We have the 2021 Keystone Hideout 318BR. Some of the main things we enjoy about our Hideout are the outdoor kitchen with the sink, stove top burner & fridge. Perfect for cooking outside on hot summer days and storing additional beverages. This model has a Furrion Bluetooth radio & outdoor speakers, so you can enjoy music while cooking and hanging with friends. Let's not forget the outdoor shower allows us to wash down the kids before they head inside; it also doubles as a dog wash and is perfect for filling our dog bowls. The bunkhouse room was the main thing that attracted us to this model. It is located at the rear of the rig and sleeps three comfortably; it has a sliding door for privacy & lounge area for watching TV. This is our first RV, and we are so happy we purchased a Keystone. We have enjoyed living in it full time for three years & have slept up to 9 people comfortably along with our 200lb mastiff & 10lb Chigle. The insulated underbelly and electric fireplace have kept us warm in the snow. We have stayed cozy in single-digit temperatures without using our furnace once! The electric fireplace is our favorite amenity in the rig.
