Jayco®

AMERICA'S MOST LIVEABLE RVs.

TRUE VALUE OF OWNERSHIP

With Jayco, you get more amenities, more liveable, home-like features and superior construction for better durability and greater resale value. **Simply put, you won't find another RV packed with more TRUE VALUE — from the time of purchase to the time you sell.**

- + 2-year warranty
- + more standard features
- + more brand-name components
- + less maintenance
- + better resale value

True Value of Jayco Ownership

Learn more about Jayco's True Value by finding the blue arrows  throughout this brochure.

AMERICA'S MOST LIVEABLE RVs.

CERTIFIED GREEN

All Jayco products are green certified by TRA Certification Inc., an independent, third-party certification agency. The Jay Feather earned gold certification through the use of sustainable materials, environmentally-friendly production methods, energy-efficient components and reduction of waste.

WARRANTY

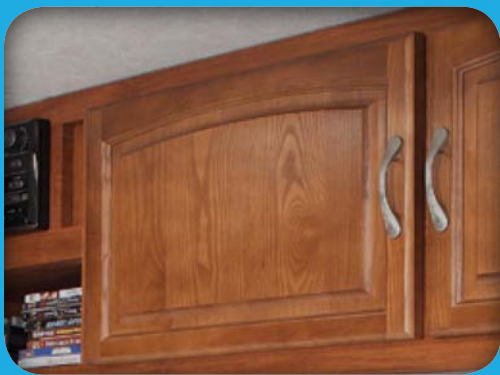

WE BACK OUR PRODUCTS FOR 2 YEARS. ASK OUR COMPETITION WHY THEY DON'T.

You want your RV to last a long time. And nobody backs their RVs better than we do. Our exclusive two-year Co-Pilot Warranty is the best in the business and provides assurance that you'll enjoy your purchase for many years.

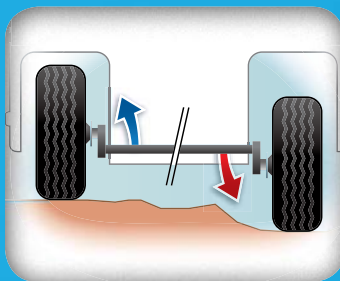

The light-weight champion.

Jay Feather is the perfect combination of value, practicality and liveability, with many standard features that are only available as options in similar RVs. Light enough to be towed by most SUVs, minivans and crossovers, yet expandable enough to fit most families, Jay Feather delivers heavy-weight performance in a light-weight package.

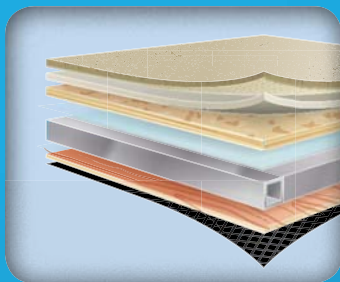

↑ CRAFTSMANSHIP

The Jay Feather's Concord Cherry cabinetry, built using Amish craftsmanship, brings beauty and functionality to your living space.

↑ EASY TOWING

Jay Feather's rubberized suspension system makes for safe driving and easy towing.

↑ DURABLE CONSTRUCTION

Just because you're giving up weight doesn't mean you're giving up durability. Unlike the competition, we vacuum bond more than just the sidewalls; we also vacuum bond the roof and floor for long-lasting durability.

JAY FEATHER

Sport Series

SPACE TO LIVE

There's no need to give up space or amenities with the Jay Feather Sport Series. Expandable sleeping areas provide plenty of room to stretch out at night, while full-featured kitchens and bathrooms make getaways comfortable, memorable and stress-free.

EXTENDED SPACE

With well-designed interiors and efficient use of space, the Jay Feather Sport Series comfortably sleeps up to six people.

CONVENIENCE

Modern kitchens, brand-name appliances and light-weight materials make the Sport Series perfect for quick trips and weekend getaways.

JAY FEATHER

Select Series

ROOM TO GROW

Live large and tow small with the Jay Feather Select Series. Hard-wall slideout rooms or expandable beds provide sleeping for up to nine people, perfect for families who want the ease of a smaller trailer but need the amenities and interior space of a larger model.

REFRESHING

Jay Feather Select Series features a full bath with all the comforts of home in a compact, well-designed space.

ULTRA LIGHT

An ultra-light steel frame makes the expandable 10-15 percent lighter than most conventional travel trailers without sacrificing durability.

↑ LIVEABLE FEATURES AND AMENITIES

Every Jayco comes packed with features and amenities designed to make your life easier and family time more enjoyable.

ADDITIONAL BUNK BEDS

With 18 floorplans to choose from, there's plenty of room for everyone.

WATER-REPELLENT

Jay Feather's double-stitched DuraTek tent material is strong and breathable (expandables).

EXTERIOR SPEAKERS

Enjoy your music outside with our high-output, marine-grade exterior speakers.

TRIPLE SEAL SYSTEM

A triple-seal slideout system keeps moisture out when you spread out.

AERODYNAMIC

With Select's aerodynamic front profile, Jay Feather is easy to tow.

STORAGE SPACE

There's plenty of room for all your stuff with Jay Feather's innovative use of space.

A TRADITION OF LIVEABILITY

Starting with our first lifter system for fold-down campers in 1968, which made for an easier, more enjoyable camping experience, Jayco has always been about liveability. Today, we're the world's largest family-owned RV manufacturer, yet our priorities remain the same: making RVs more liveable and family time more memorable.

www.jayco.com

DUAL-VIEW HDTV

A 180-degree swivel lets you watch HDTV in the living area or bedroom (select models).

ELECTRIC AWNING

With the Select Series' Carefree adjustable electric pitch patio awning, you can spend more time outdoors while protecting yourself from the rain or sun.

TRUE VALUE OF OWNERSHIP

With Jayco, you get more amenities, more liveable, home-like features and superior construction for longer durability and a better resale value. Simply put, you won't find another RV packed with more *true value*—from the time of purchase to the time you sell. Don't believe us? Run through this list. The check marks don't lie.

US THEM

2011 JAY FEATHER

- Goodyear radial tires
- 22" LCD HDTV with 180-degree viewing (select models)
- 5" bed mats on expandable beds

AMERICA'S MOST LIVEABLE RVs.

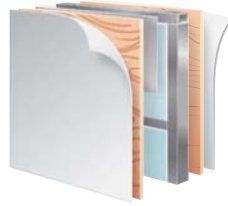

Jay Feather

LITE WEIGHT TRAVEL TRAILERS BY JAYCO

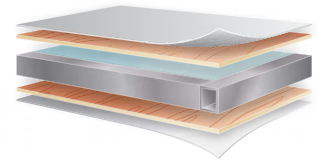

FLOOR

Vacuum-bonded lamination joins our aluminum frame with bead-foam insulation and decking to create one of the strongest foundations in the industry (all Select and expandable models).

WALLS

TuffShell vacuum-bonded lamination combines welded aluminum frames, fiberglass sidewalls and metal backers to create a durable structure designed to withstand use and travel.

ROOF

We vacuum bond and laminate welded aluminum framing and bead-foam insulation between two layers of luan plywood, then cap it off with a seamless layer of rubber that protects against moisture and resists aging (all Sport and expandable models).

DURABLE TENT DESIGN

Setup is quick and easy with sectionalized tents, featuring a unique permanent tent-to-bunk attachment system (expandable models).

↑ JAYCO CONSTRUCTION

See the difference.

At Jayco, we've built a reputation for superior construction and craftsmanship. We always use top-quality materials and production techniques, giving our products reliable resale value and our owners peace of mind.

◀ INSIDE ENGINEERING

Much of what gives a Jayco its reputation for durability and strength is inside the walls and under the chassis. Jay Feather features ① Goodyear radial tires, ② an aerodynamic front profile, ③ welded aluminum framing, ④ a sealed underbelly, ⑤ an ultra-light steel frame, ⑥ independent rubberized suspension and ⑦ a Carefree adjustable electric awning.

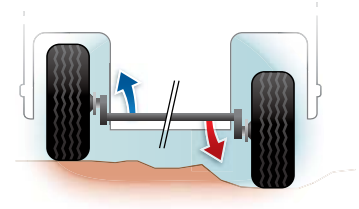

PREMIUM STEEL FRAME

The Jayco I-Class structural steel I-beam frame makes Jay Feather Select stronger and more durable than our competitor's standard welded I-beam frames, which can warp over time.

50-LB. CAPACITY DRAWERS

Our new residential-style ball bearing drawer guides provide smooth operation and full-drawer extension, for a stronger, more substantial drawer and a true home-like feel.

INDEPENDENT SUSPENSION

Rubberized independent torsion-axle suspension makes towing easy and smooth, giving you peace of mind even when pulling your Jay Feather with a SUV or crossover* (all Sport and expandable models).

*Consult with your authorized automobile manufacturer and vehicle manual.

↑ JAYCO CRAFTSMANSHIP

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations and skilled seamstresses who produce our upholstery, bedding and draperies with great attention to detail.

AMERICA'S MOST **LIVEABLE** RVs.

INDUSTRY-LEADING WARRANTY

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.

OVER 300 LOCAL DEALERS

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

Jayco dealers are required to deliver all products at the site of the sale to provide a full product orientation and walkthrough at the time of delivery. It's a good way to become familiar with your Jayco and to meet the service, parts and warranty staff members who will be assisting you. If you live in Canada, there are regulations that must be met when buying a Jayco RV. Your local Canadian dealer is a professional at meeting these requirements and regulations. There simply is no substitute for a good relationship with your local Jayco dealer.

1-YEAR ROADSIDE ASSISTANCE

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free travelers checks
- Toll-free nationwide service appointment assistance
- 24-hour toll-free emergency message service
- Free custom trip routing and full-color map service
- Free dispatch of on-site mechanical service
- \$2,000 trip-interruption reimbursement
- RV technical assistance hotline
- Free towing to nearest qualified service

Your Jayco Dealer

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart inside.
