Keystone RV
Company

AVALANCHE

Team Avalanche proudly introduces the FIRST "Next Generation" fifth wheel designed for today's family. Avalanche offers features, comfort and livability for extended trips or weekend vacations. With emphasis on family friendly floorplans, Avalanche is the ideal coach for the active lifestyle.

Avalanche comes standard with several game changing features like *Wide Body Spacious Interiors, Huge Panoramic Frameless Windows and Enormous Slide Room Heights*. These are features that simply won't be found in other high profile fifth wheel brands.

Avalanche was designed with you in mind - a customer who deserves and demands the highest level of *Quality and Craftsmanship* available in the marketplace today.

72° Inside

COMFORT INDOORS

With an impressive list of industry- leading construction advancements, Avalanche sets the bar in four season living. But don't just take our word for it — look at these official test results from a world leader in heating and cooling technology — Dometic Corporation. Subjected to below zero temperatures inside their legendary test chamber, the following temperatures were recorded inside an Avalanche with the thermostat set at 74°;

Living room	72°
Bedroom	70°
Bathroom	75°
Pass-Thru/Utility Center....	58°*

Of course, inside temperatures are only part of the story. With our industry leading “Therma-Shield 37” package, all the holding tanks and dump valves remained completely operational on our test unit with recorded temperatures consistently above 50° in these critical areas.

Not everyone needs this kind of protection, but when four season comfort becomes important, make sure you demand the very best... demand an Avalanche!

*Testing was done in a controlled independent environment.

-4° NEXT GENERATION *Construction*

With an impressive list of industry-leading construction advancements, Avalanche sets the bar for four season living.

WALL CONSTRUCTION (R-10)

1. Class A style "slam" baggage doors
2. Dual 1/8" luan backers with staggered seams
3. High density block foam insulation
4. Radius window corner blocks for additional integrity
5. 2" Welded aluminum sidewall studs
6. Fiberglass batten insulation
7. Thermo-foil insulation
8. Molded fiberglass cap with 4mm coated graphics
9. Metal backing strips for added support
10. Cambered steel cap backing for increased turning radius - "Max Turn"

ROOF CONSTRUCTION (R-28)*

11. Aluminum radius roof corner molding wrap
12. One-piece EPDM roof with 12-year warranty
13. 3/8" Fully walkable roof decking
14. Thermo-Foil insulation
15. Fiberglass batten insulation
16. 1/8" Ceiling Luan with vinyl protection

FLOOR CONSTRUCTION (R-40)*

17. Residential grade high density carpet with stain protection
18. Residential grade carpet padding
19. Floor wrap, wood backing, aluminum structure, high density block foam, and Astro-Foil insulation, thermo-insulation
20. Therma-Shield holding tank insulation featuring: One piece fluted polypropylene fully enclosed subfloor, fiberglass batten insulation, and ducted heat

TIRES AND CHASSIS

21. 10" steel "powder coated" I-beams
22. 16" E-Load radial tires
23. E-Z Lube 8 lug, 7,000lb axles
24. E-Z Flex suspension with steel shackles and greasable brass bushings

145 CU. FT.

A

NEXT GENERATION *Features*

A. One look at the Avalanche's **BASEMENT STORAGE** tells the story - the Avalanche boasts massive pass-through storage at over 145 cubic feet! Plus, you won't have to worry about your possessions sliding around as we've used non-skid rubber diamond plate flooring that isn't slippery like felt carpet lining.

B. LIPPERT EZ FLEX SUSPENSION

C. The Avalanche's **FULLY ENCLOSED AND HEATED "WATERWORKS"** compartment houses your dump valves, low point drains, high pressure sprayer, black tank flush hookup, quick winterization kit and city water hookups.

D. The Avalanche uses the slide out technology you see on million dollar motor coaches. These **HYDRAULIC SLIDES** quietly move in and out much faster and smoother than cable slides.

E. Storage compartments are easy to access in the Avalanche thanks to the motorhome style **"SLAM" BAGGAGE DOORS**. These compartment doors feature easy opening pad handles with locks for added security of your stored valuables.

F. Set-up and pack-up is quick and easy in an Avalanche. One reason is the **POWER FRONT AND REAR STABILIZER JACKS**, with easily accessible controls. You'll also notice that the Avalanche jacks are placed outside of the main frame rails, for a wider, more sturdy base.
