ACCESS
2010

Winnebago ACCESS®

Amazing adventures and memories await you in the get-up-and-go Winnebago Access®. SmartSpace™ design elements make the most of the available space for an extremely versatile motor home with plenty of storage. Customize your Access with an available interior upgrade package that includes raised-panel woodgrain refrigerator door inserts and glass cabinet door inserts. Best of all, its surprisingly affordable price makes it easier than ever to own a new motor home. This is the year to find yourself in the 2010 Winnebago Access.

Ready to Move

Choices in floorplans and features make it easy to create the perfect Access for your traveling needs. The overhead bunk offers an available DVD player and wall-mounted 19" LCD TV that swings out for easy viewing.

If you don't need the over-cab sleeping space, select the overhead entertainment center with a 32" LCD TV and additional storage. Both TV options include a video selection system that allows you to access and view a DVD on the bedroom TV. Add the home theater sound system and you will enjoy a DVD player, receiver, surround-sound speakers and a subwoofer.

The galley provides all the essentials for cooking a great meal, including a 3-burner range and a microwave oven. You can also add an oven below the range to enhance your cooking experience.

GoWinnebago.com Watch key feature videos, take interactive tours, see the latest promotional offers and a whole lot more at GoWinnebago.com.

Comfort Sofa Sleeper

The sofa/sleeper you've always wanted is now available for the 31C. Never before has converting your sofa into a bed been so easy—or this comfortable.

1. By day it's a plush sofa.

2. A hidden drawer stores bed linens.

3. At night, the sofa easily folds out into a bed.

4. The mattress quickly inflates and deflates using a built-in power source.

Dinette The dinette is a great place to enjoy a meal. It quickly and easily converts into a bed and provides plenty of additional underseat storage.

Full-Extension Slides Drawers extend fully for easy access and are sized to accommodate more items.

Bunk Enhance the bunk and living area with the available LCD TV and DVD player.

Bedroom The Access provides the comfort and privacy of a master bedroom with a queen bed and wardrobe. The bathroom shower features a door that self cleans as it retracts (NA 31N).

TV The bedroom can be enhanced with an available 19" LCD TV. This TV can also be taken outside and placed on the exterior TV bracket so you can watch the big game under the shade of the awning (NA 24V).

Bunk Beds The 31J offers bunk beds and a master bedroom with a queen bed and large wardrobe. With optional DVD players in each bunk, the kids will look forward to bedtime.

Outdoor Fun

If packing light is not an option, you will appreciate the Smart Storage™ design of the Access. The 29T and 31C feature a large storage trunk with dual access so you can easily transport bulky items. For auxiliary power, the Access comes with a powerful Group 31 RV battery and can be equipped with a 4,000-watt Cummins Onan® MicroQuiet™ generator. Add a second large-capacity Group 31 RV battery for even longer battery reserve.

Automatic entrance steps are available and you can add the awning for relaxing in the shade. An exterior accessory package, which includes a rear ladder, rubber-tread steps and running boards, can be added. Extend your camping and travel seasons with the available heated drainage system.

More Style The Access is a joy to drive with available split-glass convex power mirrors and an available RV Radio®/rearview monitor system. Wheel covers come standard or you can choose the stainless steel wheel liners and high-gloss exterior for extra flair.

TRUELEVEL The TrueLevel™ holding-tank monitoring system uses sonar technology to read liquid levels from outside the tank. There are no probes to corrode or clog, just accurate readings time after time.

Rear Storage Carry large, bulky items in the storage trunk of the 29T and 31C. Part of the available accessory package, the rear storage compartment cover doubles as a folding table.

Exterior Storage Carry wet gear or even keep drinks on ice in the recessed storage area with a convenient drain (29T & 31C).

Floorplans & Specifications

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at CoWinnebago.com.

Built by Winnebago Industries. Built to last.

Winnebago motor homes are built by Winnebago Industries, the company that defined motor homes. The company that built its reputation on quality construction. The company that transformed the motor home concept into a way of life.

Today, Winnebago Industries brings that reputation for quality and more than fifty years of RV innovation to the design and construction of every motor home. It's all a part of SuperStructure®, our exclusive system of proprietary structural components that instills in each motor home improved strength and durability.

Solid Foundation Steel and aluminum truss work provides a solid, flat foundation for the floor and sidewalls. Our engineers enhance the handling and stability by taking special care to properly distribute the weight of all components.

Interlocking Joints

The floor, sidewalls and roof are all integrally connected using interlocking joints. This ensures the Access body is a cohesive unit with maximum strength and durability.

Attention to Detail Whether it's sending every Access through a high-pressure water tunnel to check for leaks or labeling individual wires and barcoding parts to save time and frustration during service, Winnebago Industries considers every detail to ensure your Winnebago motor home provides you with years of pleasure.

Strong as Steel Key appliances and cabinetry are secured to a metal substructure for added stability and safety.

E-Coating Winnebago Industries employs an automotive-style dip tank process to apply an advanced electro-deposition coating on critical steel components for corrosion protection.

Thermo-Panel® Sidewalls Invented by Winnebago Industries, Thermo-Panel construction combines a fiberglass panel, high-density block-foam insulation and aluminum support structures to create some of the most long-lasting, lightweight sidewalls in the industry.

Winnebago 1-year-old fiberglass roof

Competitor's 1-year-old rubber roof

Fiberglass Roof The Access features a crowned, one-piece fiberglass roof, backed with a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength, attractiveness and durability over the rubber roofs found on many competitive models which can chalk, streak and degrade over time. Fiberglass also provides increased puncture and tear resistance.

GoWinnebago.com

Visit us on the web for more information on all of our motor homes, the latest product updates and a host of web-exclusive content.

Take a Tour We're proud of our process, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Recognized Quality The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

Committed to Service We back our motor homes with the industry's best service after the sale:

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- 10-year standard limited parts-and-labor roof skin warranty
- Complimentary 24-hour roadside assistance program

- RV Technical Assistance Hotline
- Emergency Trip Interruption
- Nationwide Trip Routing
- RV Service Appointment Assistance
- Emergency Message Service
- Fee-Free Travelers Cheques

- TripSaver Fast Track Parts guarantees that in-stock warranty parts ship directly to your dealer within 24 hours
- National dealer service network

WIT Club Winnebago owners are like family. Joining the Winnebago-Itasca Travelers Club is a great way to meet and travel with other Winnebago enthusiasts. Members enjoy:

- Caravans and rallies
- Local and state group activities
- RV travel benefits
