PROTECTION SYSTEMS

For New and

Pre-Driven

Recreational Vehicles

ADD VALUE TO YOUR RV

ENVIRONMENTAL PAINT PROTECTION SYSTEM

Top of the line Paint Protection utilizes professional multi-step installation process to insure proper application and maximum protection from the potentially disastrous effects of the environment on the painted surfaces of your RV.

Professionally applied protection against damage caused by weather induced fading, weather induced chalking, weather induced loss of gloss, acid rain, tree sap, hard water spots, ocean spray, de-icing agents/road salt, paint overspray, brake and rail dust, bird waste, or insect damage. *

FABRIC / CARPET PROTECTION SYSTEM

Surrounds and seals each individual fiber of your RV's carpet and fabric upholstery with an invisible protective barrier so that most stains will not set. Unique formula preserves showroom look, does not alter original color or texture, allows fabric to breathe and retain softness, while providing an extra "layer of protection" against surface dirt and staining.

Professionally applied protection against fast food, beverage stains, baby oil, lubricating oil, bleaches, dyes, inks, fading, discoloration, sun's UV rays, mold, mildew, chewing gum, crayons, lipstick and makeup, blood and bodily fluids (including those caused by pets). *

*See actual warranties for complete details of coverage

LEATHER / VINYL PROTECTION SYSTEM

Maintains showroom richness, beauty and integrity of interior leather and vinyl trim, seats, and dashboard areas in your RV. Deep penetration and advanced conditioning formulas preserve and protect leather and vinyl from within for years to come by sealing in and enhancing properties of original protective lubricants contained in material at time of manufacture. Leather and vinyl stays soft and supple while being perpetually protected from the internal and external ravages of sunlight, dryness and temperature extremes of heat and cold.

Professionally applied protection against fast food, beverage stains, baby oil, lubricating oil, bleaches, dyes, inks, fading, discoloration, cracking of the dash, sun's UV rays, mold, mildew, chewing gum, crayons, lipstick and makeup, blood and bodily fluids (including those caused by pets). *
