## STANDARD FEATURES & OPTIONS

### CHASSIS

- Mercedes-Benz® Sprinter Chassis (11,030-lbs. GVWR / 15,250-lbs. GCWR)
- 2.0L I4 Turbo Diesel Engine (208 hp / 332 lb.-ft. of Torque)
- 9G-TRONIC PLUS Automatic Transmission with Overdrive
- 24.5-Gallon Fuel Tank
- 5.75-Gallon Diesel Exhaust Fluid Tank
- Lane Keep Assist
- Adaptive Cruise Control
- Active Brake Assist
- Hill Start Assist
- Crosswind Assist
- Attention Assist
- Traffic Sign Assist
- Rescue Assist
- Electronic Stability Program (ESP)
- Wet Wiper System
- Trailer Hitch (5,000 Tow lbs. / 500 Tongue lbs.) with 7-Way Round Tow Connection
- Momentary Battery Booster Switch for Connecting Chassis and House Batteries
- Single AGM 12V Chassis Battery
- 250-Amp Alternator
- LED Brake, Turn, and Backup Lights
- Fog Lights
- Aluminum Running Boards
- Bilstein® Gas-Charged Rear Shock Absorbers
- Front and Rear Tires: LT215/85 R16
- Single Front Wheels and Dual Rear Wheels (5.5" x 16")
- Aluminum Wheels (Set of Four) with Valve Extensions
- Banded Tire Pressure Monitoring System
- 4.727 Rear Axle Ratio
- Power, Heated Leatherette Cab Seats with Swivel Bases
- Quad-View Camera System (Right Side, Left Side, Hitch, and Rear Horizon Views)
- MBUX (Mercedes-Benz User Experience) 10.25" Touch Screen Infotainment System with Navigation, AM/FM, Bluetooth®, Sirius/XM® (tuner and antenna), Apple® CarPlay™ / Android® Auto™ Functionality, and "Hey Mercedes" Voice Control

- 12V and USB-C Accessory Ports
- Wireless Smartphone Charging Tray
- Instrument Cluster with Color Display
- Multifunction Steering Wheel
- Adjustable Steering Column
- Power Windows and Locks
- Power Exterior Mirrors (Auto-Heated at Low Temperatures)
- 3-Point Seat Belts
- Front, Thorax, & Window Safety Air Bags
- Deluxe, Removable Automotive Cab Carpet Mat
- Drink Holders

### CONSTRUCTION

- 1 1/2" Aluminum-Framed, Laminated Sidewalls with Block Foam Insulation
- Composite Exterior Fiberglass (No Exterior Wood)
- Aluminum-Framed Floor
- Composite Flooring Substrate (Lightweight & Moisture-Resistant)
- Aluminum-Framed Roof Trusses
- Crowned, One-Piece Fiberglass Roof
- Fiberglass Rear Bumper
- Foil-Lined Ductwork Throughout
- Aerodynamic Fiberglass Front Wing Panels
- Automatic, 4-Point Leveling Jacks
- Dual-Pane Acrylic Windows with Built-In Day/Night Shades
- Seamless Rotocast Storage Compartments with LED Lighting
- Locking Aluminum Exterior Storage Doors with Compression Latches
- Electric Slide System

### EXTERIOR

- Custom Full Body Paint Package
- Premium Cut and Buffed Paint Finish
- Front-End Diamond Shield® Paint Protection
- Armless Patio Awning with LED Lighting and Motion-Activated Retraction
- Slideout Topper(s)
- LED Patio Light

## FULL BODY PAINT PACKAGES With Front-End Diamond Shield

Platinum (Single Color Full Body Paint)

Varesine Blue

- Entry Door with Dark-Tinted, Frameless Window and Integrated Shade
- Lighted Acrylic Entry Grab Handle
- Power Entry Step with Upgraded SeaDek® Step Tread

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GCWR (Gross Combined Weight Rating)** - is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

**UVW (Unloaded Vehicle Weight)\*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

\*Estimated Average based on standard build optional equipment.

**CCC (Cargo Carrying Capacity)\*\*** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*\*Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
