"No Sacrifices!"

• Tracer Executive Bedroom

At Prime Time, we gave our design team very specific direction when creating Tracer, *"Build a lightweight travel trailer without sacrificing style, comfort, or convenience."* We asked them to, *"Develop floorplans that were user-friendly and desirable, but still easy-to-tow."* We put a stake in the ground and demanded that, *"Tracer Executive have standout features like Lane® Residential Furniture, premium entertainment centers, huge windows, and expanded storage capabilities."* We said, *"Let's break new ground and build an ultralite trailer that exceeds even the most seasoned RV enthusiast expectations."* There was one rule when we designed the Tracer Ultralite - **"No Sacrifices!"**

TRACER EXECUTIVE

The Tracer Executive represents the pinnacle of Ultralite innovation featuring wide open, spacious layouts that are often hundreds of pounds lighter than traditional floorplans. The Executive Series offers premium upgrades like residentially-inspired Lane® Furniture, Electric Awning, a 26" LCD Television, Slam Baggage doors, and a Universal Docking Center. Now you can have all the features and the floorplan of your choice in a lightweight easy-to-tow Tracer Executive.

TRACER AIR

Engineered for today's smaller tow vehicles, Tracer AIR makes "No Sacrifices" by offering an unbeatable combination of light weights, extreme value, and great looks! The popular 215 AIR features a residential sized 32" x 40" shower, a LARGE wardrobe-linen closet, and a huge sofa/dinette combination. The 240 AIR combines two HUGE 38" wide bunk beds with premium storage thru-out for the ultimate lightweight bunkhouse floorplan! With Tracer AIR, you're sure to be impressed with our ability to "pack so much into so little!"

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
