TRU-BRACE

Forest River Diesel Chassis Upfit Support System

Your home
on wheels needs
a solid foundation,
that is why your Forest
River Diesel Chassis
is upfit by MORryde.

Structure built on a fixture table for optimum leveling and squareness. Laser cutting +/- 0.010. Bending within +/- 0.01 degree.

ORIGINAL CHASSIS

UPFIT WITH THE TRU-BRACE™ REINFORCED FRAME

Slight curve

Straightens and strengthens

Aluminized Steel Side Skirts **prevent rust** and **prolong the life** of the structure

Side skirts assembled as one piece to **minimize seams** and **prevent rust creep**

Upgraded from molded plastic, the steel bays hold **more weight** for your gear

The Tru-Brace™ reinforcements **strengthen the frame**, **reduce chassis flex** and **minimize the springboard effect** that whips the back of your unit up and down over rough roads.

DRIVE THE DIFFERENCE.

You expect more, we deliver more.

At Berkshire we know your standards are high, and we strive not to meet but to exceed your expectations. From the ground up, the Berkshire series is designed to bring you complete comfort on the road. In our effort to bring you unparalleled excellence, we proudly utilize only the finest components and building processes in the industry as a sign of our dedication to your satisfaction.

The XC-R chassis offers you greater horsepower and torque options. The design also features a lowered rear frame rail, allowing for a flat floor throughout the entire coach and more floorplan configurations.

Introducing the V-Ride™ Rear RV Suspension System from FCCC. As the first ever single axle suspension rated at 21,000 pounds and higher, it's designed for today's demanding luxury motorhome owners- who want the ability to carry more gear, the freedom to equip their interiors with premium amenities, and a comfortable, confident driving experience.*

The optional UltraSteer I-Series features an independent suspension on the tag axle. This provides enhanced overall ride quality and stability, with comparable weight capacity and turning angle to the B-Series.*

*UltraSteer Available on XLT models only.

CONSTRUCTION BENEFITS

INSTANT CONSTANT ENDLESS

Truma AquaGo® - the revolutionary instant water heater

The Truma AquaGo® hybrid instant water heater gives RVers a superior experience that starts with endless hot water. But that's just the start. Multitasking German engineering first takes the revolutionary Truma AquaGo® to a truly higher level with innovations that include sophisticated and cold weather camping.

For more information visit www.truma.net or call 800-858-7382

Exclusive decalcification technology - Extends life and maintains performance

- The industry's only descaler water heater that runs on the decalcifier
- Removes calcium buildup that leads to loss of efficiency and premature failure
- Don't worry about hard water again

Truma hybrid technology keeps temperature constant - No scalding

The only instant water heater providing solid protection through its patent pending temperature probeless sensing system.

Simply open "Easy Drain Lever" - Winterization done

It's never been so easy to winterize as the AquaGo. Easy Winter lever allows you to drain the water heater. Easy Winter lever is a true innovation of the AquaGo's engineering and design excellence to simplify everything.

truma
More comfort on the move

Berkshire Construction Benefits:

1. For quality assurance, all construction takes place in a single facility. **2.** Auxiliary air chuck on 1.5" insulated firewall. **3.** Neoprene isolator between chassis and floor eliminates vibration. **4.** Truma continuous hot water heater. **5.** Easy interior dash access. **6.** Auxiliary LP hook-up on curb side. **7.** All firewall openings sealed and grommets to eliminate electrical shorts. **8.** Minimal connections on all water lines. **9.** Our fiberglass dash is integrated with the front cap.

EXTERIOR FEATURES

1. All Berkshires feature an outside entertainment center. The Berkshire comes with a 32" LED HDTV, the Berkshire XL and Berkshire XLT feature a 40" LED HDTV with a radio and an auxiliary jack.

2. The Berkshire series features a standard slide out generator. 6.0kW on the Berkshire, 8.0kW on the Berkshire XL and the Berkshire XLT features a 10.0kW generator.

3. Easily access chassis electrical fuses with our exclusive no fuss schematic.

4. Berkshire's water manifold system with whole unit water filter and exterior shower.

5. Standard strut assisted café compartment doors with pass thru storage and optional slide-out storage tray.

6. Equalizer Systems hydraulic extend and retract landing gear. Automatic, one touch operation levels your motorhome in less than two minutes, operating each leg independently in a sequential process.

Automotive & Cockpit Standards

- Freightliner XCR raised rail chassis
- Cummins ISB turbo diesel 6.7 liter 340 HP at 2800 RPM, 700 ft. lbs. torque at 1600 RPM
- Allison MH-2500 6-Speed automatic transmission
- 120v engine heater 750W
- 22.5" polished aluminum wheels
- Michelin XRV 255/80R22.5 14 ply radial tires
- Trailer hitch capacity, 5,000 LBS
- Allison electronic push button shifter
- 100 gallon, locking dual fill fuel tank
- Driver side mounted 13 gallon DEF tank (N/A 34QS)
- LCD engine message center
- Day time running lights
- 7-Pin tow power connector
- 18.7 CFM air compressor
- Farr Eco-air cleaner
- Air filter restriction indicator
- Fuel/water separator
- Brake line air dryer with heater
- Automatic, heated moisture ejectors
- Power steering
- Washer/heavy duty-wiper with intermittent function
- 160 amp alternator
- Two (2) 1900 CCA at 0 degree Fahrenheit, maintenance free batteries
- Full air ABS brakes with auto slack adjuster, front disc brakes
- Variable exhaust brake
- Telescopic/tilt steering wheel
- Suspension Neway front and V- Ride rear
- Sachs custom tuned shock absorbers
- 55 degree wheel cut
- Auto air suspension deflation system
- Cross flow, rear mounted radiator
- Transmission oil cooler
- 5 year / 100,000 mile coolant (some maintenance required)
- 4-Spoke VIP black steering wheel
- Electronic cruise control with high idle
- Multiple auxiliary charging ports at dash
- Power stepwell cover
- Entry assist handle

Construction & Exterior Standards

- One piece fiberglass front and rear caps
- Sikkens® full body painted exterior (4x clear coat)
- Four (4) point fully auto hydraulic leveling system with auto air dump
- Steel basement structure
- Tru-Brace chassis support system
- Rust resistant aluminized steel chassis skirts
- Diamond shield front mask protective film
- 1 Piece Fiberglass Roof
- Top-mount remote exterior/heated/mirrors/with cameras
- Frameless dual pane, dark tint windows
- Automotive foam and Ziebart seal undercoating
- Carefree power door awning
- Carefree Latitude dual pitch patio awning with LED lighting and wind sensor
- Carefree slide out topper with covers
- Full height strut assisted compartment doors with full pass through storage
- "One Key" system, exterior compartment, entry door and fuel fill doors
- Ducted A/C system
- Crowned and layered vacuum bonded fiberglass roof
- Vacuum bonded 3" floor with tubular aluminum frame
- Gel coated vacuum bonded aluminum tube with fiberglass and block foam insulated sidewalls
- 1 piece 1/2" Structure wood flooring
- Block foam polystyrene insulation
- 30" Entryway
- In wall channeled drains for A/Cs
- Tubular steel firewall with polystyrene insulation
- Lighted exterior assist handle
- Two piece rear ladder
- 84" interior ceiling height
- PTL steel entrance door with deadbolt
- Auxiliary air chuck (front firewall)
- Auxiliary LP supply, quick connect (passenger side)
- LED Marker lights
- Full length mud flap with chrome Forest River name

Electrical Standards

- 50A service w/auto transfer switch and 30' power cord
- 6kW Onan diesel generator with manual slide tray
- Electronic battery disconnect switch
- Remote generator start switch (on dash and in bedroom)
- Multi-Plex Lighting with smart APP Controls
- Dimmer control lighting throughout
- LED ceiling light package
- Driver and passenger LED ceiling map lights
- Cosmetic bathroom lighting
- Decorative wall and dinette lighting where applicable
- Auxiliary engine start switch at dash
- Individual dimmable reading lights on bed overhead
- 2000w pure sine wave inverter/charger
- Auto generator start control
- Four (4) Six volt deep cycle house batteries
- Two (2) Master electric shut off switches
- LED porch and patio lights
- Easy read 12v circuit house load center
- Solar panel controller with roof prep
- Automotive chassis fuse panel

Plumbing Standards

- Variable speed constant pressure water pump
- Individual zoned hot/cold manifold water supply system
- 4-way water management valve in water bay compartment
- Bath - Solid surface under mount sink
- Kitchen - Stainless steel under mount sink
- One piece fiberglass shower with tempered glass door and skylight
- Whole house water filter
- Black water tank flush system
- Kitchen-Single lever faucet with pull-out sprayer
- Double lever lavatory faucets
- Porcelain china bowl toilet with foot flush
- Tecma macerator toilet (rear bath) (N/A 34QS)
- Clean-easy exterior shower hose
- Monitor panel in water bay compartment
- 360 Siphon roof vent caps

Driver/Passenger Area Standards

- One piece windshield
- Power front day/night shades
- Manual passenger and driver window night shade
- Metallic cherry wood grain dash panels
- Fog lights
- 10" Dash radio with integrated color back-up and side view camera package with navigation
- Wrap around cockpit with 6 gauge instrument cluster
- Driver 360 degree swivel and recline seat with 6-Way power adjustment
- Passenger 360 degree swivel and recline
- Passenger side console with cupholder
- Leatherette driver/passenger seat
- Lighted tiled step well
- Two (2) Defroster fans with high and low settings
- Driver/passenger cup holders
- Multiple USB charging ports
- Automotive dash AC/Heater with deluxe controls

Entertainment Standards

- 48" LED TV, living room (N/A 34QS)
- 40" LED TV, living room (N/A 38A)
- 32" LED TV, bedroom
- 32" LED TV, exterior
- 20" LED TV, (2) each bunk with easy access HDMI jack (N/A 34QS)
- Sound Bar with radio, integrated sub and Bluetooth
- Roof mount Winegard Trav'ler satellite prep
- Cable TV prep
- High Definition Cat6 matrix signal distribution
- High Definition digital TV antenna with signal strength indicator
- Sirius/XM satellite radio capable
- Blu-ray DVD player

Interior Standards

- 12" X 24" vinyl tile flooring
- Hardwood cabinetry and slideout fascia
- Raised panel hardwood cabinet doors
- Hidden hinges and bar pull style cabinet hardware
- Carpeted living room and dining slide-outs

- Window valances
- Bedroom carpet with padding
- Visionary hide-a-bed sofa
- Polished solid surface kitchen/dinette countertops with flush sink and stove covers
- Décor laminate on all other countertops
- Soft close ball bearing drawer guides in kitchen
- Full extension ball bearing metal drawer guides
- Galley storage compartment for range and sink covers
- Pull out kitchen countertop (N/A 34QS)
- Bi-fold doors with bunk beds (N/A 34QS)
- "Soft Touch" Dream booth dinette with storage underneath
- Soft Touch padded ceiling
- Roller style day/night shades
- Dresser drawers and wardrobe type cabinets
- 72" X 80" king pillow top with bedspread and decorative pillows (N/A 38A)
- 60" X 80" queen pillow top with bedspread and decorative pillows (N/A 34QS)
- Hardwood headboard with padded insert
- Bedroom, overhead cabinets
- Bed night stands (front stand with dual USB jack)
- Mirrored medicine cabinets
- Towel bar, toilet paper holder and towel ring

Appliances Standards

- 15,000 BTU (front) with heat pump, 15,000 A/C (rear) A/C's
- Holding tank heat pads
- Truma continuous flow tankless gas hot water heater
- 35,000 BTU furnace (N/A 38A)
- 42,000 BTU furnace (N/A 34QS)
- 30" OTR convection microwave oven
- 2 Door residential refrigerator
- Sealed 3-burner stainless recessed cook top
- Power fan in bathroom
- Maxxair in galley w/wireless remote control w/cover
- Washer/dryer prep

Safety Standards

- 110 GFI protected circuits
- Carbon monoxide detector
- LP gas detector with auto tank shutoff
- Smoke alarm
- Egress window
- Surface mounted fire extinguisher

Interior Options

- Theater Seating w/twin sleepers IPO of standard Visionary Sofa (N/A 38A)
- Vinyl wood plank flooring IPO 12" X 24" vinyl tile flooring
- Fitted Cockpit floormat with "Berkshire" logo

Exterior Options

- Slide tray in basement compartment

Driver/Passenger Area Options

- 32" LED TV, front overhead

Appliance/Electronic Options

- Trav'ler (Winegard) satellite antenna- Direct TV (US)
- Trav'ler (Winegard) satellite antenna- Shaw (Canada)
- Electric fireplace
- Stackable washer/dryer

Construction & Exterior Standards

- Fiberglass front and rear caps
- Full body painted exterior (4x clear coat)
- Four (4) point fully auto hydraulic leveling system with auto air dump
- Steel basement construction
- Tru-Brace chassis support system
- Rust resistant aluminized steel chassis skirts
- Diamond shield front mask protective film
- 1 Piece fiberglass roof
- Top-mount remote exterior/heated/mirrors/with cameras
- Frameless dual pane, dark tint windows
- Automotive foam and Ziebart seal undercoating
- Carefree power door awning
- Carefree Latitude patio awning with LED lighting and wind sensor
- Carefree slide out topper with covers
- Full height strut assisted compartment doors with full pass through storage
- "One Key" system, ext-compartment, entry door and fuel fill doors
- Quiet integrated A/C intake/ducting roof system
- Crowned and layered vacuum bonded fiberglass roof
- Vacuum bonded 3" floor w/tubular aluminum frame
- Gel coated vacuum bonded aluminum tube with fiberglass and block foam insulation sidewalls
- 1 piece 1/2" Structure wood flooring
- Block foam polystyrene insulation
- 30" Entryway
- In wall channeled drains for A/Cs
- Tubular steel firewall with polystyrene insulation
- Lighted exterior assist handle
- Two piece rear ladder
- 84" interior ceiling height
- PTL steel entrance door with deadbolt
- Auxiliary air chuck (front firewall)
- Auxiliary LP supply, quick connect (passenger side)
- LED Marker Lights
- Full length mud flap with chrome Forest River name
- Slide tray in basement compartment

Electrical Standards

- 50A service with auto transfer switch & 30' power cord
- 8kW Onan diesel generator with manual slide tray
- Electronic battery disconnect switch
- Remote generator start switch (on dash & in bedroom)
- Multi-Plex lighting with smart APP Controls
- Dimmer control lighting throughout
- LED ceiling light package
- Driver and passenger LED ceiling map lights
- Cosmetic bathroom lighting
- Decorative wall and dinette lighting where applicable
- Auxiliary engine start switch at dash
- Individual dimmable reading lights bed overhead
- 2000w pure sine inverter/converter
- Auto generator start control
- Four (4) Six volt deep cycle house batteries
- Two (2) Master electric convenience shut off switches
- LED porch and patio lights
- Easy read 12v circuit house load center
- Solar panel controller with roof prep
- Automotive chassis fuse panel
- Ceiling fan in bedroom with decorative ceiling treatment
- Accent lighted kitchen counter top edging

Plumbing Standards

- Variable speed constant pressure water pump
- Individual zoned hot/cold manifold water supply system
- 4-way water management valve in water bay compartment
- Bath - solid surface under mount sink
- Kitchen - Stainless steel under mount sink
- One piece fiberglass shower with glass door & skylight
- Whole house water filter
- Black water tank flush system
- Kitchen-Hi rise single lever faucet w/ pull-out sprayer
- Single lever lavatory faucets
- Porcelain china bowl toilet w/foot flush
- Tecma macerator toilet (rear bath) (N/A 40BH, 40A)
- Clean-easy exterior shower hose
- Monitor panel in water bay compartment
- 360 Siphon roof vent caps

Driver/Passenger Area Standards

- One piece windshield
- Power front day/night shades
- Manual passenger & driver windows day/night shade
- Black pearl burl dash panels
- Fog lights
- 10" Dash radio with integrated color back-up and side view camera package with navigation
- Wrap around cockpit with 6 gauge instrument cluster
- Flexsteel soft touch driver seat swivel, recline seat with 6-way power adjust
- Flexsteel soft touch passenger seat swivel, recline and power foot rest
- Passenger side console with cupholder & workstation
- Lighted, tiled step well
- Two (2) Defroster fans with high and low settings
- Driver/passenger cup holders
- Multiple USB charging ports
- Automotive dash AC/Heater with deluxe controls
- Premium Freightliner gauge package w/chrome bezels

The Berkshire XLT series utilizes the Freightliner XCR Raised Rail Chassis, Cummins ISL 450HP @2100RPM, 2200GOV RPM, 1250 LB/FT @ 1400RPM and an Allison 3000MH 6-speed transmission

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - Is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

PRE-DELIVERY INSPECTION FACILITY
20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

- 1) Forest River, Inc. dealers are independently owned and operated businesses to provide service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!
