APEX

Apex Travel Trailers redefine what it means to travel light without compromising on quality, comfort, or innovation. Unlike standard lightweight RVs, every Apex Travel Trailer starts with a clear purpose, not just a frame, walls, and roof, but a commitment to smarter design and superior craftsmanship. Built by Coachmen RV, Apex sets a higher standard by focusing on the details that matter most to today's RVers.

What sets Apex apart? A unique blend of quality construction, eco-friendly materials, and ultra-lightweight engineering. Each model undergoes rigorous evaluation based on five key pillars: Quality, Lightweight, Innovation, Eco-Friendly, and Design. Only trailers that excel in every category earn the Apex seal of approval. Driven by real customer feedback, Apex Travel Trailers are built to meet the demands of modern adventurers, whether you are towing with a mid-size SUV or a half-ton truck. From smart storage solutions to energy-efficient systems and durable construction, Apex is the intelligent choice for those who expect more from a lightweight travel trailer.

REINFORCED LAMINATION

We vacuum bond and pinch roll every sidewall, then perform a pull-adhesion test.

Most manufacturers just do one process or the other, but by doing both we improve the strength and longevity of the sidewalls.

AZDEL™ COMPOSITE

Most manufacturers use wood sidewalls that can expand, swell, and eventually mold.

We use Azdel. It's impervious to water, won't rot or mold, and with less than a 1% chance of delaminating, it ensures the long-term integrity of the sidewalls.

DIGITAL OWNER'S MANUAL

Our owner's manuals are easy to access through the Coachmen website or our free app.

Supplemented with videos, PowerPoints, and more, it's got all you need to know about your coach.
