

# **Our Wings Get You There**

Family fun happens when you spread your wings. Thanks to Jayco's amenity-packed floorplans, rock-solid construction and two full camping seasons of warranty coverage, you can. Greater peace of mind and added comfort mean better memories and lasting bonds. So go ahead. Hit the road—and let the good times fly.

# **Generations of Family Fun**

Lengths: 29' 3" to 36' 8"; Weights: 7,510 to 9,835 lbs; Sleeps: 4 to 10

Lengths: 36' 11" to 42' 4"; Weights: 10,310 to 12,335 lbs; Sleeps: 4 to 12

# DISCOVER ONE OF THE LONGEST-RUNNING, MOST SUCCESSFUL RV BRANDS ON THE MARKET TODAY!

For over 25 years, Jayco's Eagle brand has represented quality and innovation in camping for the entire RV industry. Building on the past success of the popular brand, great efforts have been taken to further enhance best-selling floorplans, add useful new technology and ideas, fully address customers' wish list items and expectations, and create a truly best-in-class feature set. With thanks and consideration to strongly loyal customers and repeat buyers, Jayco's team of skilled craftsmen, engineers and designers are proud to present the 2018 Eagle.

## THE JAYCO DIFFERENCE

When you choose Jayco's Eagle, you get the strongest foundation in the business, unmatched weatherproofing and rock-solid construction.

#### **Tuff-Shell vacuum-bonded.** aluminum-framed, laminated sidewalls, end walls and slide room walls provide a durable, lightweight, well-insulated

structure for better protection from the elements

- 2. Magnum Truss<sup>®</sup> XL5 Roof System withstands 4,500 pounds— 50 percent more than other RV roofs
- 3. Double layer of fiberglass insulation behind the front cap, plus radiant barrier bubble foil and fiberglass insulation in floors to provide extra warmth where it's needed most
- 4. Aerodynamic fiberglass front cap withstands the rigors of the road with infused pigment and gelcoating, plus specialty bracing for additional support-not typically found on competing fifth wheels
- 5. USA-made Goodyear<sup>®</sup> Endurance<sup>®</sup> 10-ply, Load Range E, radial tires with automotive-style aluminum rims

- 6. The HELIX Whisper Quiet 15,000-BTU A/C system dramatically reduces noise and uses an exclusive rounded, H-shaped dual-duct design for super-efficient cooling
- 7. MORryde<sup>®</sup> CRE3000<sup>™</sup> suspension allows for 3 inches of vertical travel for superior absorption of road shock while limiting back-and-forth action
- 8. Standard roof ladder
- 9. Extruded aluminum entry step
- 10. Dicor DiFlex II roofing with 12-year warranty
- 11. S.M.A.R.T. (Safety Markers and Reverse Travel) exterior LED lighting
- 12. Pin box options for better ride and functionality
- 13. Climate Shield<sup>™</sup> fully enclosed underbelly
- 14. Rooftop solar prep pre-wired for upgradability
- 15. Keyed-Alike<sup>™</sup> lock system with all locks using a single, unique key for better security

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UWV plus personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC. Cargo Carrying Capacity (CCC): CCC means the maximum weight of personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UWV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight. It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications charts above.

# Extend your camping season with the Jayco Climate Shield<sup>™</sup>.

It protects against extreme heat and extreme freezing—even in temperatures as high as 100 degrees or as low as zero degrees (Fahrenheit).\*

\*Eagle was tested in zero degrees F and 100 degrees F weather over an extended period of time in a controlled environment, and all functions of the coach were fully operational. Testing was done in a completely controlled environment; therefore, temperatures during testing may not represent actual temperatures

in nature and cannot account for elements such as wind or moisture. In actual use, unit may not perform as well. Supplier of cooling components does not guarantee anything better than 20 degrees difference from ambient temperature. In addition, outside components are subject to freezing and require steps to properly insulate. Jayco's limited warranty does not cover damage caused by freezing. To learn more about Climate Shield and testing done by Jayco, visit www.jayco.com.

WE START WITH ONE OF THE INDUSTRY'S **Strongest** foundations

#### I-Class<sup>™</sup> Cambered Structured Steel I-Beam Frames

Frames are designed specifically for Eagle by Jayco's engineering team and customized floorplan by floorplan with more outriggers and cross-members than the competition.

# JAYCO'S ROOF **VS** OTHER ROOFS

4,500 POUNDS ON A JAYCO ROOF VS. OTHER ROOFS

# THE MAGNUM TRUSS<sup>™</sup> XL5 ROOF SYSTEM **50 percent stronger**

# **GOODYEAR® TIRES NOW FEATURED ON ALL 2018 EAGLES**

Optimized tread depth and decoupling groove help tire to remain cool while towing heavy loads

**Scuff guard** helps provide sidewall protection

Specialized inner liner minimizes air loss in trailer applications because of 100% halobutyl rubber **Durawall® Technology** helps resist cuts and punctures to sidewalls

Rugged fabric-steel construction

**6-year limited warranty** from Goodyear on tire workmanship and materials

Offers improved durability and carrying capacity while remaining compatible with tire pressure monitoring systems and typical tire inflation stations
