

REGENCY™

2023 LUXURY PONTOONS

# ELEVATE YOUR *Experience*

Previous Year Model Shown

You've worked hard for your success. You've never settled for average and never rested on good enough. Why settle for less when it comes to your downtime?

REGENCY pontoons are custom crafted to deliver the utmost in plush luxury, carefully crafted with elegant refinements and exhilarating performance.

Nowhere will you find a grander lineup than these six models that boast the power and versatility to deliver memorable moments every time you set out.

Spacious decks with edge-to-edge luxury and a class-leading technology suite sit atop tritoon designs that combine with robust horsepower that delivers eye-opening performance.

Every aspect of REGENCY pontoons are designed to simply and remarkably elevate your experience.

# 10 +Life WARRANTY

- 10-year bow-to-stern warranty
- Limited lifetime structural & deck warranty
- Provisions for transfer to second owner
- One-stop factory warranty resolution
- Full coverage during warranty period—no pro-rating

## QUALITY IN THE DETAILS

**REGENCY® CRAFTSPEOPLE PUT A LOT OF CARE INTO ENSURING EVERY DETAIL OF EVERY MODEL COMES TOGETHER JUST RIGHT.**

Below-deck or above, every component you see—as well as those you can't—has been crafted to assure you years of safe outings. Let's take a closer look to see the strength beneath the styling.

### PONTOON LOGS

We craft the 26" logs using sheets of .100 marine-grade aluminum that are cut with plasma cutters to exact specifications for a perfect fit and finish every time. In addition, every log is multichambered and pressure-tested twice. They all feature our DIAMOND COAT™ 2.0 powdercoating, which provides an easy-to-clean, extremely sleek finish for years to come. That same powdercoating is used on the railings and Bimini hardware.

### DECK & DECK SUPPORT

To maximize your safety, we create an extremely durable deck structure. It starts with M-shaped brackets attached to the top of the pontoon logs. The brackets act like the foundation of a house by providing a solid base for the extruded Z-bar cross members bolted to them. On the outboard sides, the brackets are full-length for maximum support, but they're staggered inside for access to cables and wiring.

If the M-brackets are the foundation, the Z-bars are the floor joists. They run the full width of the boat and are variable spaced to provide support where needed without adding unnecessary weight. The Z-bars feature a box-beam structure to ensure there are no exposed fasteners below deck. Speaking of the deck, we use ¾"-thick, seven-ply, pressure-treated marine decking that is warranted for the life of the boat. We secure the deck to the Z-bars with TEK fasteners that friction weld to the bars. In addition, every REGENCY features U-frame assemblies at the bow and stern that tie the Z-bars together and add more strength.

### ABOVE DECK

We use 1 ¼"-thick aluminum rails that sit upon rail spacers to allow for draining and ventilation. We also install sound- and vibration-deadening insulation strips between the fence and railings for a quieter ride.

We take the same care with the furniture! Every seat base is rotomolded in-house. Then, we upholster the furniture with marine-grade materials to stand up to water, sun and other elements for years.

All that, combined with marine-grade wiring harnesses, fiberglass consoles and more result in a line of pontoon boats that are as long lasting and rugged as they are luxurious.

And it's all backed by our 10+LIFE Warranty!

# Adventures IN LUXURY

Just as the name implies, the REGENCY LE3 Sport Series spans the line between luxurious pontoons and sporty styling with sleek curves and eye-catching color schemes. Inside both models, you and your guests will be treated to a number of amenities that are as comfortable for watersports as they are for entertaining and relaxing.

For example, aft, each LE3 Sport model features a switchback lounge. Flip the backrest one way to create the perfect place to lounge while you spot for a wakeboarder, or flip it the other way to create a comfortable couch for sitting around the table. Speaking of the table, it can be set up at fore and aft positions and has two heights (coffee table or dining) for maximum versatility. And wherever you're lounging, you're going to love the premium sound from the Bluetooth® stereo system.

Other not-so-small details include a rear-facing camera, powered Bimini top, extra-large ladder and snapless mooring cover!

# GRADE A Grandeur

The REGENCY® 250 & 230 LE3 is an extremely spacious luxury pontoon boat for those who want more room, more comfort and more performance in a top-grade package.

Onboard, a crew of 14 can relax in the four plush lounges and two high-backed bucket chairs throughout. All four lounges feature the STOW MORE™ seat storage system, lighted drink holders and extensive sound system. There's also a movable table, powered Bimini and in-floor storage for even more convenience and comfort.

When not lounging, the entire crew will enjoy the huge performance capabilities provided by the three powdercoated pontoon logs and Mercury® outboard.

# Upscale FUN TIME

A sunset cruise with your family. Dinner at your favorite restaurant. An afternoon of lounging. Wherever your happy place, the DL3 Series offers the comfortable amenities you need to enjoy every moment to the max.

The 230 DL3 and 250 DL3 have different layouts aft, but they both offer a number of the same features. While the 230 has dual aft couches and the 250 has a switch-back lounge, both feature dual bow couches with a ton of storage space. And don't forget about the QUICKLIFT® Bimini top, Bluetooth® stereo and swim platform with the ladder!

Where's your happy place? Right here.
