propane (gal) = (4.2 lbs/1.9 kgs)

Metric Conversion: Multiply pounds x 0.453 to obtain kilograms. Multiply gallons x 3.785 to obtain liters. Multiply liters x 61 to obtain cubic inches.

- GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo carrying capacity.*
- GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
- GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer's manuals for complete information.
- Length measured from front bumper to rear bumper (excludes accessories).
- Excludes safety equipment and awnings.
- Motor homes feature a body-width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
- Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

CHASSIS
