ROCKWOOD ULTRA LITES

ULTRA V
TRAVEL TRAILERS
FIFTH WHEELS

THE TRADITIONAL ROCKWOOD ULTRA LITE V LITES, TRAVEL TRAILERS AND FIFTH WHEELS CONTINUE TO PROVIDE UNSURPASSED VALUE AND COMFORT.

The spacious interiors offer numerous windows, 80" vaulted ceilings with directional vented air conditioning and extensive interior LED lighting throughout. Rich with appointments like the solid surface kitchen counter-tops with a flush mount sink, a stove top with glass cover, 22" oven and distinctive Maple or Driftwood cabinets with solid wood doors and drawer fronts throughout add to the tremendous value provided.

Optional Oyster Exterior

Featuring an aluminum framed with vacuum bonded construction, high gloss fiberglass exterior and deluxe graphics, the Ultra Lites and Ultra Vs are among the best constructed, most well insulated trailers available on the market today.

Optional Oyster Exterior

Rockwood travel trailer models are loaded with features like polished alloy wheels and Nitro filled tires radial tires mounted to Dexter Torflex torsion axles for a smooth, safe ride. Also an enclosed underbelly to keep the underside of your trailer clean and protected from many of the road hazards along the way. Rockwood also made standard the frameless bonded windows and an automotive front windshield when applicable to give you the great look you would expect from Rockwood.

2440WS

INTERIOR COLORS: STERLING / MAPLE

AN UPGRADE FROM YOUR STANDARD TRAILER.

To continue this tradition, Rockwood offers a group of appealing features to enhance your camping experience. Features like our 13,500 BTU ducted roof AC, a power awning with LED strip lighting and an adjustable rain dump, a quick recovery auto ignition gas / electric water heater, a built in microwave and a outside BBQ grill make camping comfortable and easy. With all these features, and plenty more, Rockwood still remains a light-weight, 1/2 ton towable camper.

THE EVOLUTION OF EXCELLENCE

ROCKWOOD

ULTRA V

Aerodynamic profiles make all the difference. "V" nose design to utilize every possible space for interior room and storage. While the aerodynamic, aluminum framed and vacuum-bonded exterior can be towed by a wide variety of vehicles on the market, the available standards and options provide extensive potential customization for each individual consumer.

QUALITY CONSTRUCTION

Just a few features that make us great. Quality built trailers always bring the same results: long-lasting products you can depend on to enjoy with your family year after year. These are some of our highlights.

G

A Glued and screwed wood cabinetry

B Aluminum dinette frames for added strength and weight savings

C Nitrogen filled tires for less air pressure fluctuation and a safer ride

D Extra large dinette storage drawers and full extension metal drawer guides in the kitchen

E Dexter Torflex Axles:
• Independent wheel suspension and self-damping action
• Rubber cushioning eliminates metal-to-metal contact.
• Forged torsion arm for maximum strength

Models are also equipped with E-Z Lube® System and Nev-R-Adjust® Brakes.

F Enclosed underbelly protects trailer components as well as increasing aerodynamics

G Aluminum Frame Construction with high gloss fiberglass exterior and deluxe graphics

ROOF CONSTRUCTION

Vacuum-bonded radius roof with vaulted ceiling providing superior insulation and more interior height.

4" thick roof with built in insulated A/C ducts

Built strong to enable you to conveniently perform periodic roof maintenance.

WALL STRENGTH

Structurally engineered materials makes our vacuum-bonded walls some of the strongest in the industry.

VACUUM-BONDED LAMINATED CONSTRUCTION

Rockwood is one of only a few manufacturers with six sided aluminum framing. Vacuum bonded walls and roof to ensure a well-insulated, light weight, strong structural trailer.

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

ROCKWOOD

WARRANTY

For details on Rockwood's complete warranty program, see your Rockwood dealer. When it comes to backing products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Rockwood. Rockwood offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1. Twelve-year vinyl roof warranty,
2. Two-year fiberglass warranty,
3. Ten-year Torflex[®] axle warranty,
4. One-year bumper to bumper warranty,
5. Available second-year warranty
