

PROVIDES PROTECTION AGAINST DANGEROUS AND FRUSTRATING TIRE FAILURES

- Single application lasts the life of the tire
- Reduces flats up to 95%
- Proven to reduce blow-outs and the collateral damage they cause
- Seals bead and valve stem leaks and protects against rubber porosity
- Freeze protected to -35° F
- Adhesive-free so it never dries out
- Non-toxic and non-corrosive so it won't damage wheels/rims

Tire & Wheel Sealant

Limitations, restrictions, and exclusions apply. Please refer to your actual agreement for the entire terms and conditions.

PREVENT FLATS AND IMPROVE SAFETY WITH SENTINEL SEAL

24/7 TIRE SEALANT PROTECTION WHEN YOU'RE ON THE ROAD

SENTINEL SEAL is a high performance tire sealant, scientifically formulated to prevent flat tires caused by slow leaks and punctures.

The sealant provides protection against rim and seal bead leaks, stops under-inflation from rubber tire porosity, and seals tread punctures made by penetrating objects up to 5/8" in diameter.

TIRE REPAIR

If the tire and/or wheel can be repaired, you'll receive reimbursement for costs associated with the following repairs:

- Mounting
- Balancing
- Valve stems
- Taxes

TIRE REPLACEMENT

If the tire and/or wheel cannot be repaired, you'll receive reimbursement for approved replacement tires/wheels:

- Up to \$700 per tire
- Up to \$1,000 per wheel

VEHICLE TOWING

With a detailed receipt, you'll receive **up to \$50** for any towing expenses incurred in connection with a covered repair.
