A NEW CENTURY.

A NEW MILLENNIUM.

*AND A NEW STANDARD
FOR VALUE IN MID-LEVEL
LUXURY MOTORHOMES:*

INTRUDER 2000

Given Damon's years of manufacturing experience, it's obvious why Intruder 2000s are such industry value leaders. They look like a million. Yet they cost thousands of dollars less than other comparably equipped RV brands. And, of course, nobody surpasses Damon's sense of style. So, go where you will. With features like these, your Intruder 2000 will put you right at home:

- Large, open floor plans with space-adding slideouts that let you move about freely
- A warm, inviting, home-style decor in four coordinated color choices: BlackTie, Cotillion, Cotswold and Windsor
- Rich wood cabinetry and trimwork
- Decorative wallpaper borders in the kitchen and bath
- Abundant storage space inside and out — note the kitchen and bedroom, especially
- A spacious freestanding wood dinette with decor-coordinated upholstery — or the option of a booth-style dinette
- A plush sofa of 68" or longer

INTRUDER 2000

- Large windows for optimum visibility, ventilation and light
- Elegant window treatments with fabric-covered lambrequins and decorator valances
- Day/night shades, standard, for added privacy
- Damon's exclusive StepSaver™ kitchen, designed to speed and simplify meal preparation
- Attractive plank flooring in the kitchen
- A decor-coordinated kitchen countertop
- A large, easily accessible bathroom with a skylight over the shower
- A windshield drape to create privacy at the front of the coach

INTRUDER 2000

- A luxurious master bedroom — featuring a queen-size bed with a mirrored headboard, a plush pillowtop mattress, a designer bedspread, matching window treatments and lots of practical, warm-looking cabinetry
- Outside, a standard awning that essentially gives you a 160-square-foot patio
- Damon's exclusive Comfort Control Center™ that keeps interior temperatures pleasant in any climate, year-round
- The peace of mind that comes from knowing your Intruder 2000 has passed Damon's strenuous 400-point StartRight Quality Assurance test — required before it could leave the manufacturing facility
- The benefits of TQS, Damon's ongoing Total Quality Service improvement initiative, designed to meet your needs on and off the road, wherever your Intruder takes you

WARRANTY INFORMATION:

One-piece rubber roof - 12 years

Awning - 5 years

Water heater - 2 years

Range - 2 years

Refrigerator - 2 years

Gas sensor - 2 years

Generator - 3 years

Power convertor - 2 years

Everything else - 1 year

THE VALUE IS BUILT IN

INTRUDER 2000

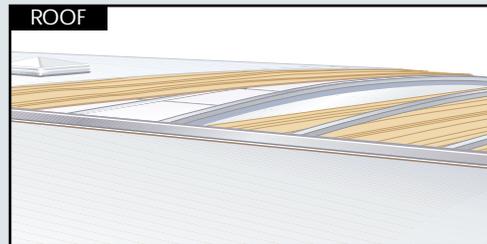

Intruder 2000s are the product of advanced engineering, computer-aided design and innovative manufacturing technologies. You can see the difference that makes. No other motorhomes in their class offer so impressive a combination of beauty, brawn and benefits.

- 1 - Ducted 13,500-BTU and 11,000-BTU roof air conditioners, standard, to distribute cool air efficiently
- 2 - A sleek, stylish, fully integrated fiberglass front cap
- 3 - A tinted front windshield that reduces glare and solar heat
- 4 - Pantographic, dual-arm windshield wipers that ensure top visibility in adverse weather
- 5 - A front-mounted convex exterior sideview mirror, remote-controlled for easy, precise adjustment
- 6 - Standard fog lights for increased touring safety
- 7 - A smart-looking radius-cornered entrance door with a white anodized frame
- 8 - Attractive, white, anodized-aluminum radius window frames with large sliding-glass windows that are tinted to keep out solar heat
- 9 - Standard ceiling vents that provide ventilation throughout the coach
- 10 - A fully integrated, aerodynamic rear fiberglass cap with a large-capacity trunk for stowing bulky items
- 11 - A painted aluminum roof ladder that permits easy access to roof storage
- 12 - A spare tire, standard
- 13 - A fully enclosed and heated 100-gallon freshwater tank — great for extended travel with fewer stops
- 14 - Two fully enclosed and heated 50-gallon wastewater holding tanks
- 15 - Damon's exclusive One Flush System® that allows you to empty your water tanks from one convenient location; a sprayer hose makes cleanups easy
- 16 - A standard exterior shower (in the utility hookup compartment) featuring hot and cold running water — perfect for hosing off dirty feet or for cleaning gear before you come inside
- 17 - Damon's electric, gear-driven slideout system with smooth, simple, push-button operation
- 18 - Computerized wheel alignment (part of Damon's 400-point StartRight Quality Assurance Program™) that helps provide a safe, trouble-free ride

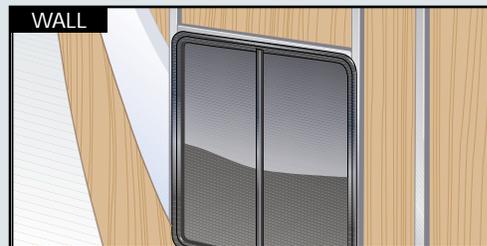

In every Intruder 2000 you'll find an amazing amount of storage space. Consider our underfloor, exterior-access storage compartments. Most of them have 22"-high openings outside the main rails and 12" pass-through areas. All these compartments are made of rugged rotocast polyethylene

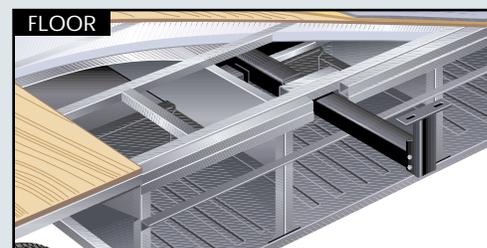

for easy cleaning and maintenance. They're framed in steel, too, for extra durability and the best possible water seal. Other features include interior lighting that's operated by a switch near the motorhome's entry door; sturdy yet lightweight insulated baggage doors; paddle-shaped door handles that give you a good grip; and automotive-style latches that keep the doors shut. One-way kazoo valves in every storage compartment allow thorough cleaning; water drains right out.

Intruder 2000's seamless, one-piece EPDM rubber roof comes with a full 12-year warranty. It's specially formulated not only to withstand the elements, but to provide excellent thermal and acoustical insulation. Radius corners allow proper water runoff. For additional strength, the roof is crowned. It features an extruded aluminum frame, lauan decking and highly energy efficient block-foam insulation.

The gleaming Ice White® exterior of Intruder 2000 is made of smooth, durable, easy-to-maintain fiberglass, vacuum-bond laminated in one piece. A high-gloss gelcoat finish heightens the appeal. For added strength and protection against leaks, all window and door perimeters are aluminum framed. Expanded polystyrene block-foam insulation — 1-1/2" in the floor as well as the sidewalls — increases the coach's energy efficiency and helps dampen sound.

Intruder 2000 has one of the safest, most substantial foundations in the industry. It features heavy-duty steel trusses welded to the chassis for maximum strength. A fully enclosed underbelly protects the holding tanks, reduces wind resistance during travel and permits extended seasonal use. Undercoating and a foam seal act as additional barriers to the elements. Seamless, one-piece decking helps reduce squeaks and road noise. High-quality residential carpeting and padding tops it all off, providing exceptional comfort as well as insulation. Damon's Gentle Ride® system reduces noise, vibration to give you a smoother, more comfortable travel experience.
