TRAVEL STAR EXP

EXPAND YOUR HORIZONS.

Travel Star EXP models let you maximize your living space in a compact, easy-to-tow camper. Featuring impressive style and comfort, they also offer the peace of mind of Starcraft TuffShell™ construction and AquaShield Aqualon water-repellent sectionalized tents.

A Upscale amenities include a three-burner range, large refrigerator and a double sink with a high-rise pull-down faucet.

B Select floorplans feature a large U-dinette, and the 239TBS has the added convenience of a dinette slide-out. This remarkable layout also features three queen beds, each with ultra-plush bunk mats.

C You can count on Starcraft for plush, durable upholstery that enhances your interior decor and is up to the challenge of all your camping adventures.

TWO-YEAR WARRANTY

At Starcraft we are proud to back our RVs with a two-year manufacturer's limited warranty. For a copy of the two-year limited warranty with full terms and conditions, ask your local Starcraft RV dealer.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. **Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC. **Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC. **Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight. It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart on the respective pages of this brochure.
