FREEDOM

MAKING YOUR INVESTMENT GO A LONG WAY. All the quality that you get in the LTD line, but added features that will enhance your camping experience. Features like a Create-a-Breeze fan to improve ventilation, power roof lift, ProRac carrying system on the roof for bikes/kayaks, an outside grill, 4 stabilizer jacks, and brilliant LED awning lights to welcome you back to your camper when the sun goes down. Just because you own a Rockwood tent camper doesn't mean you have to "rough it" on your next camping trip.

ESP

WELCOME TO THE ROCKWOOD EXTREME SPORTS PACKAGE (ESP). A camper specifically designed for the active couples and families looking for the ability to make the most of their outdoor experiences...even without electrical hook-ups. The Rockwood ESP utilizes sport tires to allow for more ground-clearance to get to those camp-sites that a larger campers wouldn't be able to get to. And the standard 100W roof mounted solar panel with 1000W onboard inverter (to power your outlets) allows for renewable energy to your batteries while camping off-grid. The possibilities are endless where you could go with your new ESP.

HIGH WALL

WE MAKE CAMPING COMFORTABLE. We have designed the High Wall series for those who want the amenities of a larger travel trailer but like the convenience of a tent camper for easier storage and effortless towing. These well-appointed campers give you a larger refrigerator, standard oven, microwave, added counter space, and upgraded Dexter torsion axles, all features that are not available in a standard size tent camper.

HARD SIDES

QUITE POSSIBLY THE BEST OF BOTH WORLDS. When you combine the solid exterior of a travel trailer with the easy to tow tent camper, you get the Rockwood Hard Side Series. All models are equipped with a 10K BTU Cool Cat Heat Pump that work as both an A/C and a heater to keep you comfortable inside your camper. Astonishingly quick and easy set up means that you will be enjoying your camping experience minutes after you pull into your campsite.

A woman with long brown hair, wearing a green tank top and an orange backpack, is smiling and looking to the right. She is hiking in a lush green forest. In the background, a man with short brown hair, wearing a white t-shirt and a black backpack, is also hiking and looking to the right. The scene is bright and sunny, with a stream visible in the background.

We work hard to make a quality product
So you can enjoy it for years to come.

Rockwood Warranty. Our Promise.

FOR DETAILS ON ROCKWOOD'S COMPLETE WARRANTY PROGRAM, SEE YOUR ROCKWOOD DEALER.

When it comes to backing products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Rockwood. Rockwood offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1. Five-year roof warranty (Excludes Hard Sides).
2. Twenty-five-year floor warranty.
3. Five-year frame warranty.
4. Five-year tent warranty.
5. Ten-year torsion axle warranty.
6. Limited lifetime warranty of lifter system (Excludes Hard Sides).

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Specification Definitions :: GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR. // **GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles. // **UVW (Unloaded Vehicle Weight)*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated average based on standard build optional equipment. // **CCC (Cargo Carrying Capacity)**** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. **Estimated average based on standard build optional equipment. // Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. // All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho. U.S.A.
