

 **ELLIPSE**

2007

THE POWER OF DIESEL. THE COMFORT OF ITASCA.

One adventure in the Itasca Ellipse® and you'll be a diesel enthusiast for life. Choose from four distinct models, including a quad-slideout design, each built on the heralded Evolution Chassis®. Its formed-steel chassis rail construction works in conjunction with our Smart Storage™ system to

provide more plentiful midsection storage that is easy to access. Inside, features like solid-surface countertops, vinyl tile floorcovering, opposing flat-floor slideouts in the living room and over 7'2" of interior ceiling height will make you proud to call the 2007 Itasca Ellipse your home on the road.

THIS IS LIVING

The floorplan variety of the Ellipse gives you the option of the classic, front overhead entertainment center or a stand-alone entertainment center in the 40FD and 40TD. Both configurations include a flat-screen TV (27" in the 40FD; 30" in the 40TD) with a DVD player and the Home Theater Sound System.

Sit back and relax in the comfortable Euro Chair with ottoman, available on the 36LD, 40FD and 40TD. All of the quality Stitchcraft furniture is also available in soft, easily cared-for UltraLeather.™

Floor-ducted heating and ceiling-ducted TrueAir® residential central air conditioning provide optimal climate control. A heat pump comes standard to take the chill off cool mornings without firing up the furnace. For added thermal efficiency, dual-glazed, thermo-insulated windows are also standard. They come with day/night pleated shades for full control over light and privacy levels.

An 8,000-watt Onan® Quiet Diesel™ generator and a 2,000-watt inverter/charger provide alternative electrical power for your coach.

40KD BALTIC SEA WITH CONCERT CHERRY

ENTERTAINMENT Indirect lighting highlights the entertainment center, complete with a large, flat-face TV and the Home Theater Sound System with a DVD player. Enjoy more channels by adding the in-motion satellite system.*

*Satellite TV requires a subscription. See your dealer for details.

ENTERTAINMENT CENTER The stand-alone entertainment center on the 40FD and 40TD offers an available electric fireplace for added, at-home comfort.

WEB Rest Easy® This multi-position lounge converts from a sofa to a recliner to a comfortable bed at the touch of a button.

EURO CHAIR Lounge in style and comfort in the available Euro chair (NA 40KD).

WEB Select a Key Feature

The **WEB** icon designates a Winnebago Industries Key Feature. For further in-depth information and photos use the Drop-down Menu or click on the 'Key Features' page at winnebagoind.com.

REFRIGERATOR/FREEZER
 The refrigerator features Titanium Touch stainless finish doors that have the look of stainless steel, resist fingerprints and are warmer to the touch than traditional stainless steel. As an added bonus, you can even use your favorite kitchen magnets.

GET COOKING

Beautiful cabinetry with under-cabinet fluorescent lighting provides an abundance of storage space. The pullout island cabinet on the 40FD provides even more storage and extra countertop space. Pullout pantries, a four-door refrigerator/freezer and a rollaway storage bin on the 40KD let you bring along plenty of food for all your travels. The drawers glide on full-extension slides for easier access to pots and pans.

For more casual dining, choose the 36LD. It features a unique breakfast bar, complete with two stools, three large drawers and a sliding countertop with leaf storage.

Every model offers an Amana® range top, 30" residential microwave/convection oven and an Everpure® water filtration system with a separate faucet. Solid-surface countertops and solid-surface range and sink covers give the galley a more stylish appearance.

DINING The Ellipse offers a variety of dining options. The available BenchMark™ full comfort dinette (NA 40TD) features tall backs, innerspring cushions, large flip-up storage compartments and converts easily into a comfortable bed. A breakfast bar in the 36LD is a great spot for quick meals. The legless dining table comes with four chairs.

SPACIOUS BEDROOM

Every Ellipse bedroom features a rear slideout with a Vantage Point™ Sleep Number® bed by Select Comfort™. The slideout in the 40KD creates an incredibly spacious bedroom large enough to accommodate a king-size bed by Select Comfort.

The bedroom also contains a 20" LCD TV. It connects to the available rear stereo system that features an AM/FM radio, CD/DVD player, alarm clock, headphone jack and a connection for your MP3 player. The available ceiling fan keeps you cool on hot summer nights.

The bathroom includes a number of elegant appointments like vinyl tile floorcovering and a textured glass shower door. You'll also appreciate practical features like a flexible showerhead and a water heater that runs off LP or electric power. Enjoy the space-saving convenience of the available central vacuum anywhere in the coach.

40KD BALTIC SEA WITH CONCERT CHERRY

WEB VANTAGE POINT SLEEP NUMBER BED

Digital remotes let you adjust each side of the Sleep Number bed independently to your ideal level of comfort and support. Your Sleep Number – the Key to a Perfect Night's Sleep.™

AVAILABLE WASHER/DRYER
Includes multiple time and temperature cycles to accommodate most fabrics.

BATH The Moen Posi-Temp® control regulates consistent water temperature, in the shower, even if water pressure fluctuates.

HIT THE ROAD

If you share driving duties, you'll love the convenience of the SmartWheel™ steering wheel. It includes controls for key functions and quickly tilts and telescopes into perfect position for any driver. A high-back UltraLeather cab seat enhances the experience by adjusting on an optional six-way powered pedestal.

You'll have added confidence backing your Ellipse when using the Audiovox® rearview monitor. You can also add a video camera system that is activated by your turn signals and allows the driver to view the side of the coach through the rearview monitor system.

The RV Radio® gives you the option of listening to the AM/FM radio, a CD player or weather band. A handheld remote gives you full control of the radio with ease from anywhere in the coach.

Upgrade the RV Radio to include the Sirius Satellite radio package* with over 120 channels of crystal-clear programming. This package comes with a complimentary six-month subscription.

*Sirius Satellite radio not available in Canada.

DASH You'll find everything you need at your fingertips, including touchpad transmission controls.

WEB ONE PLACE™ Important switches, gauges and levels are mounted in this convenient systems center.

HYDRAULIC JACKS New for 2007: our exclusive three-position hydraulic switching system. Control your jacks from the A) driver's seat, B) entrance door or C) service center. Watch the jacks as you lower them from the entrance or service center for perfect placement on the jack pads.

WEB POWERLINE® The PowerLine energy management system monitors electrical usage and automatically cycles appliances on and off to prevent power overloads.

KEYLESS ENTRY Unlock the door and storage compartments using the keyless remote.

WEB TRUELEVEL Eliminate the guesswork when it comes to tank levels with our exclusive TrueLevel™ holding tank monitoring system. It incorporates detector cells that detect liquid levels from outside the tank. No probes means no more corrosion, just accurate readings time after time.

WEB TRUEAIR The TrueAir residential central air conditioning system is located in the basement, which provides a low vehicle profile and reduces interior noise. The advanced Coleman®-Mach® cooling unit cools 40% faster and runs 10% quieter than roof units.

CHASSIS BATTERY DISCONNECT SWITCH Conveniently located in the engine compartment, the battery disconnect switch prevents chassis battery drain when storing your Ellipse.

SMART STORAGE™
WEB

SMART STORAGE™

By rethinking the way storage space is utilized, we created Smart Storage – a spacious and easily accessible way to store your gear. Smart Storage provides handy straps and attachment points for key motor home tools and unique features like the custom sleeve for the available folding ladder. A set of three large, fitted containers in the basement storage area makes organizing gear easy.

The StoreMore® slideout system is standard on every model with compartments that extend with the slideout for easy access.

The Ellipse places all available electrical and plumbing connections in one convenient location using color-coded labels for pain-free service. Other convenient service center features include a hookup for a portable satellite dish, a clip for gloves and the full coach water filtration system.

WEB STOREMORE No more crawling on your hands and knees. This exclusive slideout system extends the storage compartments with the slideroom for easy access any time.

ENTERTAINMENT CENTER The exterior entertainment center can be enhanced with a portable 20" LCD TV and a DVD player.

LADDER The available folding ladder comes in an easily accessible storage sleeve (NA 36LD).

SERVICE CENTER The QuickPort® service connection hatch is fast and simple, allowing the bay door to close with hookups connected. The QuickConnect® coupling valve on the sewer hose allows for quick, clean hookups and has its own storage holster.

EVOLUTION[™]

CHASSIS

WEB

THE LEADER AT EVERY TURN[™]

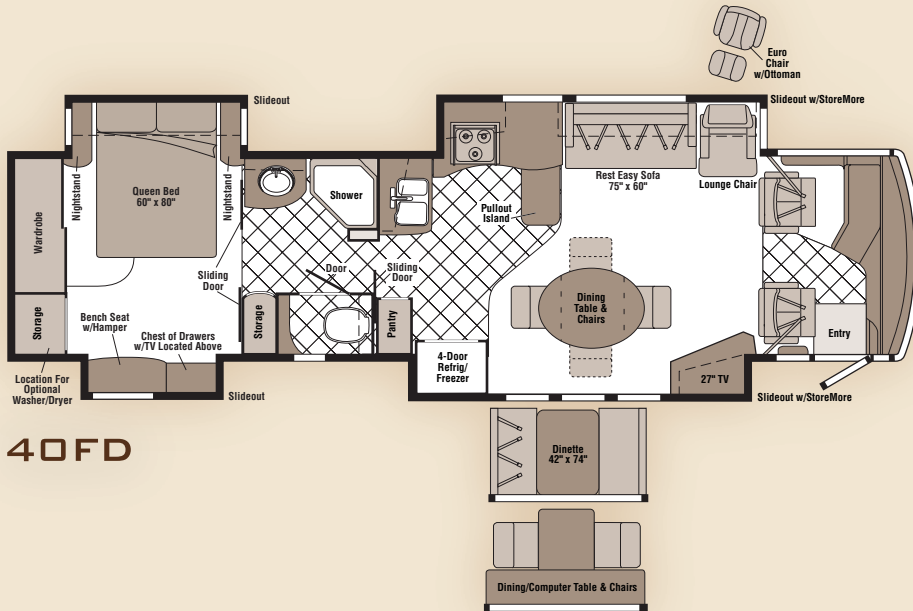

EVOLUTION CHASSIS

Experience the Evolution. Winnebago Industries engineers worked closely with Freightliner[®] to create the Evolution Chassis for the 2007 Ellipse. Designed specifically for this motor home application, Evolution represents the next generation of diesel pusher technology with one-piece formed steel chassis rails that are 25% thicker than traditional raised rails. They offer added strength and

performance without the restrictive bulk and weight of stacked rails. Formed rails also provide increased midsection storage, better weight distribution and improved floorplan flexibility. Evolution delivers a premium driving experience with a powerful 350-hp 7.2L Caterpillar[®] C7 turbo engine or 400-hp Cummins[®] ISL 8.9L turbo diesel engine.

GET MORE WITH THE EVOLUTION CHASSIS

- Allison[®] 3000 MH 6-speed automatic transmission with touchpad control
- I-beam axle with a 55° wheel cut
- 10,000-pound hitch with Tow Power seven-pin connector
- Standard engine exhaust brake for longer brake life (NA w/Cummins engine)
- NeWay[®] front and rear air suspension for improved ride and handling
- 3-year/50,000-mile warranty (including towing and roadside assistance) and over 350 North American service locations, 50 Freightliner RV Oasis locations and a 24/7 helpline

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
 - Ellipse floorplans feature a wide-body design – over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
 - The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
 - Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
 - Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
 - Actual towing capacity is dependent on your particular loading and towing circumstances, which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
 - See separate chassis warranty.
 - See your dealer for complete warranty information.
- NA Not Available
S Standard
O Optional
- Not all items available in combination. See dealer for details.
- Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.

WINNEBAGOIND.COM Visit us on the web for more info on all of our motor homes and a host of web-exclusive content.

**BUILT BY WINNEBAGO INDUSTRIES.
BUILT TO LAST.**

Itasca motor homes are built by Winnebago Industries, the company that defined motor homes. The company that built its reputation on quality construction. The company that transformed the motor home concept into a way of life.

Today, Winnebago Industries brings that reputation for quality and its 48-year history of motor home innovation to the design and construction of every motor home. It's all a part of SuperStructure[®], our exclusive system of proprietary structural components that instills each motor home with improved strength and durability.

SOLID FOUNDATION Steel and aluminum truss work provides a solid, flat foundation for floors and sidewalls. Winnebago Industries engineers also take special care to distribute the weight of components to ensure proper handling and stability.

INTERLOCKING JOINTS The floors, sidewalls and roof are all integrally connected using interlocking joints. This creates a coach body that acts as a cohesive unit for improved strength and durability.

E-COATING Winnebago Industries employs an exclusive 12-stage automotive-style dip tank process to apply an advanced electrodeposition coating on critical steel components for unmatched corrosion protection.

WEB

THERMO-PANEL[®] SIDEWALLS Invented by Winnebago Industries, Thermo-Panel construction combines a fiberglass panel, high-density, block-foam insulation and aluminum support structures to create some of the most durable, lightweight sidewalls in the industry.

ATTENTION TO DETAIL Whether it's sending every coach through a high-pressure water tunnel to check for leaks or labeling each individual wire and bar-coding parts to save time and frustration during service, Winnebago Industries considers every detail to ensure your Itasca motor home provides you with years of pleasure.

STRONG AS STEEL Appliances are secured directly to embedded steel plates for added safety. Windshields are also mounted in steel with an automotive-style sealant; lesser designs use a rubber gasket to mount the windshield in fiberglass.

1-year-old Itasca fiberglass roof

1-year-old competitor's rubber roof

FIBERGLASS ROOF The Ellipse features a crowned, one-piece fiberglass roof, backed with a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength, attractiveness and durability over the rubber roofs found on many competitive models which can chalk, streak and degrade over time. Fiberglass also provides increased puncture and tear resistance.

TAKE A TOUR We're proud of our process, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our factory in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

RECOGNIZED QUALITY The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle award to manufacturers who provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer to receive this award every year since its inception.

COMMITTED TO SERVICE We back our motor homes with the industry's best service after the sale.

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile limited warranty on structure
- Standard 10-year limited parts-and-labor roof skin warranty
- Complimentary 24-hour roadside assistance program
- TripSaver Fast Track Parts. TripSaver guarantees that in-stock warranty parts ship directly to your dealer within 24 hours.
- National dealer service network

WIT CLUB Itasca owners are like family. Joining the Winnebago-Itasca Travelers is a great way to meet and travel with other Itasca enthusiasts. Members enjoy:

- Caravans and rallies
- Local and state group activities
- RV travel benefits
