COVERAGE & TERM

\$5,000 cash benefit in the event the vehicle/unit is stolen and not recovered.

TERMS

3 or 5-year term options available. Cellular service for device is included for entire term at no additional charge.

ELIGIBILITY

All Auto, Powersport and RV units, regardless of age, are eligible for coverage. Theft deterrent device must be installed for vehicle/unit to be eligible for coverage.

DEVICE COST

\$138 per unit, includes cellular data service for entire term. Stand-alone device pricing ordered directly from device manufacturer. Product will not be stocked by NAE and cannot be marked up unless pre-purchased by agency and resold to dealer. All-inclusive pricing is not available.

DEVICE INSTALLATION

Installation is quick and requires no hardwiring into the vehicle/unit. Recommended installation is in the spare tire well or in a rear storage compartment.

DEVICE FUNCTION

The device operates on the CATM1 LTE network. It is designed for ultra-low power consumption with deep sleep mode. It is also designed for deeper building penetration for cellular coverage than any of the current technologies on the market.

DEVICE OPERATION

The location will be reported once every 24 hours. In the event of vehicle/unit theft, once the customer has notified law enforcement, the device will update the vehicle/unit location every 10 minutes to allow for vehicle/unit recovery.
