

AIRSTREAM® Trade Wind™

2024 TRAVEL TRAILERS

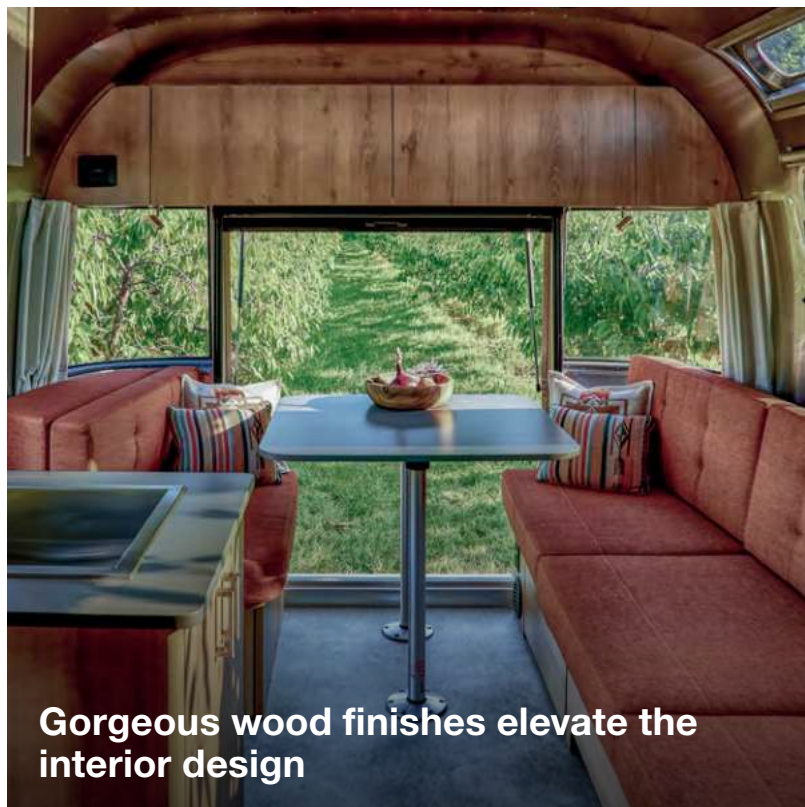

About Trade Wind™

Go farther and stay longer with the all-new Airstream Trade Wind™ Travel Trailer. Featuring increased battery and solar capability, three inches of additional ground clearance, water-conservation features, and more, Trade Wind untethers you from traditional campsites and lets you explore deeper into the natural world. Trade Wind is a vision for the future of camping, with freedom to choose where your adventure leads – whether on or off the grid.

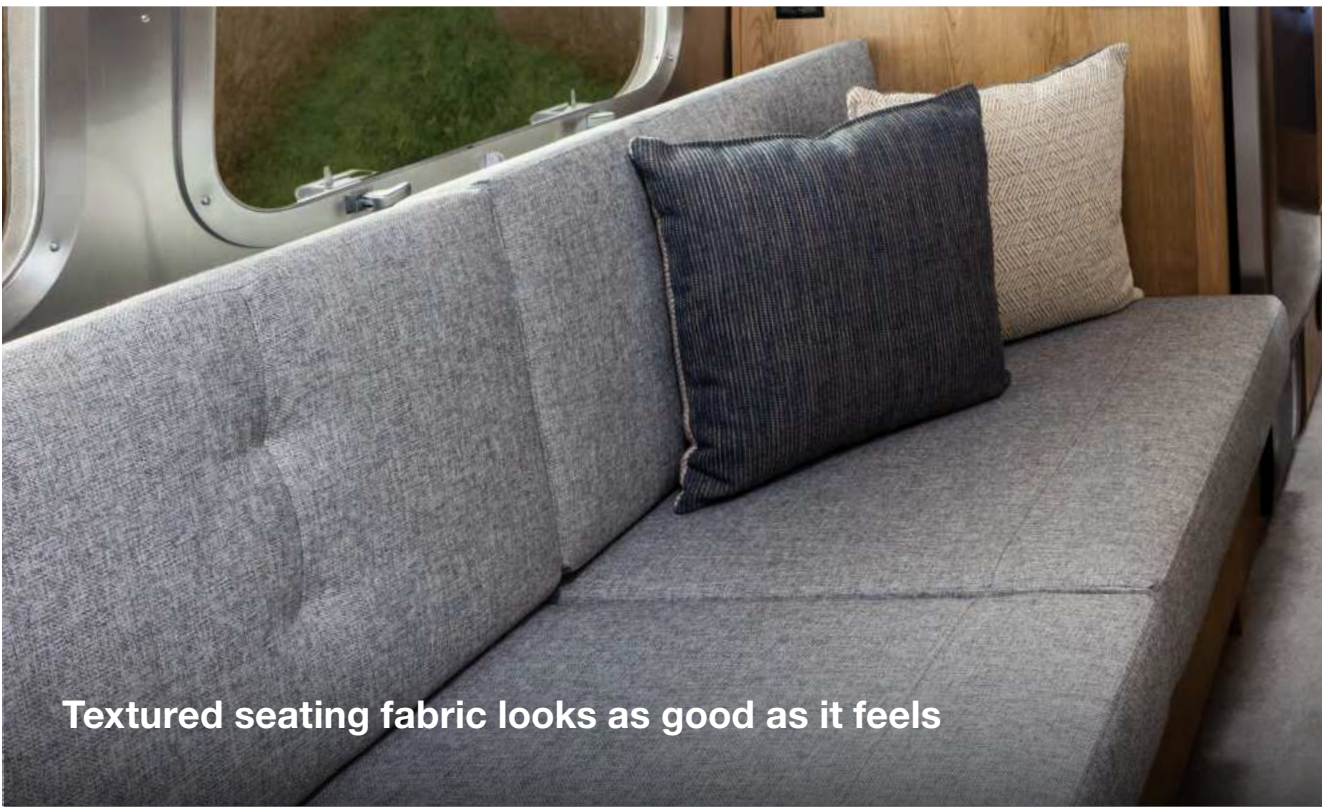

The Freedom of Power Comes Standard

- Three 270Ah lithium Battle Born batteries provide **ample power wherever you go** – enough to run the air conditioner when you're far from shore power.
- Fully inverted with 3000W capacity, enabling device charging, high-power appliances, and **long-term boondocking without traditional hookups**.
- **Off-grid capable design** features a 3-inch lift kit for added clearance and rugged tires for tackling rough terrain.
- Keep batteries topped off with the **600W of rooftop solar panels**.

Gorgeous wood finishes elevate the interior design

Textured seating fabric looks as good as it feels

Optional Rear Hatch lets you load gear and enjoy al fresco dining

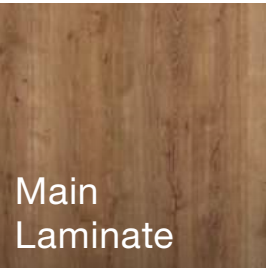

Fieldstone

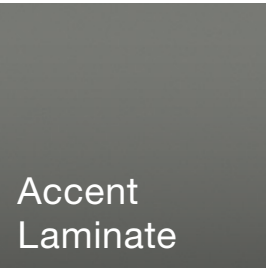

Oak laminate on the walls balanced with the cool Fieldstone gray cushions creates an inviting interior accented by soft orange and indigo blue in the soft goods.

Main Laminate

Accent Laminate

Bedding

Flooring

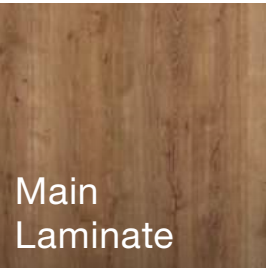

Terracotta

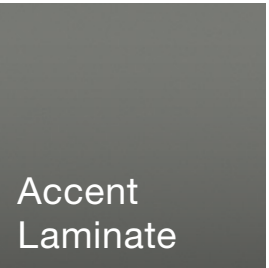

Bold clay tones in the seating fabrics are contrasted against the cool concrete pattern in the flooring, soft textures in the accent pillows, and indigo blue bedding fabric.

Floor Plan Option

One of the most popular Airstream floor plans across all models, Trade Wind's 25FB configuration offers space to spread out, a dedicated bedroom with a queen bed (plus a lounge and convertible dinette with room to sleep up to three more), and a shower/lavatory split across the aisle midship.

25FB
Weight: 6,200 lbs
Exterior Length: 26' 2"

Exterior Features

Under the surface, Trade Wind is a revolutionary new Airstream travel trailer with more power than ever before. But from the outside, Trade Wind features Airstream's iconic riveted aluminum style – plus all the features that help make your travel dreams come true. Rock guard protection, three additional inches of ground clearance, and rear-view cameras help protect your investment while you navigate your adventure, and air conditioning ensures you have a comfortable stay. The optional Rear Hatch lets you load bikes, fishing poles – even a kayak or two – and provides incredible views (and ample breezes) while eating at the dinette.

[Explore more features the Trade Wind has to offer](#)

1 600W of Rooftop Solar

Harvest the abundant and free power of the sun for off-grid adventures

2 Inverted Air Conditioner

Stay cool with an A/C powered by the onboard batteries

3 Rock Guards

Stainless steel rock guards and solar window protection deflect road debris

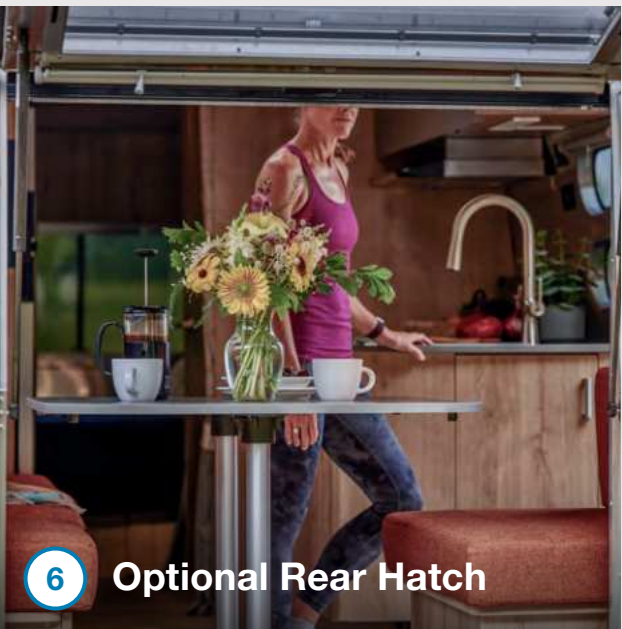

4 Rear-View Monitoring

Easily navigate into campsites and keep an eye on traffic while towing

5 Extra Ground Clearance

A 3-inch lift kit makes it easier to navigate beyond the pavement

6 Optional Rear Hatch

Load gear and enjoy al fresco dining with the pull-down screen

More Information

Sixty-five years after Airstream introduced the first self-contained travel trailer model that didn't require power, water, and sewer hookups, Trade Wind is an innovative travel trailer built for modern adventures. Taking "self-contained" into the 21st Century, Trade Wind offers travelers an untethered experience that eschews traditional campsites and full hookups. Explore the solace and tranquility you can only find in remote areas without sacrificing the comforts of home.

- 810Ah of Lithium Battle Born batteries, standard 600W of solar capability, and a 3000W inverter powers your off-grid travel while letting you bring along the comforts of home.
- Three inches of additional ground clearance and rugged Goodyear® Wrangler Workhorse® tires let you explore beyond the pavement.

How It's Made

Informed by more than 90 years of quality craftsmanship and expert design, Airstream travel trailers are hand-made in Jackson Center, Ohio. Only the best materials are used – from seamless, waterproof composite flooring, to the hardware and finishes we use to build our cabinetry, to the rivets and aluminum that form the shell. In building our world-famous travel trailers, we rarely do things the easy way. That's why an Airstream travel trailer can last a lifetime – or more – and be passed down from generation to generation for years of enjoyment.

[Schedule a factory tour.](#)

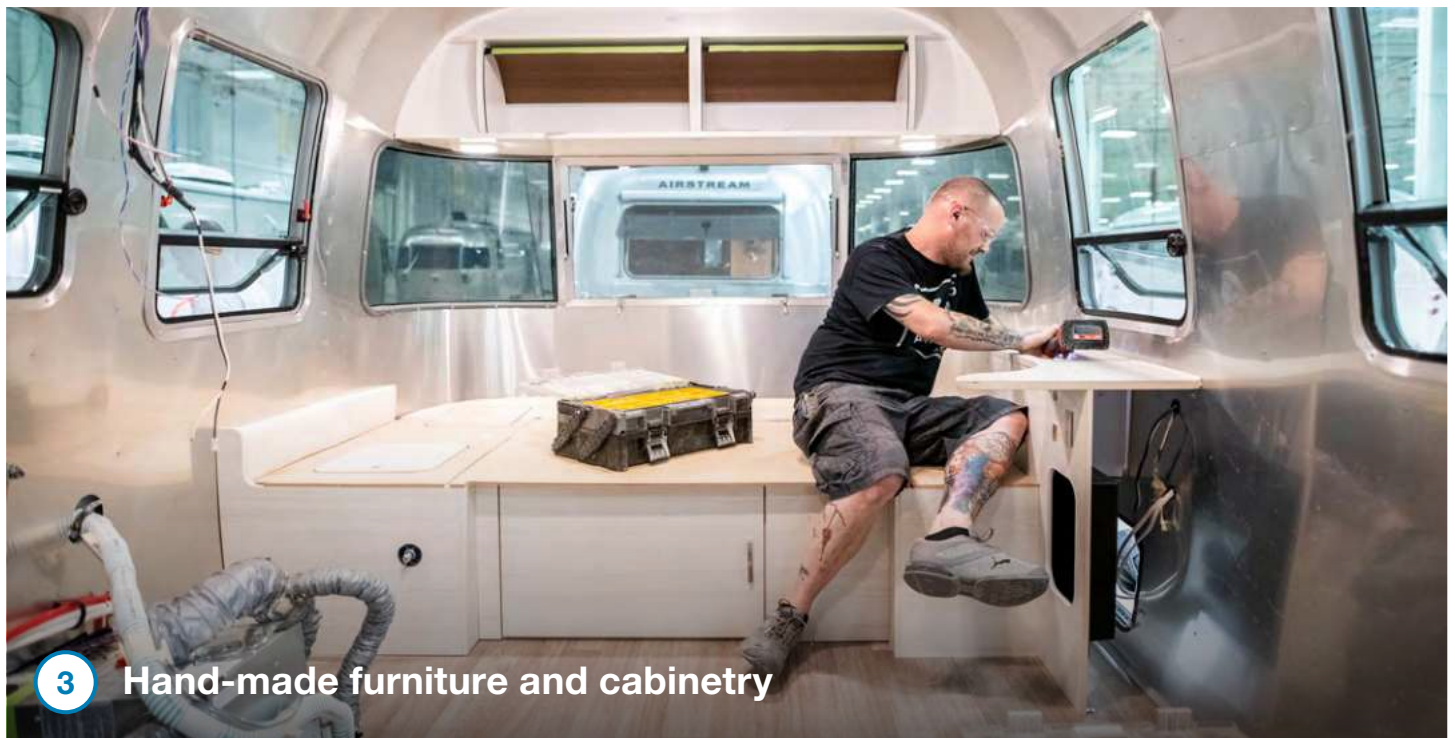

5 Multi-point quality inspection before heading to customers

1 Seamless composite flooring

2 Riveted aluminum shell built with time-honored techniques

3 Hand-made furniture and cabinetry

4 Water check ensures the shell is watertight
