FLOOR PLANS

The ENVISION floor plan lineup reflects two influences that have been part of the Gulf Stream Coach legacy for generations: **Listening** and **camping**.

Avid, active campers know what they want, so we listen. Then we go camping, to make sure we agree.

LAMINATED FLOORS

We create rock-solid yet light weight, laminated vacuum-bonded floors combining a welded aluminum frame with multiple layers of structure, insulation, and adhesives. Then we wrap the bottom, sides, and edges with a tough woven polyester fabric to deflect water and road debris.

- 1 High-performance vinyl flooring
- 2 Heat-resistant adhesive between all layers
- 3 Two-layer plywood decking with offset seams
- 4 Rigid closed-cell foam insulation
- 5 Welded square-tube aluminum frame
- 6 Structural plywood subfloor
- 7 Woven polyester fabric wrapping bottom, sides, and edges

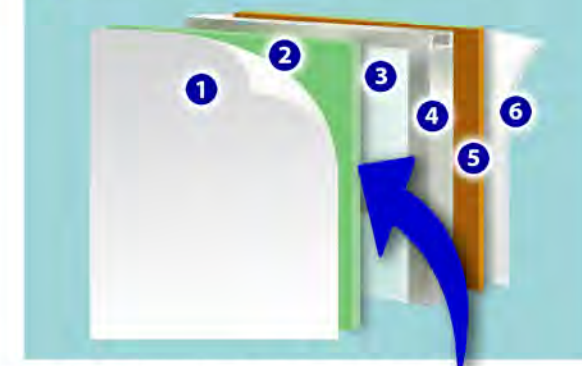

BUILD TECH

LAMINATED SIDEWALLS

Using processes perfected through years of innovation, our laminated sidewalls combine a light yet resilient welded square-tube aluminum frame and exterior fiberglass with structural, insulating, and decorative layers using advanced heat-resistant adhesives in a vacuum chamber where the layers are bonded into a remarkably light, incredibly strong unit.

- 1 Gleaming exterior fiberglass
- 2 AZDEL synthetic composite
- 3 Rigid closed-cell foam insulation
- 4 Welded square-tube aluminum skeleton frame
- 5 Structural plywood inner wall
- 6 Decorative easy-care vinyl wallcovering

THE AZDEL ADVANTAGE

Key to ENVISION vacuum-bonded sidewalls is a structural layer of AZDEL synthetic composite. AZDEL can't absorb moisture, so it won't rot or mildew, and can't delaminate. It insulates against extremes of temperature and noise, contains no formaldehyde, and weighs half as much as the wood it replaces.

ENVISION - MORE THAN JUST A PRETTY FACE

- 1 Fiberglass front cap with LED lighting.
- 2 Subtle yet stylish exterior graphics.
- 3 Lower front panel diamond plate protection from road debris.
- 4 Power tongue jack with handy area light.
- 5 Twin 20 lb. LP tanks with protective cover.
- 6 Baggage doors with magnetic catches and slam latches.
- 7 Built-in connection for optional solar panel.
- 8 Tinted safety glass windows.
- 9 Large power awning with LED atmosphere lighting.
- 10 External stereo speakers with night lights.
- 11 Kenda radial tires with 24-hour roadside assistance; aluminum wheels.
- 12 External bracket, signal hookup and grounded AC outlets for HDTV.
- 13 Heated, enclosed underbelly enclosing water and waste tanks.
- 14 Large entry door with frosted window for natural light and privacy.
- 15 Large swing-away grab handle at entry.
