Manufacturing

To guarantee that Avenger provides true customer satisfaction, our engineers carefully examined every component, every small detail, and every process that went into Avenger's creation. It was important to offer industry-leading beauty, so real Native American Cherry hardwood cabinet doors were paired with premium fabrics, flooring, and countertops for a luxurious appearance. Features and design elements that are considered to be "Best In Class" and rarely found on the competition were specified to fully maximize customer enjoyment. Demanding testing standards and innovative construction techniques like EVERLAST® were developed to ensure long-term quality and durability. If "Your Journey Begins Here", Avenger is sure to please.

• Opposing slide rooms, residential Theatre Seating from Lane® Furniture, and a beautiful island kitchen are highlights of the 33RDS Model.
