QUALITY YOU CAN COUNT ON SINCE 1903.

Dating back to **1903**, Starcraft was founded as a farm equipment manufacturer, then added marine manufacturing to its lineup, followed by tent campers in 1964. Since that time, Starcraft has earned its reputation as a well-established manufacturer of travel trailers and fifth wheels. It's a safe bet to say that a name dating back over 115 years, and a leader in the RV industry for over 50 years, will continue to prosper. With leading-edge product innovation and a customer-first focus, we look forward to seeing what the future holds. Undoubtedly, it will include **Camping, Pure and Simple.**

Go the distance with our **3-Year Limited Structural Warranty** plus a 1-Year Limited Manufacturer's Warranty—freedom from worry is your best travel companion.

Protect the environment with Starcraft **EcoAdvantage™**. Obtain peace of mind with our longstanding commitment to protecting the environment.

Welcome the weather. Extend your camping season with climate packages, featuring forced air heated and enclosed underbellies (most models). See StarcraftRV.com for more information.

NOTES

LOCAL DEALER INFO

From sales to service, Starcraft dealers are an integral part in making **Camping, Pure & Simple**. Establishing a great relationship with your local Starcraft dealer is a key component in the enjoyment of your new Starcraft. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

903 S. Main Street | Middlebury, IN 46540 USA | (800) 945-4787 | STARCRAFTRV.COM

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight." UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight. It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart on the respective pages of this brochure.
