

QUALITY

Winnebago RVs are designed and built around you, with superior craftsmanship, advanced manufacturing technologies and steel-focused construction to enhance safety and reliability.

INNOVATION

From groundbreaking RVs to game-changing features to the spacious floorplans made possible by our SmartSpace™ design, our heritage is unrivaled for continuous industry firsts in vehicle technology and design.

SERVICE

Our carefully chosen dealers are supported by factory training and our advanced parts supply system, while owners benefit from excellent real-world customer support as well as 24/7 access to online technical information.

Treat roads more like suggestions.

When the going gets tough, the tough turn to the Winnebago® Revel,™ the most capable camper van we've ever built.

Off-road and off-grid ready, the fully-equipped Revel is the ideal launch pad for outdoor adventures of all kinds.

- » 4WD Mercedes-Benz® Sprinter chassis
- » LiFePO4 Energy system / Second alternator / Solar
- » Power Lift platform bed & gear garage
- » User-configurable storage
- » Hydronic heating system that runs off chassis fuel

Engineered
to help you
get out. And
stay out.

Performance wheels and all-terrain tires

Augment the Revel's off-road capability with optional performance wheels from Method Race Technology featuring Bead Grip Technology and BF Goodrich® T/A® KO2 all-terrain tires.

Power To Go

To keep the 320-amp-hour lithium-ion battery charged while off-grid, the Revel comes standard with two solar panels. The battery is also charged while driving using a second, dedicated alternator or via plugging in to shorepower.

Galley access with exterior table

A new take on dining out. The Revel galley offers easier access from outside the van, with a fold-down exterior table and a portable induction cooktop that can be used indoors or out.

(Keep the) Chill Out

In addition to its extensive insulation, the Revel features a diesel-powered hydronic heating system designed to provide heating and hot water in even the most adverse climates. A quiet, efficient Bluetooth® controlled air conditioner is also available.

Superior safety and convenience features

Driving aids include adaptive cruise control, blind-spot monitoring, lane-keeping and active brake assist, plus a MBUX® touchscreen multimedia infotainment center with navigation, voice control and rear camera.

Superbly equipped for adventures that begin where the pavement ends.

With 188 horsepower, on-demand 4WD with Hi/Lo range, electronic stability and traction control, the Revel can take you almost anywhere — and back again.

Functional meets comfortable.

Flexible galley

The galley adapts to your needs, with a removable counter extension, adjustable exterior table and easy access to the refrigerator from inside or outside the coach.

Swivel cab seats & pedestal table

Swivel the cab seats around for an instant lounge, then deploy the pedestal table and voila! — an instant dining room or workspace.

Wet bath/Gear closet

The bath features a swiveling cassette toilet, flexible showerhead and powered roof vent. Adjustable shelves and a removable clothes rod make it ideal for storage or drying wet gear.

Power Lift bed

The large (49" x 79") Power Lift bed can be raised or lowered to your desired position with the push of a button, letting you customize the garage space to suit your needs.

Gear garage

The massive below-bed gear garage includes 6 removable tie-down anchors for securing gear, plus molded pockets, zippered storage and a cargo cubby with RAM® Tough-Track™ mounts.

Screen doors

The side screen door with magnetic closure offers easy access, while the rear screen has a blackout panel for privacy — and sleeping late.

12-month/24,000-mile basic warranty⁵

FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information. NA Not Available

Not all items available in combination. See dealer for details.
Because features, specifications, equipment, and options may vary from those highlighted in this brochure, the buyer is responsible for confirming with the dealer the features, specifications, equipment, and options included on their specific vehicle. In addition, Winnebago's program of continuous product improvement may result in changes to vehicle specifications, equipment, model availability, and price without notice.
Winnebago recommends following the winter use guidelines and winterization procedures outlined in your owner's manual whenever camping in freezing conditions.

What do you need to know before you go?

And how does that cassette toilet work again?

The answers to these and many more questions are literally at hand, thanks to HowToRevel.com, the app-based system of how-to videos that explains pretty much everything you need to know to get the most out of your Revel.

From adjusting seats and lowering (or raising) a bed, to operating major systems, to plumbing and electrical basics — it's all here. And it's all at your fingertips wherever your Revel takes you.

HowToRevel.com
