PREMIER 25RKPR

"I knew that I wanted a fiber-glass camper shell, no slides, a large picture window, a full kitchen, a full bathroom, a separate bedroom, and tons of storage - all in an RV under 22 feet. Keystone RV delivered. My floorplan has a murphy bed and that created the feel of a separate sleeping space while having the bed completely out of sight during the daytime. As for storage? I currently have a 4-person hot tub in the basement storage of my travel trailer!"

@ALEXISCHATEAU_ — BULLET CROSSFIRE 1800RB OWNERS

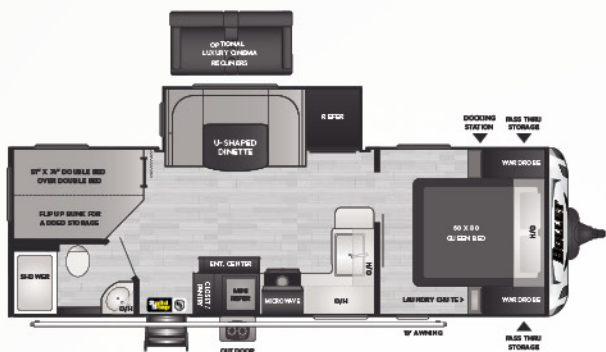

"I choose Keystone RV for the workmanship and the pride they take in their products. I choose my Keystone Premier 22RBPR because the layout fits my lifestyle perfectly. Normally I travel on my own and it's the perfect amount of space for me, and if my fiancé Ali comes there's enough space for the two of us and even our dog Piper. We love our Keystone Premier!"
