Enjoy fun camping experiences in this cozy camper for two to four depending on size! You will love the full rear bath with a nice vanity and sink including a medicine cabinet, toilet, and shower with an overhead skylight for more natural light and headroom as well. There is a booth dinette for dining and games, and it can also be transformed into sleeping for one or two depending on size. Opposite the dinette, you will find your functional kitchen with a refrigerator, two burner cooktop, round single sink with a cover, and a microwave oven beneath the counter. Overhead cabinets plus drawers and cupboards below allow for ample storage of your dishes and dry goods. In front, there is a comfortable bed for two with wardrobes on either side and overhead cabinets for your personal belongings. There is also storage beneath the bed for larger items like extra blankets or your suitcases. There is also an exterior pass-thru storage compartment in front for your camp chairs and games!

The Northern Spirit Bijou travel trailer features a bright and airy interior thanks to the front cap window, side windows and overhead skylight in the shower. There are also nightshades to give you privacy when you need it. The exterior features plenty of storage just like the interior with a motion activated front pass-through compartment light, an LED lit power awning which is great for evenings outside, and you will love the exterior griddle so you can cook inside or out. The front rock guard will help protect your unit from road debris while you travel, and the solid step entry will keep you and your family safely entering and exiting the unit for years of camping fun. You will appreciate the exterior dog leash and bottle opener, and 3/4 quick connect stabilizer jack bit for setting up in camp. Why not keep camping simple and choose a Northern Spirit Bijou and see what nature has for you today!
