FIFTH WHEELS

YOUR LIGHT-WEIGHT SPECIALIST

FLAGSTAFF

Super Lite Fifth Wheels

SO YOU DIDN'T THINK YOU COULD PULL A FIFTH WHEEL? THINK AGAIN. The Flagstaff Super Lite Fifth Wheel models provide light weight alternatives with a variety of floor plans, features and options for owners of 1/2 ton pick up trucks. Equipped with a standard LCI Turning Point hitch, you can tow with almost any size truck bed. Take a close look and you will see that our Super Lite fifth wheels have been custom designed with the best in styling and amenities while keeping your towing needs in mind.

Quality Construction

THE DETAILS ARE WHAT MAKE ALL THE DIFFERENCE. Flagstaff takes pride in constructing the very best products possible in each price point. From our entry level units to our top of the line products, no short cuts are taken to achieve excellence. From the all-steel I-beams to the residential interior amenities to the vacuum-bonded exteriors, Flagstaff products are quality built from the ground-up.

A

B

C

D

E

F

G

A Glued and screwed wood cabinetry

B Aluminum dinette frames for added strength and weight savings

C 5/8" tongue and groove plywood glued and screwed to aluminum framing.

D Extra large dinette storage drawers and full extension metal drawer guides in the kitchen

E Dexter Torflex Axles:
 · Independent wheel suspension and self-damping action
 · Rubber cushioning eliminates metal-to-metal contact.
 · Forged torsion arm for maximum strength

Models are also equipped with E-Z Lube® System and Nev-R-Adjust® Brakes.

F Standard under belly to protect trailer components as well as increasing aerodynamics

G Aluminum Frame Construction with high gloss fiberglass exterior and deluxe graphics

ROOF CONSTRUCTION

4" thick vacuum-bonded radius roof with built in insulated A/C ducts and vaulted ceiling providing superior insulation and more interior height.

INSPECTION

Rigorous aesthetic and full functional testing performed on every trailer produced

VACUUM-BONDED LAMINATED CONSTRUCTION

Flagstaff is one of only a few manufacturers with six sided aluminum framing. Vacuum bonded walls and roof to ensure a well-insulated, light weight, strong structural trailer.

CLIMATE PROTECTION

Heated holding tanks, enclosed under-belly's, 35K BTU furnaces and a radiant foil barrier in the underbelly, front cap and slide-out floors lead to a more comfortable coach year-round.

WALL STRENGTH

Structurally engineered materials makes our vacuum-bonded walls some of the strongest in the industry.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

SPECIFICATION DEFINITIONS

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Flagstaff Warranty. Our Promise.

FOR DETAILS ON FLAGSTAFF'S COMPLETE WARRANTY PROGRAM, SEE YOUR FLAGSTAFF DEALER. When it comes to backing products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Flagstaff. Flagstaff offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1. Twelve-year vinyl roof warranty.
2. Two-year fiberglass warranty.
3. Ten-year Torflex axle warranty.
4. One-year bumper to bumper warranty.
