We have had our Keystone Fuzion Impact 415 for just over 2 years now and are still loving it. This 44' trailer gives us plenty of living space and a huge 15' garage for our three dogs, three growing boys and ALL of their toys. We love the freedom that our off the grid generator, large tanks, on-board fuel, upgraded Dragonfly Batteries, and SolarFlex System give us to go where ever we want without the need for power or hookups. Also, it was an added bonus I could get into such a big RV while keeping our 2011 F-350 Super Duty and not needing to get a dually.
