

YOUR GUIDE TO SUCCESS WITH THE NOVA CLASS B by COACHMEN RV – The Leader to the Great Outdoors!

The most comprehensive Class B Training Manual in the Class B segment!

Coachmen RV

LEADER TO THE GREAT OUTDOORS

DID YOU KNOW? COACHMEN RV PRODUCTS HAVE BEEN ON U.S. ROADS AND HIGHWAYS SINCE 1964!

- **COACHMEN RV...** Is built upon a simple principle “**Dedicated to the enrichment of your life.**” By providing you with long term value through all that we do, our focus is on delivering a product with superior value and backing it through superior service and support. Once you become a Coachmen owner, we are committed to enhancing your Coachmen RV ownership and lifestyle experience... creating friends for life and memories that will last a lifetime. At Coachmen RV you will find a rich history of commitment from our Team Members. This commitment extends to our owners and in the pride we have for our brand. The close relationship that we share with our owners and our dealers is a quality that others have been trying to mimic over our 50-year history. Our goals and principles remain well in focus. We create customers for life.
- **OUR HISTORY...**The first Coachmen RV products were manufactured in a 5,000 square foot plant in downtown Middlebury, Indiana, by Coachmen Industries, a company founded by three brothers: Tom, Keith and Claude Corson. Coachmen’s first year of production totaled 12 travel trailers, a single truck camper and 80 truck caps. Since then, over three quarters of a million Coachmen Recreational Vehicles have been produced and sold.
- **FOREST RIVER INC...**In December of 2008, Coachmen RV became a proud brand of Forest River, Inc., a Berkshire Hathaway company. Today, Coachmen RV, a division of Forest River, Inc., is headquartered in Middlebury, Indiana, with our primary manufacturing facilities occupying over 220 acres with more than 23 acres under roof serving as dedicated manufacturing facilities for Coachmen branded Class A Motorhomes, Class B Motorhomes, Class C Motorhomes, Fifth Wheels and Travel Trailers. Our Camping Trailers are manufactured in our Centerville, Michigan, manufacturing facilities occupying 90 acres.
- **A BRAND YOU CAN TRUST...**Coachmen RV products have been on North American roads and in North American campgrounds since 1964. With over five decades of building recreational vehicles. Over 600,000 RVs built and sold we know how to design and build a reliable RV with exceptional value, dependable design, practical innovation and the comforts and features you desire.

Ram ProMaster 3500 Gas Chassis

Warranties

Motorhome – 12 month/12,000-mile ltd.

Ram – 3 Year/36,000-mile Bumper to Bumper Warranty

Ram – 5 Year/60,000-mile Powertrain Warranty

Coachmen RV and Ram have combined their decades worth of experience to introduce NOVA, a Class B Motorhome that offers the utmost in quality, luxury and value. The NOVA is built on the award-winning Ram ProMaster 3500 Gas platform with a 3.6L Pentastar V6 Engine which delivers an impressive 280HP & 260LBS. of torque while still providing excellent fuel economy of 14-18 MPG on the highway.

NOVA uses high-end components like the Truma Combi Eco Plus furnace/water heater system, Marine Grade PVC wall covering, Front and Rear Sumo Spring Suspension and custom solid maple hardwood cabinetry!

NOVA: WHERE QUALITY AND VALUE ARE #1

Go Power Solar Charger

MULTI PLEX TOUCH SCREEN CONTROL...
TANK LEVELS, AUTO GEN START,
INTERIOR/EXTERIOR LIGHTING

Truma CP Plus Control for
Truma Combi Eco Plus and
Truma Aventa 13.5 A/C

FIREFLY MULTI PLEX WIRING-CONVENIENCE!

- Control all coach lighting from the push of a button
- No more searching for light switches
- Customer can set the lighting to their preferences inside the coach
- While Multi-Plex Wiring is beneficial for convenience this technology cuts down on the amount of wire used and connections vs. a coach without Multi-Plex wiring

- Select the POWER setting and you will find the AGS or Auto Gen. Start
- This function allows you to pre-program your generator run time and your generators quiet time
- **The Auto Gen Start function also allows the customer to pre-program the generator to Auto Start at the customers desired temperature. This feature is great for those that travel with pets and must leave them in the coach without the worry of their pets getting too hot**
- The Auto Gen Start function also allows the customer to pre-program the generator to start if the coach batteries voltage draws down to a certain level
- All the above are customizable to your customers needs and camping preferences

- Convenient 2nd Multi-Plex Control panel (Coach Lighting Only) in rear of coach
- No more searching for light switches in the middle of the night

NOVA SOLAR PANELS

SOLAR FLEX™

Class B's!

TRUMA COMBI ECO PLUS FURNACE / HOT WATER HEATER

Truma Combi Eco Plus – The first forced-air combination furnace with integrated water heating function and with more than 20 years of reliable service in Europe and Australia. Truma Combi furnaces are the most energy-efficient and lightest heating systems on the market. They effectively combine warm air and hot water in one appliance. Truma Combi furnaces offer much more operating convenience by way of the digital control panel Truma CP plus.

Unique Features

- Near-silent operation
- Lightweight, space-saving solution
- Maintains constant temperature throughout RV
- Optional electric heating for furnace and water
- Highest available energy efficiency of more than 90%
- Program your timer to have hot water ready.

Be sure to let your customers know there are many videos available on YouTube on the operation of the Truma CP PLUS

TRUMA COMBI ECO PLUS FURNACE / HOT WATER HEATER

Truma Combi

Quick Reference CP Plus Functions

ADJUST ROOM TEMPERATURE

Range: 40-86°F (5-30°C)

SELECT ENERGY MODE

- a) LP gas
- b) MIX 1* - Electricity 850W + Gas
- c) MIX 2* - Electricity 1700W + Gas
- d) EL* - Electricity 850W
- e) EL* - Electricity 1700W

ADJUST WATER TEMPERATURE

A) BOILER

Hot water generator is on. Icon flashes until desired temperature is reached.

B) ECO

Water temperature is 104°F (40° C)

C) HOT

Water temperature is 140°F (60° C)

D) BOOST

Boiler content is heated quickly (boiler priority) for up to 40 minutes. The water temperature is then kept at the higher level (about 144° F (62° C) for two subsequent heating cycles. When the water temperature is reached, the room is heated again.

Truma Combi

Quick Reference CP Plus Functions - Cont.

SET CLOCK TO CURRENT TIME

SET TIME SWITCH

Set a start time and end time for room temperature, water temperature, energy mode and fan speed set points.

SETTINGS

- Index - Show version number of connected device
- Bright - Adjust backlighting
- Lang - Adjust language
- 12-24h - 12/24 hour mode
- Temp - °F or °C

Onan QG 2800i Gasoline RV Generator

Cummins Onan RV QG 2800i (formerly Onan Microlite) Lightweight, Compact and Quiet RV Generator. Microprocessor control with diagnostics and lightweight, compact design. Quietest generator sets of their size. Easy maintenance with single-side service. Completely enclosed with muffler, quick and easy to install. 3-year limited warranty, Low fuel consumption, The RV QG 2800i is a 2800-watt gasoline generator.

- Microprocessor control with diagnostics and lightweight, compact design.
- Gasoline fueled.
- Quietest generator sets of their size.
- Easy maintenance with single-side service.
- Completely enclosed with muffler, quick and easy to install.
- 3-year limited warranty
- Low fuel consumption
- 2.8kW QG RV generator set will start and run one 13500 Btu high efficiency air conditioner (15.5 amps or less) plus 600-watt base load with an additional 300 watts of power available.

Warranty policy: This limited warranty covers virtually everything except routine maintenance for the first two years you own your RV generator set and covers parts and labor on major powertrain and generator set parts during the third year. In addition, it also includes a free 90-day adjustment policy, which provides that Cummins Inc. will make minor adjustments during the first three months you own it - free of charge! Please note: This 3-year limited warranty applies to RV generator sets used in RV applications only, and does not apply to RV generator sets used in commercial mobile applications

ONAN RV QG 2800i Gas Generator Info.

ONAN RV QG 2800i Gas Generator

Microprocessor control with diagnostics and lightweight, compact design

!!!CUSTOMER SERVICE TIP!!!
MAKE SURE TO TELL CUSTOMERS WITH GENERATORS THAT THEY NEED TO FIRE UP THE GENERATOR APPROX. 1 X PER MONTH TO ENSURE PROPER FUNCTIONING!!!

XPEDITION BATTERIES 330AMP HOUR AGM BATTERY

Xpedition Batteries XP8D-330 AGM Deep Cycle, maintenance-free batteries, are designed to provide premium performance!

READY WHEN YOU ARE: Xpedition AGM Deep Cycle Batteries are deep cycle batteries that deliver high capacity from the get-go. Unlike traditional lead-acid batteries that need to be “worked up” to increase capacity, these batteries give you the range or hours of operation you need right away.

HIGH PERFORMANCE IN LOW TEMPERATURES: Batteries don’t like cold temperatures, but Xpedition AGM Deep Cycle batteries deliver more capacity than traditional lead-acid batteries, even in extreme conditions.

FORGET ABOUT ACID: No need to worry about spills or acid-residue. You’ll never need to replace a corroded chassis or damaged floors due to acid spillage.

SAVE WATER AND WORRY: Using your batteries in a remote location? Is your access limited? Maintenance-free Xpedition AGM Deep Cycle batteries are perfect for applications where watering is easily neglected or very inconvenient. Traditional lead-acid batteries are subject to reduced performance or early failure if not watered regularly.

LOW SELF-DISCHARGE: Xpedition AGM Deep Cycle batteries are the ideal solution for infrequent or seasonal use since self-discharge is significantly less than traditional lead-acid batteries. Less frequent, if any, charging is needed during storage.

WE DON’T PASS GAS: Non-hazardous, clean Xpedition AGM Deep Cycle batteries emit no gasses during normal operation. They can be used safely near sensitive equipment or people.

INSTALLATION SENSATION: Thanks to their innovative design, Xpedition AGM Deep Cycle batteries can be installed upright or on their sides, making for flexible installation options in a variety of applications.

AGM 330AMP HOUR 8D BATTERY

- 8D 330AMP HOUR BATTERY DIMENSIONS: 20.8”x 11.1”x 9.8”
WEIGHT:182LBS
- 1 YEAR WARRANTY
- Power to ALL 110V outlets when coupled with our Standard Xantrex 2000W Pure Sine Wave Invertor without needing the generator
- Located under the rear of coach on the passenger side

NOVA Safety and Convenience

Every NOVA includes the following for your protection

- **LP Leak Alarm:** Alerts you if there is an LP gas leak in the coach.
- **Fire Extinguisher:** ABC rated in the event of fire.
- **Smoke Detector:** Alerts you about smoke from a fire.
- **Carbon Monoxide Detector:** Alerts you to the presence of odorless carbon monoxide gas.
- **Coachmen's Travel Easy Roadside Assistance:** Provides 24/7 Operational, technical and emergency road service coverage.
- **System Control Center:** Allows you to monitor all your LP, Generator and Water Tanks from one easy and convenient spot inside the coach.

FOREST RIVER CARE TECHNICAL AND ROADSIDE ASSISTANCE BENEFITS

Providing safety and convenience for RVers and their families while on the road.

Forest River Care Roadside Assistance is provided to you by Forest River Inc. and powered by Specialized Dispatch Services, LLC. Your provided, first year of coverage includes emergency roadside assistance services such as towing, winch-out, jump-starts, tire changes, technical support, and more. Benefits and services are available to you for your new Forest River RV or when you are towing your new Forest River RV (does not cover additional vehicles or RVs). Learn more about **Forest River Care Technical and Roadside Assistance's** services and features below.

Towing

Towing your RV or the Tow Vehicle when towing your RV, to the nearest qualified repair facility.

Jump Starts

Jump-starting vehicles' dead batteries or towing vehicles to qualified repair facilities.

Tire Assistance
Changing flat tires using a mounted and inflated spare tire, delivering comparable tires to disablement sites, or towing vehicles to a tire facility. The cost of a delivered replacement tire, alignment, mount and dismount, and balancing is

not covered. Customers are responsible for all charges related to on-site repairs, including but not limited to parts and labor costs.

Delivery of Fuel and Emergency Fluids Delivering fuel, oil, and water, as necessary, to remedy disablements. Customers are responsible for the cost of fluids.

Locksmith/Lockout Service

Providing locksmith services, opening locked vehicles, and/or obtaining replacement keys. Customers are responsible for all charges related to on-site repairs, including but not limited to parts and labor costs.

Winch Out

For RVs that can be accessed from an established, maintained road, highway, thoroughfare, or street.

Mobile Tire Service

In the event of a tire-related breakdown, a mobile tire service company may be dispatched to mount a like tire to the customer's vehicle. Mobile tire service is not available in all areas. Towing to the nearest qualified repair facility will be provided if mobile tire service is not available. Customer responsible for all parts and labor fees.

Technical Support

Features 24/7 technical assistance from our staff of RVIA/RVDA and ASE Certified Technicians, who speak directly with customers to troubleshoot operational issues. Should you need emergency roadside assistance, our vast network of providers offers a wide range of services to handle their unique RV.

RV Mobile Mechanic

Dispatching of a mechanic to the site of mechanically-disabled vehicles. Customer is responsible for all charges related to on-site repairs, including but not limited to parts and labor costs.

Dealer Locator Services

Assisting customers to the closest qualified service facility when they're in unfamiliar territory.
