COUGAR

EASTERN

**Keystone RV
Company**

The ultimate
ownership experience.

The ultimate ownership experience.

The goal of Keystone RV Company is to surprise and delight our owners at each and every touchpoint. We're happy when our campers are happy, and we are committed to providing the very best ownership experience in the industry.

**Keystone RV
Company**

1 EASIER SHOPPING.

At Keystone, we make choosing an RV as easy as finding the Big Dipper on a dark summer night. With comprehensive online product information, Key Connect™ product advisors, and an unparalleled dealer network, we will help you select the perfect RV for your family's adventure.

2 INNOVATIVE THINKING.

The road's a nicer place when you have the industry's smartest features behind you. Keystone leads the pack in patented innovations that make our RVs safer, more comfortable, and easier to operate.

3 LONG HAUL QUALITY.

To keep you on the road, there are certain things we just won't build a Keystone RV without. Game-changing features like our Unified Wiring Standard, Tru-Fit™ five-point slide construction, and no-fail Tuf-Lok™ A/C duct joiners combined with exhaustive testing and inspections are some of the reasons why Keystone is able to offer our owners the industry's best 3-year limited structural warranty.

4 WORRY-FREE CUSTOMER SERVICE.

Wherever the road takes you, you're never too far from an authorized Keystone service center. We also offer live service assistance, ultra-fast parts shipping, online maintenance tips and tricks, and a single-point warranty claims policy. *That's* peace of mind.

5 KEYSTONE NATION.

When you choose Keystone, you become a part of one of the largest camping families in the country. We're Keystone Nation. A friendly community where people share photos, travel tips and amazing stories – all in the spirit of camaraderie and adventure. Come join us.

COUGAR

#1 SELLING MID-PROFILE FIFTH WHEEL AND LUXURY
TRAVEL TRAILER FOR OVER TWO DECADES.

MID-PROFILE FIFTH WHEELS | HALF-TON FIFTH WHEELS | HALF-TON TRAVEL TRAILERS

Engineering and design that starts with the customer.

Committed to innovation, quality, style and affordability, Keystone's Cougar brand sells more mid-profile fifth wheels and luxury travel trailers than any other brand. The Cougar line-up is designed to grow with your family, from your first RV to your last. Cougar takes the time to understand how you travel in each life stage, so that we can provide families with the best camping experiences, year after year, Cougar after Cougar. You can count on every Cougar to deliver user-friendly floorplans, unparalleled towability, innovative features and luxurious touches that make it America's most-awarded RV brand.

Keystone EXCLUSIVE Innovations

Year after year, Keystone RV's experienced team delivers Built For the Long Haul quality you expect and exclusive innovations you won't find anywhere else.

3-year Limited Structural Warranty, 1-year Limited Base Warranty

Every new Keystone RV comes with the industry's best three-year limited structural warranty AND a one-year limited base warranty. Ask your dealer, visit keystonerv.com, or call Keystone Owner Relations for details.

4G LTE and Wi-Fi Prep

All Cougars are equipped with a new antenna that integrates 4G LTE and Wi-Fi with standard VHF/UHF/AM/FM reception.

KeyTV™

No more connection guesswork or poor reception. KeyTV offers a game-changing, single point of control of over-the-air, cable, and satellite feeds. Visit us online for more information.

Color-Coded Wiring Standard

Easy-to-trace circuits simplify electrical and entertainment system troubleshooting.

Tuf-Lok™ A/C Duct Joiners

Crush-resistant design securely joins A/C ductwork, drastically reducing chilled-air leaks and boosting cooling efficiency and comfort.

In-floor Heating Ducts

Distributes heat evenly for greater comfort.

Road Armor™ Suspension

Equalizes axle load to dampen shock and vibration.

Tru-Fit™ Slide Construction

A more durable slide room design that minimizes functional motor and structural stress, resists leaking.

Multiple 12V USB charging centers in every floorplan
Enjoy the convenient locations to charge your mobile devices.

NEW iN-Command® Generation 3 w/ Global Connect
Gives owners total control over power, slide rooms, awnings, HVAC and more, from a convenient master control panel as well as an enabled smartphone app.

Ultra-stable and Secure MORryde® Step Above™ Steps
Ultra-stable and secure MORryde® Step Above™ steps with Keystone kick plate.

Ground Control® 3.0 Auto Leveling System
Leveling jacks automatically level your RV within two minutes. Simply with the touch of a button (most models).

THE COUGAR DIFFERENCE — PREMIUM FEATURES

2" Accessory Receiver Hitch
Every Cougar comes standard with a 300 lb. carrying capacity receiver hitch. Perfect for use with any accessory approved for RV use. Check accessory owner's manual.

Furrion® Safety Observation Prep
Includes left and right side camera prep, plus rear camera prep.

Road Armor™ Suspension and Pin Box (fifth wheels only)
Equalizes axle load to dampen shock and vibration (fifth wheel only). Also helps to absorb towing shock and reduce the transfer of forces from fifth wheel to truck.

New Theater Seats
All theater seats now have heated and massaging seats and LED Lights.

Slide Topper Ready
All Cougars have been engineered to add slide toppers.

Largest In Class Fresh Water Tank Capacities
81 gallons in mid-profile fifth wheels. 60 gallons in half-ton series travel trailers and fifth wheels.

-  **Heat-deflecting White Sidewalls, Membrane and A/C** – redesigned exterior provides an additional shield to the summer heat.
-  **Standard 15,000 BTU Main A/C and Exclusive Tuf-Lok™ Duct Joiners** – Exclusive Tuf-Lok thermoplastic duct-joiners allow maximum airflow from roof-installed ductwork.
-  **Optional 13,500 BTU Ducted Second A/C (N/A 22RBS)** – Cougars have an optional ducted and thermostatically controlled 2nd A/C.
-  **Radiant Foil Barrier in Front Cap** – Radiant foil reduces amount of radiant heat that can come from the units front cap during summer months.

Hot & Cold Weather Protection

All models to a tested temperature rating up to 110°F and down to 0°F*

-   **Remote Temperature Probes and Gen. 3 In-Command** – Provides more accurate temperature readings, has timed on/off procedures, and can be monitored and controlled from anywhere with a smartphone.
-   **Double Insulated Laminated Rear Wall** – Cougar's exclusive design combines rolled fiberglass and a second layer of styrene insulation providing the best insulation for the RV.
-   **Insulated Gooseneck, Bulkhead divider, and Sealed Pin Box (5th Wheels)** – Cougar comes with a fiberglass insulated gooseneck, bulkhead divider wall, and a foam gasket sealed pin box moderating the upper deck temperature.
-   **Insulated Slide Floors** – Unlike basic radiant foil, Astro-Foil has air pockets for insulation installed into the slide floors, keeping the warm air in, and cold air out.
-   **Two Roof Attic Vents** – In hot climates, attic vents help release hot air that often gets trapped under the roof decking. In cold climates attic vents help to release moisture, reducing the amount of condensation.

-  **Heated Pass-Through Storage (fifth wheels)** – Cougar places a heat register behind the convenience center in the pass-through storage to prevent water lines from freezing.
-  **12 Volt Electric Heat Pads on All Holding Tanks** – Provides additional heat to the holding tanks while camping in cold climates and can also be used while in transit.
-  **35,000 BTU Furnace, and 5,500 BTU Electric Fireplace (most models)** – Unlike most competitors, Cougars have a 35,000 BTU furnace and most models have a 5,500 BTU fireplace, providing over 40,000 BTU's of heat.
-  **Heated and Enclosed Underbelly** – The sealed Coroplast underbelly has a layer of Astro-Foil insulation beneath the holding tanks, and fiberglass insulation above the tanks, while a heat duct is ran adjacent to the waterlines where heat is dumped around the fresh tank, keeping your tanks, waterlines, and gate valves from freezing.
-  **PEX Plumbing** – Resistant to corrosion, pitting, and scaling, this residential plumbing is installed using fewer fittings, reducing potential leak points. PEX retains more heat in the hot water lines, while lessening condensation in the cold water lines than traditional copper or CPVC plumbing. PEX also expands up to three times its diameter if water in the lines freeze.

ALL FIFTH WHEELS AND TRAVEL TRAILERS COME WITH ROOF AND SIDE SOLAR PREP WITH INVERTER PREP.

Benefits of Solar Power

- No more dead batteries. Solar charging minimizes the need to plug into shore power to recharge batteries, helps maintain batteries, and increases battery life.
- Camping off-the-grid. Designed to make it easy to boondock off the grid for a weekend or full time.
- Solar power is quieter, cleaner and requires a lower upfront investment than traditional RV generators. A solar power system quickly pays for itself by eliminating on-going costs associated with generators, like gas, oil and other required maintenance.

Cougar "OTG" Solar/Inverter Prep (standard)

1. Roof mounted, dual-port access with solar charger prep located in pass-through storage compartment for roof mounted applications
2. Sidewall port access for portable solar panel systems
3. Inverter prep conveniently located in the pass-through storage compartment
4. 3 - 110V Outlets on every unit are prepped for inverted use with wiring conveniently terminated in the pass-through compartment for an optional inverter

Cougar "OTG" Solar Camping Package (option)

1. 1 - 170 watt Zamp roof mounted solar panel (expandable up to 510 watts in the aftermarket)
2. 1 - 30 amp Zamp solar charging system
3. 1 - 1200 watt pure sine inverter
4. 3 inverted outlets inside the trailer (bedroom, kitchen, living room TV)
