FIVE UNMATCHED FEATURES!

The image shows the iN-Command control system, which includes a tablet and a smartphone. A circular inset shows a close-up of the control panel with a blue 'X' over it, indicating that the physical buttons are not used.

1 **iN-COMMAND CONTROL SYSTEM**

The image shows a cutaway view of the OmniChill A/C system, highlighting the triple 3/4-ton residential units. The text 'OMNICHILL WITH X3 TECHNOLOGY' is prominently displayed at the top.

2 **TRIPLE 3/4-TON RESIDENTIAL OMNICHILL A/C SYSTEM**

The image shows a 4G LTE Wi-Fi router with three antennas. A circular logo next to it says 'Secure Simple Internet Anywhere' and 'Wi-Fi Connect'.

4 **4G LTE WI-FI ON BOARD**

The image shows a green adjustable tie-down strap with a metal hook, used for securing cargo.

5 **ADJUST-A-TRACK TIE-DOWN SYSTEM**

The image shows the interior of a utility center with a flip-down storage shelf. Various tools and supplies are neatly organized on the shelf.

FUZION SECURE STEP

Fuzion's innovative Secure Steps store inside the RV entrance, offering a sleeker look to the exterior and more effectively protecting your RV steps from the rigors of the road. Its lightweight design makes it easy to lower and raise, offering quick and simple set up.

CONSTRUCTION // // KEY FEATURES

EXCLUSIVE KEY-SHIELD PAINT TECHNOLOGY

Fuzion front cap is painted with our Exclusive Key-Shield paint technology.

EXTREME TESTING

At Fuzion we test all new models to make sure they are going to perform in any condition.

EXCLUSIVE FUZION SUPER STORAGE

Fuzion is the only toy hauler that keeps your belongings in mind with the Fuzion Super Storage. The Super Storage capitalizes on space like never seen before.

HEAR AND SEE THE DIFFERENCE WITH JENSEN ENT. PACKAGE W/ J CONTROL

JENSEN® now offers app control technology with the JControl app. Control these primary functions of the JWM9A entertainment system directly from any Bluetooth-enabled mobile device.

- Power
- Volume and mute
- Radio station selection, recall, & store
- DVD/CD player control
- Bluetooth streaming audio
- Source selection
- Smartphone charging and control via USB
- Speaker zone selection (A/B/C)
- Audio menu: bass, treble, balance, fader and speaker
- Displays track/track, artist and title info
- Clock, alarm and sleep timer

Feature functions may vary based on device operating system and version.

JCOM interface simplifies A/V operations via a single HDMI cable. Simply inserting a DVD automatically powers on both the stereo and JENSEN™ TV and changes them to DVD source and HDMI input. One motion and the movie is ready, eliminating the need for multiple remote controls and input selections.

ARC (Audio Return Channel) allows the audio from broadcast TV channels to be digitally returned via a single HDMI cable through the stereo system speakers. Benefits include stereo level sound quality and crisp, clear sound with all-digital connectivity. When used with the JControl app on iOS and Android smart devices, ARC can be disabled to allow for simultaneous use of the TV and stereo.

JWM9A
16x6, 12 volt, home theater style stereo unit with all-digital connectivity, including Apple® iPod connectivity (iPod/iPad/iPhone), also features multi-processor AM/FM tuner, reflexive live audio output, digital audio input and remote control. Dimensions: 17" W x 5.5" H x 7" D

FUZION BLIZZARD PACKAGE

Fuzion's Blizzard Package offers the best in the industry when it comes to high tech insulation. Don't be fooled by advertisements which claim "Tested to Zero Degrees". Ever ask them if it passed or failed?

R-31 RADIANT FOIL TECHNOLOGY (RFT)

This insulation is used in the floor, wrapped around all of the holding tanks, used in the ceiling and wrapped around the front of the unit under the cap and in the goose-neck floor resulting in an R-factor of 24 under the bedroom.

HEAT PADS FOR HOLDING TANKS

You will not have to resort to running your furnace to keep your tanks warm from the elements, our holding tank heat pads are specifically designed for your Fuzion holding tanks.

DUCTED GARAGE HEATING

To enhance the RFT's ability to maintain temperatures, we duct heat into the garage and the pass through compartment. This process exceeds most of the competition who claim the compartments are heated while it is only a heat duct passing through without a register delivering hot air!

VENTED ATTIC

Fuzion also installs two attic vents helping to eliminate the possibility of condensation build up in the roof insulation.

6 POINT HYDRAULIC AUTO LEVELING SYSTEM

This system has the strength to lift 60,000 lb. off the ground-need to change a tire? No problem! Most importantly though, is the ease of use. One touch and the coach levels itself.

Hitch memory remembers the point at which you unhook from the truck so when it comes time to hitch back up-press a button and you are back at that height! Other brands use an electric system which is slower, weaker, and you have to pull the pins on all 6 legs to get them to drop!

FUZION

INNOVATION THAT STARTS WITH A SOLID FOUNDATION

FUZION SETS THE STANDARD IN TOY HAULER CONSTRUCTION. NO OTHER BRAND CAN OFFER YOU THIS SOLID FOUNDATION

- 01 EXCLUSIVE COLOR CODED WIRING
- 02 RESIDENTIAL HEAT-DUCT SYSTEM
- 03 SUPERCHARGED A/C COOLING SYSTEM
- 04 6 LAYERS OF CAP PROTECTION
- 05 TRUE-FIT SLIDE TECHNOLOGY
- 06 MOR/RYPDE CRE 3000 SUSPENSION
- 07 4 STAGE QUALITY CONTROL PROCESS
- 08 EXCLUSIVE ADJUST-A-TRACK SYSTEM
- 09 FAST TRACK PATIO SYSTEM 2.0
- 10 INDUSTRY'S BEST 3 YEAR WARRANTY

02 IN-FLOOR RESIDENTIAL HEAT-DUCTS

FUZION

COMPETITOR

RESIDENTIAL IN-FLOOR HEAT-DUCT SYSTEM JUST LIKE IN YOUR HOME

- A. In-floor, hot air vents spaced for greatest comfort, distributes heat evenly and warms the floor
- B. Competitors heat vent locations are determined by cabinets, causing hot and cold spots. Hot air is supplied through restrictive hoses.

03 SUPERCHARGED A/C COOLING

TUF-LOK THERMOPLASTIC COUPLERS FORM A PERMANENT, CRUSH-RESISTANT SEAL IN YOUR AIR-CONDITIONING DUCT

- A. Securely joins ductwork and air-conditioning units, crush-resistant design won't pull apart due to rough roads, heat and stress
- B. Drastically reduces chilled-air leaks to boost cooling efficiency and comfort
- C. Circular race-track style ducting improves performance over competitors that use "figure 8" style that causes additional resistance and turbulence.

01 WIRED FOR PERFORMANCE

THE ONLY TOWABLE MANUFACTURER TO INCORPORATE COLOR-CODED AND NUMBERED ELECTRICAL WIRING ON ALL PRODUCTS

- Creates a clean, well organized wiring layout
- Makes it easy to trace electrical circuits and saves troubleshooting time

04 6 LAYERS OF PROTECTION

FUZION CAPS ARE FULLY PAINTED AND CLEAR-COATED IN OUR IN-HOUSE STATE OF THE ART PAINT FACILITY

- Backed by 3-year fade and chalk limited warranty
- With optional Full Body Paint, KeyGuard chip and rock protection is applied to the lower front area

MOST RELIABLE PRODUCTS IN THE INDUSTRY / QUALITY, PROCESS DRIVEN MANUFACTURING / CONSUMER FOCUSED PRODUCTS

05 TRUE-FIT SLIDE TECHNOLOGY

TRU-FIT FIVE-POINT SLIDE ROOM CONSTRUCTION BACKED BY THE INDUSTRY'S-BEST 3-YEAR LIMITED STRUCTURAL WARRANTY

- Rain channels direct rain away from the slide openings
- Exterior bulb-seals in a locking track stay secure through extreme heat and cold
- Composite slide-room "glide" bar enables the room to move with no binding
- Reinforced roof, walls and floor
- Beefed-up aluminum header above slide room for greater strength

06 MOR/RYPDE CRE 3000 SUSPENSION

MOR/RYPDE CRE 3000 SUSPENSION

- The MOR/Ryde™ CRE 3000 Suspension increases dynamic axle travel by up to 3 inches!
- Increased travel means smoother towing, improved towability and better protection from damaging road shock.

07 BEST-IN-INDUSTRY 4 STAGE QUALITY PROCESS

08 ADJUST-A-TRACK SYSTEM

EXCLUSIVE FUZION ADJUST-A-TRACK FRAME WELDED TIE DOWN SYSTEM

- Fuzion's Adjust-A-Track is the most rugged, toughest tie-down you can find in any toy hauler. Welded into the frame, each tie down can support 5000 pounds.
- Because your toys are important, be sure your new toy hauler is a Fuzion with the Adjust-A-Track.

09 FAST TRACK PATIO SYSTEM 2.0

FUZION FAST TRACK PATIO SYSTEM 2.0

- Fuzion's exclusive Fast Track Patio System makes it easy to set up your toy hauler patio in under 1 minute. Because the patio rails are not attached to the ramp, the door is lighter and easier to open and close. Plus, unloading your toys is now so simple.
- By not attaching the patio to the ramp door, this makes the ramp door approximately 60 pounds lighter and much easier to open and close than the patios with the old fashioned systems.
- The lightweight skid-resistant steps attach to the patio in just seconds. They are formed from aluminum and include a collapsible grab handle for extra security.

10 INDUSTRY'S BEST 3 YEAR WARRANTY

INDUSTRY'S BEST 3 YEAR LIMITED STRUCTURAL WARRANTY

- The limited structural warranty covers your rv for a period of three (3) years from the date of purchase by the original owner. (SEE WARRANTY SHEET FOR COMPLETE DETAILS)
