PALOMINO SOFT-SIDE BACKPACK EDITION

No matter the size of your truck, we have a soft-side truck camper perfect for you. Thanks to the electric lift you can easily set up your camper without hand-cranking the top up or down. And with the optional remote, it works with just a push of a button. Plus, our 55" one-piece door makes it that much easier to enter and exit the camper, compared to our competition's 46" or 47" door. The soft-side series comes in a white or optional grey gel-coat fiberglass exterior.

WEIGHTS & MEASURES	SS 500	SS 550	SS 1200	SS 1240	SS 1251	SS 1500

HANGING STORAGE

Our new hanging pantry provides you with almost 100% more storage than the upper cabinets they replace! They are also portable so loading and unloading them is now so much more convenient.

ROOF LIFT SYSTEM

Newly designed electric roof lift system has been extensively tested to provide great reliability and is mounted on the outside of the unit for ease of maintenance and to free up valuable space inside your camper.

OPTIONAL ROOF RACK

Our optional roof rack system provides numerous options for you to take your outdoor toys along with you when you travel. They are rated to hold up to 300 lbs and can be used with the roof in the upright position.

FIBERGLASS FRONT CAP

Our fiberglass front cap has a fully integrated windshield. Palomino RV partnered with the leaders in O.E. Automotive Windshield Manufacturing Guardian Industries as well as Dow Chemicals to create this Palomino Exclusive Feature. This automotive style windshield not only looks great rolling down the road, but also creates an open inviting environment in the Palomino Hard Side Max Cabover Bunks while you enjoy great panoramic views.

OPTIONAL SOLAR PANEL

Our optional solar panel provides 100 watts of charging power that helps you keep your battery system charged for extended adventures.

CHARGING PORT

Allows you to charge or maintain your on-board battery with ease from the exterior of your Palomino Camper.

SOLAR CHARGE CONTROLLER

Our optional solar charge controller makes it easy for you to monitor your on-board battery system.

PALOMINO BACKPACK EDITION WARRANTY

Palomino will stand behind our products 100%. For complete details on our warranty program, please see your Palomino dealer.

- 1 2-year fiberglass warranty
- 2 12-year Alpha Super Flex roof warranty
- 3 2-3 year warranty on appliances (see manual for details)
- 4 1-year bumper to bumper warranty

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho. U.S.A. FOR 1657 P/W: 2020.20.19

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
