## MAXIMUM INSULATION

### 1 FULLY LAMINATED WALLS (R-9)†

Sidewalls, rear wall, slideroom endwalls, and slideroom roof are all laminated construction with rigid foam insulation. Many competitors use soft fiberglass insulation in the rear wall and sliderooms that can settle over time and leave uninsulated air gaps.

† R-11 on bed slide models

### 2 DOUBLE INSULATED FLOOR (R-30)\*

The heated underbelly features a layer of radiant foil insulation and the main floor adds a layer of fiberglass insulation.

The slideroom floors are also insulated with radiant foil. (R-24)\*

### 3 DOUBLE INSULATED ROOF (R-40)\*

A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof.

### 4 DOUBLE INSULATED FRONT CAP (R-40)\*

Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

### 5 INSULATED GOOSENECK

A layer of fiberglass insulation under the gooseneck is a place often forgotten by others.

### 6 HEAVY DUTY 1.5" INSULATED BAGGAGE DOORS

\*Equivalent R-Value

## MAXIMUM HEATING POWER

A high performance furnace and fireplace combine to deliver 40,000 BTU's of heating power.

## MAXIMUM FUNCTION

- Heated Holding Tanks
- Heated Utility Center & Storage Bay
- Heated & Enclosed Low Point Drains

## ARCTIC 4-SEASONS PROTECTION PACKAGE

Reflection's design has been put to the test in extreme temperatures ranging from ZERO to 100+ degrees. Third party extreme cold testing showed that the Reflection remained functional and achieved very comfortable temperatures.

Note: Testing was performed in a temperature controlled chamber, with temperatures ranging from -6°F to +101°F, and does not account for variables such as wind, humidity, and altitude. Due to the number of potential variables, temperatures reported during testing may differ from temperatures achieved during actual use of the unit in nature.

## BACKED TO A HIGHER STANDARD

Every Grand Design RV is backed with a class leading 3-year limited structural warranty. By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

- ▶ AXLES (6 Years)
- ▶ TIRE WARRANTY (5 Years w/12 Month no questions asked replacement)
- ▶ EXTERIOR GRAPHICS (5 Years)
- ▶ ROOF COVERING (12 Years)

# We Strive For Nothing Less Than Customers for Life!

**Thank you for taking the time to tour our coach. We would like to share some insights into what sets Grand Design RV Company apart from all other RV manufacturers and why this difference is important to you.**

The three of us were part of the original ownership team that led a top RV Manufacturer to become the largest travel trailer and fifth wheel company in the world. While proud of our accomplishments at this company, it became difficult to stay in touch with the needs of our customers, employees, and ultimately the products we built.

In 2011, we set out to pursue our dream and re-establish the personal connection we had enjoyed with customers and dealers. The result is Grand Design RV Company. Starting with a blank canvas, we were able to do things differently than what had been done before.

After achieving unparalleled years of growth, Grand Design formed an alliance with one of the industry's most iconic brands...Winnebago. Operating as an independent business within Winnebago Industries provides additional financial stability and enables us to continue Grand Design's unique way of doing business for our current and future customers.

## LONG TERM VALUE

Everything we do at our company is designed to build long term value in what we offer our customers, "more features and superior value for your dollar."

## CUSTOMER FOCUS

Our focus (from the very first day we opened our doors) revolves around the customers.

## STAYING CONNECTED

Magic happens when the President and Senior Management are all actively working in the production facilities to help build the team and develop products.

## EXPERIENCED WORKFORCE

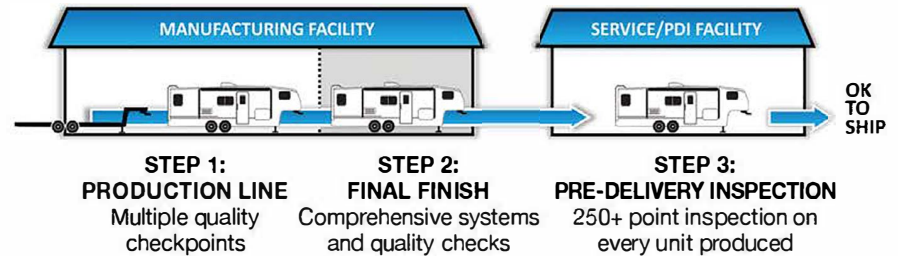

Our local workforce has been hand-picked, and has an excellent reputation for quality craftsmanship that is second to none.

## CLASS LEADING WARRANTY

We back every one of our coaches by a 3-year limited structural warranty.

## RAISING THE QUALITY BAR

We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive final finish inspection. From here, most manufacturers ship their coaches on to the dealer for retail sale. Not Grand Design...Every one of our coaches are shipped to a separate PDI (Pre-Delivery Inspection) location where they are again put through a 250+ point inspection process. It is only after this that we deem a unit ready to ship to our dealers.

## SUPERIOR SERVICE

We deliver the highest quality in the industry, but anything built by humans can be subject to issues. It's how those issues are addressed that stands out with Grand Design. Don't just take our word for it, visit the owners page on Facebook (Grand Design RV Owners) and see for yourself how we take care of our customers after the sale. An informed customer will be a Grand Design customer!

At Grand Design our goal is simple... Continue leading the industry with quality products while improving the customer's RV experience before, during, and after the sale. We would be honored to personally welcome you to the Grand Design RV family!

Warmest Regards,
