Some specs at the time of print may include estimates. For the most accurate information, please visit Jayco.com.

*Split tanks

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of the trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists estimated weight information for that vehicle. See specifications chart above.

WHITE HAWK COMPETITIVE ADVANTAGES

WARRANTY

Travel with Confidence

NO ONE OFFERS A BETTER WARRANTY

At Jayco, we build our RVs to handle every adventure, then back them with our **industry-leading 2+3 warranty**. Our 2-year limited warranty has you covered for 2 camping seasons. That's **730 days**. In addition, our 3-year structural warranty has you covered for **3 camping seasons or 1,095 days**. You won't find a better warranty in the business, because the only strings we attach are those that deliver the ultimate in reliability. That's the Jayco difference. So go explore. For a copy of our 2-year limited + 3-year structural warranty with complete terms and conditions, please contact your local Jayco dealer.

MADE IN USA

Featuring Durawall®
Technology - ENGINEERED
to help you tow with confidence

JAYCOMMAND™

The JAYCOMMAND™ system puts RVers in full control of their unit. The system was custom-built by our product development teams along with OneControl®, so that owners can **monitor and control key RV operations from a phone or a tablet.**
