## Trailer Specs

A highly efficient design for the most room in a small toy hauler. The CB has a very spacious entry area for extra cargo space.

Pictures shown are of similar units and may not be the actual parts included in your new toy hauler.

Due to variations in trailer lengths and floorplans, some substitutions may occur.

Trailers are individually custom built. Cabinets, wall colors, flooring, fabrics, shelving, accessories, and other items shown are at the discretion of the manufacturer.

If you see something you like, be sure to speak with your representative for any questions you may have.
