208 BHS

LIGHTWEIGHT ADVENTURE

Travel is easy with Apex style and comfort. These Ultralites are ideal for towing with half ton trucks and most smaller SUVs, with weights ranging from under 3,000 lbs. up to 6,800 lbs. All Apex floor plans are designed with rich, warm interiors, full-sized bathrooms, contemporary cabinetry, fabrics and flooring.

The 208 BHS, 201 RBS, and 203 RBK come standard with a 60" x 80" queen bed, or you can add an optional Murphy Bed with Jack Knife sofa, shown at right.

The lower double bunk in 208 BHS flips up to access a large storage area.

201 RBS

APEX STAR-GAZER

The all new Star-Gazer allows you to bring in more natural light and greater air flow. For those wanting to keep out insects or sleep in on the weekends, the Star-Gazer will also feature a screen and blackout shade that are very user friendly. (Optional on Nano floorplans. N/A 185 BH)

An Apex Travel Trailer does not just start off as a frame, walls and roof... it begins with an idea! Our belief is that getting the little things right is a BIG THING! The Apex UltraLite is not like other lightweight trailers. It is much smarter because we set new, higher standards for this innovative, truly lightweight trailer.

243 FKS

OUR MODERN INTERIORS ARE BEAUTIFULLY PAIRED WITH INNOVATIVE USE OF SPACE TO MAKE CAMPING COMFORTABLE AND EASY.

243 FKS

243 FKS

Super Bed Storage in the 243 FKS keeps gear and extras organized for easy access, creating a walk-in storage area. (On select models) Collapsible storage bins are available on all Apex.

243 FKS

The 243 FKS is perfect for couples who like to kick back and relax with all the amenities of home. It's open concept living at its finest, with comfortable seating located directly across from the TV for a great view, and a booth dinette for those game nights. The 243 FKS is standard equipped with a Hide-A-Bed sofa with optional theater seats.

This spacious 290BHS has it all from a large U-shaped dinette, which is great for game night or comfortable dining to the entertainment center with fireplace directly across from the Hide-A-Bed sofa (theatre seating optional) and the double over double bunks. This is a true family coach!

Welded Aluminum Framing

Durable, lightweight aluminum cage – individually framed cut-outs to make for stronger sidewalls and reduce water leaks.

Aluminum Reinforced Vacuum-bonded Roof

The aluminum framed, laminated roof is lighter than the competition, rigid and fully walkable.

Six Layer Laminated Floor

- A Residential durable insulated floor covering
- B Double layer Luan plywood top decking
- C Welded aluminum frame
- D Block foam structural insulation
- E Luan plywood bottom decking
- F Darco waterproof floor wrap
- G Cross member support
- H Holding tanks
- I Heated and enclosed underbelly [Double axle models]

Double the AZDEL, Double the Benefits:

By using AZDEL for both the exterior and interior panels, we have doubled our benefits for overall weight reduction, temperature control, sound absorption, longevity, and low VOCs. Azdel composite panels are produced using a patented blend of polypropylene and fiberglass to create a durable, lightweight, water and temperature resistant, odorless and eco-friendly wall that will increase the life of your RV.

Weight matters
50% Lighter

Twice the
thermal
insulation of
plywood

Free of
formaldehyde,
toxic odors
and chemicals

Longer
RV life

Quieter
RVs

No
deforestation

Knock on Wood. Traditional Luan Sidewall Panels:

- Absorb and retain water
- Affected by humidity and temperature changes
- Susceptible to mold, rot, warpage and delamination
- Imported
- Heavier
- Inferior thermal insulation and noise blocking

Avoid Costly Water Damage

- Water and wood don't mix
- Water can cause rot, mold and delamination of wood sidewall panels causing thousands of dollars in damage

Soak Test

- 60 Day soak test
- Wood has visible mold and decay requiring wall repair
- AZDEL was 100% unaffected

APEX STANDARD FEATURES

Entertainment Center with Fireplace

Includes an AM/FM stereo with Bluetooth, LED TV and upgraded stereo speakers. (Available on 243 FKS, 284 BHSS, 290 BHS and 293 RLDS.)

Bathroom Organizer

Keep all your bathroom items organized and within arms reach hung over the door.

Collapsible Laundry Bin

Tucked neatly inside each Apex, this collapsible bin makes laundry day feel more like home.

200 Watt Solar Power

All Apex come equipped with a high-efficiency 200 watt solar panel. Connecting through a 30 AMP control charger, the battery power provides off-grid capability for dry camping.

Mini Fridge

Camp kitchens are equipped with mini refrigerator. (Available on 186 BH, 194 BHS, 208 BHS, 245 BHS, 256 BHS, 265 RBSS, 266 BHS, 289 TBSS, 290 BHS, 293 RLDS – floorplan specific.)

Camp Kitchen

Camp kitchens are equipped with either a grill or a 2-burner cooktop, and a refrigerator. (Available on 186 BH, 194 BHS, 208 BHS, 245 BHS, 256 BHS, 265 RBSS, 266 BHS, 289 TBSS, 290 BHS, 293 RLDS – floorplan specific.)

Outside Kitchen

Includes a grill or two-burner cooktop, large refrigerator, plumbed sink, gooseneck faucet and additional storage. (Available on 203 RBK, 215 RBK, 251 RBK, 284 BHSS and 300 BHS – floorplan specific.)

*VALID FOR 1 YEAR FROM DATE OF PURCHASE

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and grey tanks to provide for more cargo capacity. **Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2021 Apex by Coachmen RV, a Division of Forest River, Inc., a Berkshire Hathaway company.
