[www.northwoodmfg.com](http://www.northwoodmfg.com) **FORGED ON THE FRONTIER**

# **NASH** *RUGGED FROM THE GROUND UP!*

A good idea is always a good idea. Ron Nash broke into the RV business with his no-nonsense Northwest Rugged "Pretty One in Work Boots"...The Nash Travel Trailer, and that idea took off like wildfire. The Nash remains true to its roots as an affordable, well-made trailer that will last for years; a durable RV you can take off-road and be used in any season. The concept is sensible and simple. We build RVs how YOU like

them. It was a good idea 20 years ago and it's a good idea today! The Nash is equipped to not only meet the needs of the introductory RV buyer, but also offers amazing features not found on other entry level RVs. The Nash has always been known for rugged off-road durability but never before has it come so fully equipped and so reasonably priced. This new Nash is loaded with standard features:

- ✓ Equaflex Suspension
  - ✓ Certified Off-Road Chassis
  - ✓ TG Plywood Floor Decking
  - ✓ Plywood Roof Decking
  - ✓ Multi Layered Fiberglass Wall
- ...and standard amenities such as:
- ✓ 12 Volt Power Awning
  - ✓ Rear Receiver Hitch
  - ✓ 10 Gal. Water Heater
  - ✓ Generator Ready

That's correct - you can have an optional generator on any Nash model. If you are concerned about being fully self-contained, the Nash is your best answer! So, whether your idea of camping is an elk camp in winter or the campsite nearest the swimming pool at your favorite campground, you will feel equally at home in your new Nash.

# What is **ABSOLUTE** NORTHWOOD?

When you purchase a Northwood Product, you are investing in the best quality materials, construction and craftsmanship. That is why the resale value in a Northwood RV remains higher, and your investment retains its value longer. If you ever decide to trade in your RV, you will get top dollar. That is why you don't see many used Northwood RVs on the market, folks buy them up as quickly as they become available because they have a reputation for durability and longevity.

**ABSOLUTE CHASSIS** 

✓ Custom Built, Tested, Certified

**ABSOLUTE FRAME** 

✓ Select 16" OC Framing, Anchor Blocking & Steel Hurricane Plates

**ABSOLUTE ROOF** 

✓ Full Walk On, Bonded Roof Truss System

**ABSOLUTE CABINETS** 

✓ Wall & Ceiling Mounted, Face Frame Construction

**ABSOLUTE INSULATION** 

✓ A True 4 Season Coach

[www.Northwoodmfg.com](http://www.Northwoodmfg.com)

## NORTHWOOD BUILT CERTIFIED CHASSIS

### WE BUILD OUR OWN HEAVY DUTY STRUCTURAL STEEL OFF-ROAD CHASSIS

We are one of the few manufacturers that build their own chassis. The name NORTHWOOD is known throughout the industry for quality chassis and we certify ours through an independent testing laboratory for quality assurance.

## GLUE BONDED FRAME w/1-PIECE FIBERGLASS, MULTI-LAYER WALLS

Our wall studs are 16" on center select lumber (better than competitor's #2 grade). We use R7 fiberglass insulation which is hand tucked and secured. We apply a one-piece laminated exterior wall of corona treated fiberglass and double layers of lauan plywood.

This wall forms an amazingly strong one piece seamless panel. Industrial strength construction adhesives glue bonds the framing to triple layered, laminated exterior siding.

This wall forms an amazingly strong one piece seamless panel. Industrial strength

### A True 4 Season Coach

R-7 Fiberglass in Walls & Floor  
R-14 Fiberglass in the Roof  
R-15 Reflective Foil - Ceiling & Floor  
Heated & Enclosed Tanks  
Heated & Enclosed Valves

# OUR BONDED ROOF TRUSS SYSTEM ENSURES A FULL WALK-ON ROOF

## BONDED ROOF TRUSS SYSTEM

UP TO  
5-1/2"  
OF CROWN

The Northwood Bonded Roof Truss System bonds all the components of the roof structure together as a unit. The ceiling, trusses and roof plywood are unified in a bonded system that gives superior load distribution and maximum load bearing capacity.

Top quality exterior grade plywood panels are bonded to the trusses and a thick one piece roofing membrane is then applied for a durable, long lasting seal to protect you and your coach from the elements.

Northwood's Bow Trusses offer up to 5-1/2 inch center height, giving the roof plenty of runoff slope to eliminate standing water.

# CUSTOM BUILT FACE FRAME CABINETS

CABINETRY w/SOLID WOOD DOORS, BUILT USING RESIDENTIAL FACE FRAME CONSTRUCTION METHODS & INTEGRATED WITH THE WALL & CEILING.

## BEAUTIFUL & STRONG

MATERIALS

CONSTRUCTION

INSTALLATION

Solid Wood cabinet doors ensure lasting beauty and rugged strength.

Face Frame construction gives our cabinets 'high end' residential quality.

Structurally Integrated cabinetry is anchored to the walls and ceiling structure of our coaches making both the RV and the cabinets stronger.

# A TRUE FOUR SEASON ALL CONDITIONS UNIT

HEATED ENCLOSED HOLDING TANKS & DUMP VALVES DESIGNED FOR COLD NORTHERN/HOT SOUTHERN CLIMATES

Northwood builds true 4-Season coaches. Our fully insulated holding tank area circulates warm air around the suspended tanks providing the best protection from freezing. Our knife valves are also enclosed to keep them from freezing. Our 4-Season coaches are insulated with various types of residential quality Rigid Foam, Batten & Reflective Foil insulation to protect you from the winter cold & summer heat.

Fully decked 3/8" plywood 'Full Walk-On' roof  
One-piece, seamless, roof membrane  
Wood structural framing throughout  
2" X 2" studs, 16" O/C in walls, front & rear  
2" X 3" longitudinal joists 16" on center  
5" residential-style tapered wood roof trusses  
R-7 fiberglass insulation in sidewalls and floor  
Double R-7 roof insulation w/ reflective foil  
Reflective Foil insulation throughout floor  
Darco one-piece RV under siding  
1/2" plywood bed and bunk platforms  
2" thick laminated route-out dinette platforms  
Electric-power rack and pinion slideouts

## Standard Interior Features

AM/FM/ Stereo w/Blue Tooth  
Structurally integrated cabinetry throughout  
Solid wood mortise and tenon cabinet doors  
Solid wood drawer faces  
Armstrong residential wear surface floor covering  
Designer décor border  
Valance window treatments  
LED utility interior lighting  
110 electrical outlets throughout  
Square cabinet door frames  
Mini-blind privacy shades throughout  
Residential furniture by Homestyle  
10" electric brakes on all wheels  
Roller bearing drawer glides

## Standard Exterior Features

Generator ready  
Solar Ready  
20 watt solar panel  
LED Exterior lighting  
LPG quick connect  
Rear receiver for cargo rack / bike carrier  
15" radial tires  
Metal wheels and hub covers  
Leaf spring suspension & straight axles  
Amber patio light w/interior switch & hitch light  
Large luggage compartments  
Luggage doors w/radius corner & metal pulls  
Non-skid retractable entry step  
Entry assist handle and hurricane door latch  
Bumper with drain hose storage and end caps  
Galvanized steel wheel wells  
Insulated wheel wells on non-slide models  
Mud flaps  
Molded ABS LPG tank cover  
Fiberglass entry door with radius top corners  
Screen door with kick panel  
Rain gutters with oversized down spouts  
Diamond plate front gravel guard  
Radius cornered windows with screens  
Dual battery rack welded into A-frame  
Park cable TV hook-up with RG6 cable  
Digital TV antenna w/signal booster  
Roof-mount antenna for radio  
Hook-up for satellite TV reception  
12 volt power awning  
Custom gray fiberglass exterior  
Exterior shower

## Standard Safety Features

Dual safety chains on A-frame  
Break-away switch  
GFCI circuit protection  
Smoke alarm  
LPG leak detector  
Carbon monoxide detector  
Fire extinguisher  
Dead bolt lock on entry door  
Egress windows (for emergency escape)

## Standard Bathroom Features

Marine toilet  
Shower surround  
Shower curtain with curved track  
Additional décor shower curtain  
Skylight above tub/shower  
Exhaust fan  
Wall mounted light switch  
Large bathroom sink  
Medicine cabinet with mirror  
Towel bar  
Towel ring  
Toilet paper holder  
Electrical outlet with GFCI circuit protection

## Standard Bedroom Features

Bedroom roof vent  
Quilted bedspread with reverse sham  
Designer headboard  
Camping clothes storage  
Below-bed storage with gas strut assist  
Night stand top and drawer  
Reading lights  
Mini blind privacy shades  
Electrical outlets  
Campers Comfort mattress  
Designer privacy curtain  
TV mount pre-block w/ hook-ups

## Standard Heat, Power, and Water Equipment

12V electrical system  
Deluxe 110V 45-amp power converter  
30 amp park power cord - 30 feet  
Auto-ignition furnace with wall thermostat  
In-floor heat ducting  
In-ceiling A/C ducting  
120V GFCI circuit protected exterior patio outlet  
12V demand water pump system  
Hook-up for city water  
10-gal gas water heater  
Two (2) 30 lbs. propane gas tanks w/ regulator  
ABS holding tanks  
Systems monitor panel  
Water system winterization kit  
Water heater by-pass  
Black tank flush

## Standard Kitchen Features

Nash signature key holder  
3-burner cook top with one 9,000 BTU burner  
Large oven  
Range hood with light and exhaust fan  
Back splash protection behind cook top  
Double door gas/electric refrigerator (most models)  
Designer refrigerator door panel inserts  
Acrylic residential-style sink  
High profile galley faucet  
Sink cover / cutting board  
Large drawers in galley cabinet  
Galley overhead storage cabinets  
Ventilating window at galley sink  
Large picture window at dinette  
Large dinette table  
Access to dinette booth storage  
Laminated countertops  
Microwave oven with carousel

## Options

Aussie Grill w/Bumper Rack  
Obe-Co convenience center  
Exterior marine grade stereo speakers  
AM/FM Stereo w/ Blue Tooth  
Sit -N- Sleep sofa sleeper (some models)  
Heated and enclosed holding tanks  
Stabilizer jacks - front and rear  
Air conditioner  
Range cover  
Generator  
Cargo rack  
Bike rack  
LCD TV

MORE ABOUT NASH

*When you've been in the RV industry for nearly 1/2 a century, you've seen it all, and one thing never changes, quality sells and re-sells.*

*We started Northwood in 1993, building the best quality RV for the best price. That principle has never changed and we are absolutely committed to maintaining our reputation for quality in the RV industry.*

*Thank you for your continued interest in our product.*

# Nash Chat

I have a camper's mindset and disperse-camp off the grid for 8-9 months a year, with only 2-3 months of hookups in the winter. Each year I do miles of dirt roads, some ungraded, and double tracks with washboards, rocks, washouts, across streams and whatnot (pretty much trashed my last trailer). Not the typical RV type of travel. I did a fair amount of research last winter for a new trailer and for my 4th RV, decided on a Nash 17K. I picked it up in May and it seems to be holding up fine and it sure is comfortable to live in along with my two cats.

I thought you might like to see where I'm presently camping. The attached photos were taken in southern Utah. I'm slowly meandering south for the winter.

I had some tweaking done to the trailer by the service manager and he not only did faultless work but came across as quite personable. I could not have had a better experience in dealing with a service department.

A guy from Montana, who reads my site, followed my research, and also sold his trailer and bought a 17K. We picked them up on the same day. Not bad.

Anyway...

*thanks for making a stellar trailer for this type of lifestyle.*

Thanks again for putting out such a good product.

Take care and stay amused

Sebastian Halyard

NORTHWOOD

[www.Northwoodmfg.com](http://www.Northwoodmfg.com)

My husband and I have just returned from a three week tour of the Grand Teton, Yellowstone, and Glacier National Parks—in our brand new Nash 17K. We wanted to share some of our photos and some of our story.

This was the longest trip we have taken in a recreational vehicle. Though we have owned larger RVs in the past, mostly motorized Class A and C motorhomes, we have never been on the road this many consecutive nights and days. Our most recent RV was a deluxe tent trailer, and we knew it would be an inadequate way to travel this far, this long, and this old.

We decided to look into a small travel trailer we could tow with our Toyota Tundra. Fully expecting to purchase something used, we decided to give our local business a first look: The owner let us go scouting his inventory of new and used trailers. Once in his yard, we spotted three new trailers that were somehow “different”: different color, different shape, and different size. All these features were attractive.

He had three models of Nash on his lot. After going in and out of all three models about fifty times each, we told him we would take this small, compact 17K. Apparently your new Nash designs had not been on the lot for more than a few days, and he was embarrassed to say that he really did not have all the info on them—but he would get it.

One week later, our Nash was parked on our property and ready to be packed for a one-night trial before we got busy on our serious trip. All systems worked perfectly in our remote, rustic campsite outside Quemado, NM, and they continued to surpass our expectations for capability, reliability, and easability.

***We are 100% satisfied customers!***

Sincerely,

Steve and Jealyn White ~ Silver City, New Mexico
