Geo Pro was developed to fill a need in the light-weight RV market for those who love adventure and the great outdoors. Several models in the Geo Pro line-up have the capability of going off-grid with the optional Power Package.

With several configurations and sleep accommodations, there's a Geo Pro for everyone's needs.

For half a century, we have proudly and passionately crafted recreational vehicles that have become synonymous with quality, innovation, and adventure.

Since our establishment in 1974, we've committed ourselves to putting quality first and doing things right, every step of the way.

Power Pro™ App Control

Your RV is equipped with Power Pro™ by WFCO Technologies. Power Pro™ is a voice activated digital control system designed to enhance your RVing experience by controlling lights, awnings, battery and tank levels, and more!

Millersburg, Indiana is a special place with special people. This is a town built upon care, craftsmanship, and teamwork. Millersburg is our home and we're grateful for the opportunity to employ many of our neighbors, friends, and families. Rockwood is a proud employer of multiple generations of Millersburg residents and our quality-first reputation is second to none, thanks to our Millersburg home.

We're happy to have zero stoplights, two banks, two parks, one gas station, one car mechanic, an elementary school, and a few churches in our humble corner of Elkhart County. We work hard, care, build, craft, and take care of each other and our families. Millersburg keeps North America camping, one Rockwood at a time, made with pride and value.
