

COMMERCIAL PRODUCTS

ARE

WHY BUY A.R.E.?

UNMATCHED SERVICE:

Industry leading support from over 700 dealers & partners throughout the US and Canada.

BUY WITH CONFIDENCE:

Limited lifetime warranty on all fiberglass caps and covers.

MADE IN THE USA:

Every order is custom built right here in the US.

INNOVATION LEADERS:

Our focus is to live outside the industry norm – designing and developing the most advanced products.

ISO CERTIFIED:

We are the first and only ISO certified truck cap and cover manufacturer in the US.

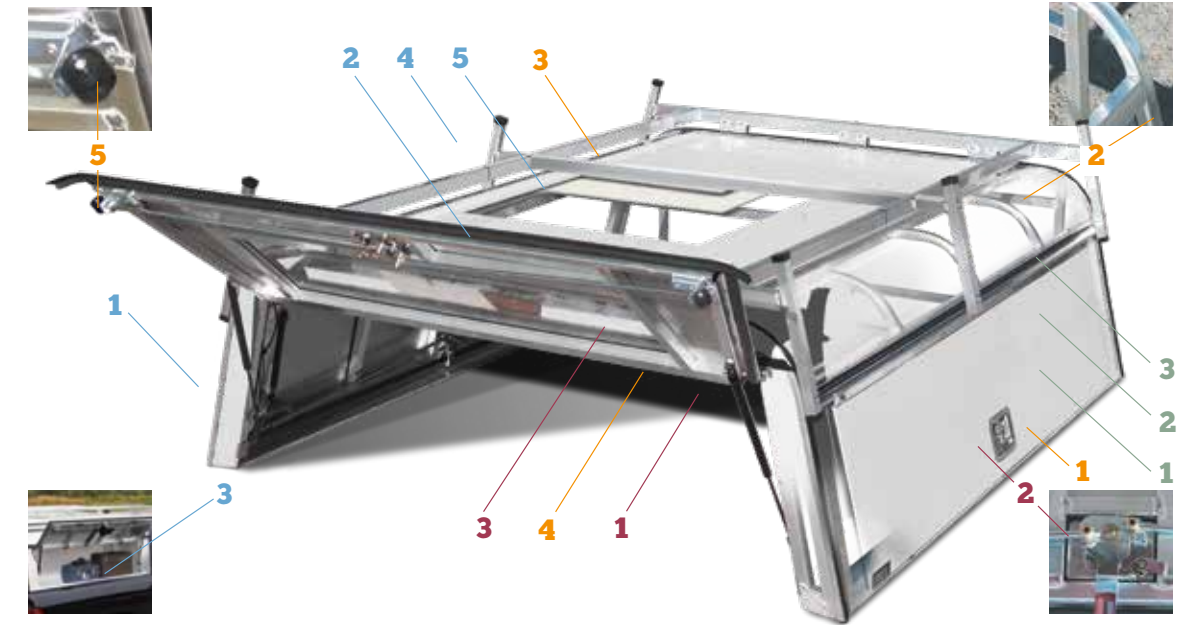

OUTFIT TO LAST

For 50 years we have been covering truck beds with the most innovative, highest quality caps and covers built in the heartland of America: Northeast Ohio. We know you love your truck, which is why our passion is to manufacture the perfect companion for your truck, backed by the industries best support and warranty. Take a look around, we believe you'll see exactly what you need to outfit your truck for life.

GET TO WORK WITH A COMMERCIAL ALUMINUM CAP

THE RIGHT TOOL FOR YOUR TRUCK

A.R.E.'s rugged welded frame construction offers years of durable service, no matter what the weather or job. Each unit has weather-sealed doors with gas props, heavy-duty hinges, and automotive-style locks to protect your valuables.

DCU MAX™

**DCU
DIAMOND EDITION™**

OPTIONS

- 1 Height** – A.R.E. has four standard heights plus three wedge heights to meet your specific capacity needs. (Height and wedge availability varies by model.)
- 2 Rear Doors** – A.R.E. offers many door styles for your rear access needs.
- 3 Side Toolboxes** – Toolboxes are made of .036 galvanized steel with a baked white coat or .063 diamond plate, depending on model. The bins can be customized to include dividers and fold-down shelves.
- 4 Roof Racks** – A.R.E. offers many different racks to meet your specific hauling needs. Extra cross bar supports are available.
- 5 Vapor Barrier Insulation** – Optional dark gray headliner provides protection from condensation.

STRUCTURE

- 1 Baserails** – 0.80" thick T6 aluminum baserails with MIG welded corners provide a strong foundation.
- 2 Structural Tubing** – .050" thick T6 aluminum tubing framework with TIG welded joints provides strength and support with minimal weight.
- 3 Exterior Skin** – .035" (DCU®), .063" (DCU MAX™) or .063" diamond plate (Diamond Edition DCU™) thick aluminum exterior skin for superior structure.
- 4 Door Frames** – A.R.E. builds all styles of doors with the same .050" thick wall tubing used in the body frame. All TIG welded joints and continuous hinges assure alignment and durability.
- 5 Roller Rods** – One-hand operation to provide easy access and improved seal.

FINISH

- 1 Body Colors** – A.R.E. offers our DCU® in white, light gray or black and our DCU MAX™ in white. The color is baked enamel finish applied to the aluminum skin at the mill. The color is not meant to provide a match to any OEM truck paint, but is intended to accent the truck's appearance without the cost of custom painting.
- 2 Custom Axalta® Paint Finishes** – Optional two-stage ChromaPremier® paint is offered in any OEM or fleet color code formula. Applied in our downdraft booths and baked on for durability.
- 3 Trims** – Edge trims are offered in black or white.

COMPONENTS

- 1 Gas Props** – Our gas props are set to the optimal pressure to assist in lifting and closing each cap door.
- 2 Latches and Locks** – The folding T-grip latch handle is durable and offers top security. The cam action deadbolt lock rods with the center point lock provide lifelong trouble-free operation. All latches and locks have 500 hours non-corrosion finish.
- 3 Windows** – A.R.E. offers radius dark tinted tempered safety glass in all doors. Optional heavy aluminum mesh security screens deter unwanted entry.

BUILD YOUR PERFECT ALUMINUM CAP

Follow these 12 steps and check options clearly. Consult your local A.R.E. dealer for more details or with questions regarding any of the options shown here.

1 CHOOSE YOUR MODEL

DCU (.035")

- Strength and durability for everyday use
- Heavy-duty .035" aluminum skin
- Standard 1/2 rear door
- Standard full length side door
- Available in wedge style
- Galvanized steel toolboxes with baked white coating

DCU MAX™

DCU MAX (.063")

- Increased strength and durability for the toughest work environments
- Heavy-duty .063" aluminum skin
- Stainless steel strap hinges on double or single full doors
- Galvanized steel toolboxes with baked white coating

DCU DIAMOND EDITION™

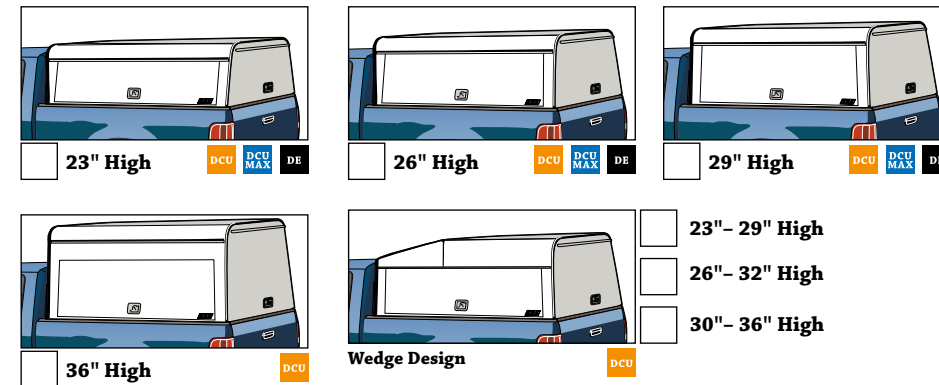

DE Diamond Edition DCU (.063" Diamond Plate)

- Increased strength and durability for the toughest work environments with added style
- Heavy-duty .063" diamond plate aluminum skin
- Stainless steel strap hinges on double or single full doors
- Diamond plate toolboxes

2 CHOOSE A CAP HEIGHT

A. Select the appropriate height for your needs. Consider headroom, accessibility and the amount of overall space you need.

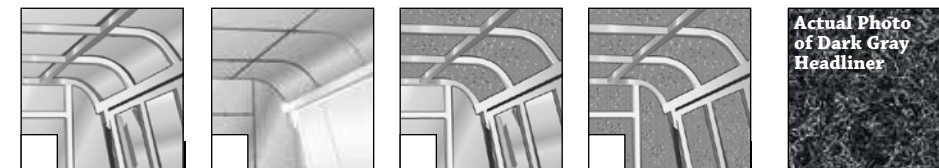

3 CHOOSE A COLOR AND INTERIOR OPTIONS

A. Choose from one of our standard colors or have your cap painted to match the truck manufacturer's paint code.

B. Choose from our interior upgrade options based on your needs for added security, strength or insulation.

200 LBS TOOL BOX 550 LBS ROOF RACK

CONTRACTOR-GRADE DURABILITY

There has never been a stronger and more durable fiberglass truck cap than the new A.R.E. HD™. Available for our CX and MX cap profiles, the HD™ features an internal skeleton which triples the weight capacity of the roof rack and side toolboxes. If you test the limits of your truck, and need your cap to be up for the challenge, the A.R.E. HD™ truck cap is the only choice!

OPTIONS

- Available for our CX or MX cap profiles
- Rear Doors – Aluminum paneled door with folding T-handles.
- Side Toolboxes – Diamond plate toolboxes depth 12"–16" depending on truck model (200 lb weight rating per box).
- Roof Racks – 3 different racks to meet your specific hauling needs.

STRUCTURE

- Sandable Primer Gelcoat
- Unique Polyester Resin Fiberglass Laminate
- Low Filled Resin Fiberglass – Resin fiberglass provides a superior structure.

FINISH

- Body Colors – A.R.E. offers our HD cap in any color to match your truck body.
- Clear Coat Exterior – Lasting paint protection.
- Automotive Grade Paint – Two-stage ChromaPremier® paint is offered in any OEM or fleet color code formula.

HD SERIES WARRANTY

A.R.E. warrants to you, the original retail purchaser of an A.R.E. HD™, that the body will be structurally free from defects in material and workmanship for as long as you own your cap and the original vehicle. The body includes the fiberglass shell and mounting rails only. A.R.E. warrants to you, the original purchaser, for as long as you own your cap that the exterior paint will not abnormally fade or peel due to material or workmanship defect faster than the original pickup it was installed on by an authorized A.R.E. retail dealer.

The internal skeleton frame will be warranted for three (3) years from your retail date of purchase against failure due to defects in material and workmanship.

All other hardware will be covered under standard A.R.E. fiberglass truck cap warranties.

The A.R.E. HD™ has been designed to carry 550 lbs evenly distributed on the HD™ roof rack and 200 lbs evenly distributed in each toolbox.

CAUTION: The weight of this product and the weight of the cargo it was designed to carry may be more than your truck was designed to carry on the bed rails. Please consult your truck manufacturer.

WARNING: The use of this product may raise your vehicle's center of gravity, especially when loaded. Higher center of gravity is known to increase the chance of vehicle rollover.

TRUST THE LEADER

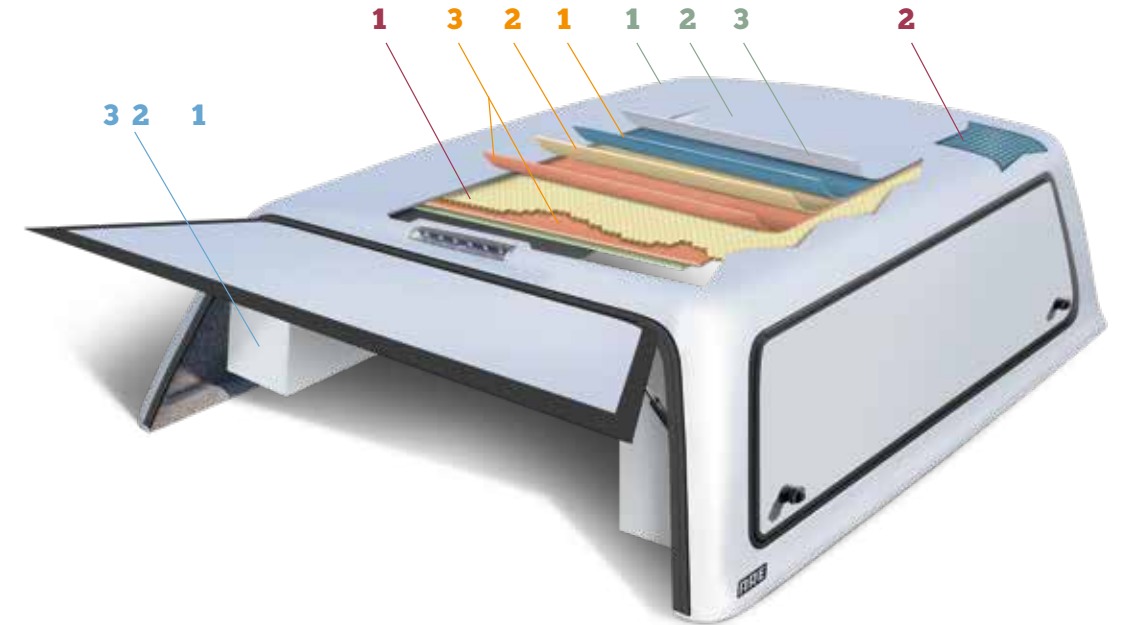

When you purchase our cap for your truck, you have 700 A.R.E. partners across North America ready to serve you. Major leasing companies rely on A.R.E. to provide caps and service to thousands of vehicles they own nationwide. You deserve the same peace of mind that they enjoy. See your local authorized A.R.E. dealer today to order the work cap that meets your needs.

DOUBLE COVER™

FUNCTIONALITY MULTIPLIED

Reimagine what you thought about bed covers. Trying to decide between a retracting cover or a hinged cover? Don't. The DoubleCover allows you to have quick bed access with its heavy-duty front hinge, but also achieve full bed access with its retracting feature. Designed to take your truck to the next level in functionality and looks, the DoubleCover is a great solution for today's trucks.

STANDARD FEATURES

- Lifts up and retracts
- Open canister for easy clean out
- Center lock
- Recessed side handles for retracting
- Aluminum construction with powder coat finish

LIFTS UP & RETRACT

FUSION

PURPOSE FOCUSED, STYLE DRIVEN

Our belief has always been that you shouldn't have to sacrifice style for function. The Fusion combines tri-fold accessibility with paint-to-match finishing. Whether you need your truck to be your work companion all day or want a more stylish look when you are off the jobsite, the Fusion is your trucks perfect complement.

STANDARD FEATURES

- Tri-fold cover
- Paint-to-match panels
- Carpeted under panels
- Low-profile design
- Universal tailgate operation
- L-rail for quick and easy install
- Battery operated L.E.D. light

3DL™

UNPARALLELED ACCESS

A.R.E.'s Commercial Division is expanding its product line with the 3DL™. Available for many of today's trucks. This tonneau cover exemplifies another innovative design from A.R.E. that makes loading and unloading easier for service workers. The 3DL™ turns the bed of the truck into an organized and readily accessible tool container that keeps dust and other elements out.

STANDARD FEATURES

- Two doors on each side
- The entire cover opens effortlessly from the rear of the truck using a hinge system at the front of the cover
- Roller rods for side doors allow for one-hand operation to provide easy access and improved seal
- Painted-to-match
- Design offers the driver excellent rear visibility from the cab of the truck
- Designed to keep products secure and out of sight
- Patented Palm Handle (black)

OPTIONAL FEATURES

- Remote keyless entry
- Rival LED strip lighting technology to illuminate the bed
- Diamond plate toolboxes

SPECIFICATIONS

- Adds over 4" above the truck bed rail of additional storage space

OPTIONAL DIAMOND PLATE TOOLBOX

RIVAL LED ROPE LIGHT OPTION ACTIVATED WHEN ANY DOOR OPENS

REMOTE KEYLESS ENTRY OPTION

LSII™

#1 FIBERGLASS TONNEAU COVER

The LSII™ offers truck specific styling, premium components and a unique lift assist system for user friendly opening and closing. With a sleek, clean appearance, a proven lock/latch system, a dry and out-of-sight storage area for tools and equipment and better rear visibility when backing up, this industry-leading tonneau cover is a best seller, and for good reason.

The LSII™ gives technicians and supervisors who live in gated communities with vehicle restrictions the ability to take their work trucks home.

STANDARD FEATURES

- Paint-to-match
- Slam latch system
- Lift assist arms
- Dark gray headliner
- Automotive grade lock system
- Continuous front hinge

POPULAR OPTIONS

- Rival by A.R.E. LED lighting
- Keyless entry

Powder coated industrial 4" high extruded 6061-T6 aluminum side rails with a slot style infinitely adjustable tie down track around all 3 sides, and includes 4 adjustable marine-grade tie down eyebolts to make securing cargo easy and versatile. 8" high side extensions on the first 4' of the slide at the cab end, helps contain more cargo.

CARGOGLIDE® CARGO MANAGEMENT SOLUTIONS

The Easiest Way to Load and Unload

Say goodbye to the aggravation of a normal truck bed. With a CargoGlide® bed slide, you can stop crawling in the back of your truck or van every time you need to reach your gear. So stop scuffing your knees and breaking your back! Install a CargoGlide® in your truck and get your gear and materials out where you need them!

CargoGlide offers models that hold 1,000 lbs., 1,500 lbs. or even 2,200 lbs. Their full extension models slide out of the bed 100%, so you can eliminate the risk of injury for you or your employees.

Combined with an A.R.E. Truck Cap or Cover, the CargoGlide allows you to get maximum use out of your truck bed!

TRUCKVAULT® 2-DRAWER BED STORAGE SYSTEM

- Comes standard with two drawers, and folding t-handle lock
- No-drill turn buckle installation
