YOUR JOURNEY AWAITS

We have found that any great journey includes those you're closest to, and throughout our **thirty-two years of building pontoon boats**, Viaggio has remained **family owned**. With most other pontoon manufacturers owned by Wall Street corporations, we are proud to still be very **accessible and responsive** to our Viaggio Family's needs.

Every member of our team truly cares about your boating experience with loved ones, and work to make sure your boat is built with the **finest craftsmanship in the industry**. Thank you for considering Viaggio for your next boat. We would be honored to be a small part of your **greatest memories on the water!**

With Viaggio **"V" is for value!** We build the hands down **best value** pontoon boat in the business and would be thrilled to show you why. If you need any help in your search for a boat please give us a call at (855) VIAGGIO or email me directly at the address below.

Always glad to help!

Best Regards and Safe Boating,

George Thomas | Owner

PONTOON OPTIONS & PROTECTION

PERFORMANCE SHIELD

Our Performance Shield provides a continuous enclosed surface under the deck of your boat that substantially reduces drag with the water and provides additional protection to the construction of your boat from the elements. When powering a boat with a 90 HP engine or greater, the performance shield will maximize your boat's performance potential!

SPORTTOON

Our Sporttoon allows for greater stability and lift of the boat versus our standard two tube design. The Sporttoon package also includes our Performance Shield, hydraulic steering, and lifting strakes on the center toon for even greater performance. The Sporttoon attaches between the standard pontoons from the bow to ~75% of the boat's surface under deck.

TRIPLETOON

Our Tripletoon offers the greatest enhancement to your pontoon's performance! The Tripletoon package includes our SeaStar hydraulic steering, our Performance Shield, and four lifting strakes. With a full-length 25" diameter center tube you are able to hold more fuel and mount a greater horsepower motor, all while adding ultimate stability on the water. Viaggio is well known for having one of the "best riding" pontoon boats in the industry!

2022 POPULAR OPTIONS

Our team takes pride in producing boats with the very best technology and most durable construction available! See several of our most popular 2022 options!

**Options are available only on select models*

UPGRADED STEREO

Our sound system upgrade is an impressive addition to your boat so you can enjoy your favorite songs on your float!

DORSAL FIN SIDE KEEL

Our new Dorsal Fin Side Keel provides additional rigidity to your pontoon along with added protection when your boat is up against a dock.

LED & RGB PACKAGES

Our LED & RGB Packages are a luxurious touch and really set the mood for those evening floats! The LED option is single color blue in the cupholders, speakers, or our RGB option offers multi-colored lighting options!

PRIVACY ENCLOSURE

Our team developed a privacy enclosure that is a completely new design to the industry! It easily attaches with clips to your bimini and can be detached and stored in a storage compartment!

EXTENDED BIMINI

Our extended bimini provides over 15' of shade on your boat and is very easy to set up! It is made from durable canvas material and comes with a tough anodized aluminum frame.

SKI TOW BAR

Our Pro Series ski tow bar is extremely sturdy and built for pulling skiers easily in the water! With their attractive "all chrome" look they show well on the water too!

IN CHAISE TRASH RECEPTACLE

The perfect way to keep your boat clean and orderly! Our new built-in trash cans utilizing your chaise storage space, and the roto-molded plastic base will prevent trash from going anywhere except into the can.

PLATINUM FURNITURE UPGRADE

Our Platinum Furniture Upgrade includes: extra wide chaise loungers with integrated arm rest and cupholder, wide seat cushions on all straight and radius benches, along with many other additions!

FULLY DIGITAL HELM

The Simrad Go7 or Go9 Systems are a powerful addition to your pontoon providing digital navigation, and a wide variety of real-time information about your boat and engine.

BOATING PEACE OF MIND

Included standard with each of our pontoon boats

Our team has been building pontoon boats for over 30 years, and ever since 1989 we have lived up to our legacy of building **uncompromising quality** at an **exceptional value**. We proudly stand behind our product and our warranty is evidence of that commitment. Once you own a Viaggio, you are family and we treat you like it!

Our luxury woven vinyl flooring is an outstanding value added to every Viaggio boat! It is very comfortable on your feet, extremely easy to clean, & amazingly durable!

- Woven PVC and BCF polypropylene yarns to achieve extreme durability for long-term performance and value.
- Manufactured with solution dyed, UV stabilized yarns for protection against fading degradation, mold and mildew.
- Yarns are inherently stain resistant for easy maintenance. Just hose them off for easy cleaning.
- Polyester backing adds comfort and protects against abrasion. The product does not wear or degrade.
- The face of the product and backing do not absorb water.
- Made In the USA

TRUE LUXURY

DESIGNED FOR COMFORT, DESIGNED TO LAST

HANDS-FREE HINGE SYSTEM

Included as Standard Equipment on every Viaggio

Our Hands-Free Hinge System is standard on EVERY Viaggio pontoon and the perfect way to access or load gear without having to hold the seat open! Once open, no need to hold onto the cushion, you can use both your hands to do other things!

All bench seating on Viaggio Pontoons is equipped with dry storage, often **several cubic feet each**! Our roto-molded seat bases are very tough and sturdy, while the top edge is equipped with a drip rail. This allows any fluid on the seat to be channeled away from the seat interior keeping your gear nice and dry!

LED & RGB LIGHTING PACKAGES

Stunning Low Power LED and RGB Options

Our LED and RGB lighting packages always turn heads and make a boat feel like a luxury cruiser! (Image shown below includes our RGB Interior and Exterior Package).

AN UNMATCHED STRUCTURE

Built Extremely Tough, Built to Last

UNRIVALED WELDS

Our team uses TIG welding on the majority of our welds. This process requires a more skilled welder than other styles of welding. The process is slower, but allows the metal to penetrate deeper ensuring a stronger weld. We are so confident in our work that we provide a limited lifetime warranty on all welds!

TOUGH FRONT END

Our boats have an extremely durable front bumper that is fully welded and made from reinforced 1/4" extruded C channel aluminum

AUTOMOTIVE & RESIDENTIAL STRUCTURE

80% of our structural crossmembers are 16" on center just like in home construction, this provides a better structure and one that can take many years of use
