Unparalleled Class A Value

When it comes to the value and motorhomes, the Vista® stands out from the crowd. Among seven luxurious layouts to choose from, we have added the new triple-slideout 36Y featuring a unique galley design with residential refrigerator, two-tiered galley countertop, dining table/buffet with HDTV, plentiful storage, and a walk-around queen bed

or available king bed. For even more sleeping space, the StudioLoft™ drop-down bed is available on all models. To us, value means offering quality standard features such as MCD blackout roller shades, powered patio awnings, and rearview monitors. Add in Winnebago's® legendary reputation for quality and you have an unbeatable value in your Vista.

Recognized Quality The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service, and support. Winnebago is proud to be the only manufacturer that has received this award every year since its inception.

Best in Class

Turn your cab into a second bedroom with the available powered **StudioLoft™** that drops down from the cab ceiling for an additional sleeping space.

Settle into your home on wheels with stylish decorating including frosted glass cabinet doors, an available galley backsplash upgrade, and the two-tiered Corian® countertop in the 36Y.

With the **Dining Table and Chairs**, (30T, 36Y) you can serve two or extend the table to accommodate four people. The HDTV smoothly retracts into the buffet to reveal more space for your serving needs.

Enjoy the modern conveniences of the cab with the **Radio/Rearview Monitor System** with color camera and available SiriusXM™ satellite radio (subscription not included) (NA 26HE, 31KE).

The Vista allows you to create your ideal living space with seven unique floorplans and numerous furniture options. From a sofa/bed to the available Comfort Sofa Sleeper (27N, 30T, 35B) to the Extendable Sectional Sofa (35F), your lounge can easily accommodate many guests or just the family. The Ultraleather™ cab seats (Primera 26HE, 31KE) swivel around to become part of the living area. Enjoy controlling the lighting and privacy levels with the MCD solar/blackout roller shades and LED ceiling lights (NA 26HE, 31KE).

36Y Bedroom

Most floorplans include a slideout in the bedroom and each layout features a walk-around queen bed, while the new 36Y offers an available king bed. Those looking for a little extra storage will love the expansive wardrobe in the 27N, 35B, and 36Y, while the 30T and 35F offer his and her wardrobes and additional storage cabinets. The 35B also comes with twin bunk beds so you can comfortably sleep up to seven people. A dedicated 110-volt outlet is connected to a 2,000-watt inverter in the 36Y, or 1,000-watt inverter available on most models.

All bathrooms feature a textured glass shower door, laminate countertops, and an elegant skylight. The 35B and 35F feature a master bathroom complete with the BIG Shower and the mid-coach bath in the 27N and 36Y has additional storage space as well.

Dash

Driving is more pleasurable than ever thanks to the comfortable, adjustable Ultraleather cab seats (Primera 26HE, 31KE) with fixed lumbar support. The Rearview Monitor System and available sideview cameras (NA 26HE, 31KE) offer greater control and peace of mind when maneuvering the coach. In addition, your co-pilot will appreciate the convenient dash workstation (NA 26HE, 31KE).

Powered Mirrors

36Y Dash Workstation

Enjoy sunny afternoons under the powered patio awning, and spend your evenings with the available exterior entertainment center, complete with an HDTV (30T, 36Y). Additional features include automatic hydraulic leveling jacks and exterior paddle latches with dual-latching points.

Stylized Aluminum Wheels (35B, 35F, 36Y)

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Rubber Can't Cut It

Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating

An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing

Precision laser cutters create precision joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.

² The floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

³ The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.

⁴ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

⁵ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

⁶ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

⁷ See separate chassis warranty.

⁸ See your dealer for complete warranty information.
