5K INTER-LOCK SYSTEM

Impact's 5K Interlock system is the most rugged, toughest tie-down you can find in any toy hauler. Welded into the frame, each tie down can support 5000 pounds. Because your toys are important, be sure your new toy hauler is an Impact with the 5K Interlock system.

FRAMELESS WINDOWS

Every Impact trailer and fifth wheel comes standard with frameless windows. Not only do they look better but also keep your unit dry on rainy days.

GEL-COATED SIDEWALLS

Our Impact exteriors stand out with our high quality gel-coated exterior sidewalls. You can rest assure that your exterior is well protected with this high end finish. The high gloss finish raises the bar on industry standards.

G-RANGE TIRES WITH ALL STEEL TIRE CONSTRUCTION

Impact FW's are standard with G-Range tires to provide a maximum tire load of 4080 lbs at 110psi. G-range tires have steel belts in the tread and sidewall for less flexing and the lateral ribbed tread provides low rolling resistance for better heat dissipation in all positions.

8 CUBIC FOOT REFRIGERATOR

Keep things cool even off the beaten path with Impact's 8 cu. ft. refrigerator. Our refrigerators offer versatile interior storage space with easy to read electronic controls at eye level. The efficient climate control system saves energy, and helps prevent condensation.

COLLAPSIBLE ROLL-OVER SOFA SYSTEM

Whether you need the extra height or width, the decision is yours. Impact delivers total versatility when it comes to your storage needs. Collapse the sofas to the side to get 90" height clearance, fold the sofa's in the upright position and get 79" height clearance.

FAST TRACK PATIO SYSTEM 2.0

Impact's exclusive Fast Track Patio System makes it easy to set up your toy hauler patio in under 1 minute. Because the patio rails are not attached to the ramp, the door is lighter and easier to open and close. Plus, unloading your toys is now so simple.

By not attaching the patio to the ramp door, this makes the ramp door approximately 60 pounds lighter and much easier to open and close than the patios with the old fashioned systems.

DSI AWARD WINNER

Impact has earned the RVDA Dealer Satisfaction index award. The DSI (Dealer Satisfaction Index) award rates the level of satisfaction the dealers have in a manufacturer. It rates manufacturers in many areas such as: Product design, Product reliability & quality, Warranty support, and Parts support.

DEDICATED 50 AMP SERVICE

EVERY Impact TT and FW includes 50 AMP service standard. This feature offers all the juice you need to power all your appliances. It really comes in handy when powering the AC in hot climates, and keeping the unit warm in the cooler months. You won't have to sacrifice any electricity with Impact.

6-POINT HYDRAULIC LEVEL UP (FW)

Level Up's patented technology not only achieves front-to-rear level, but side-to-side level as well. The other issue is stability. Level Up's patented 6-point system adds a pair of aluminum leveling jacks before the front axles which dramatically reduces the rocking issues RV'ers face.

7,000 LB. DEXTER AXLES WITH 5 YR. WARRANTY

You can ride with confidence knowing that your Impact is on a dependable and certified ISO 9001 axle. Offering the strongest axle warranty available. Every Impact rides on one of America's most trusted brands.
