

# YOU'RE READY TO CAMP. IS YOUR RV?

It's important to inspect your RV seasonally to avoid potential issues down the road. From checking the water system to lubricating entry steps, it's important to make sure your RV is ready from roof to wheel.

## SPRING CHECKLIST:

- |   |   |
|---|---|
| <input type="checkbox"/> SUMMERIZATION                      | <input type="checkbox"/> TIRES                                  |
| <input type="checkbox"/> ELECTRICAL SYSTEM                  | <input type="checkbox"/> SEALS & CAULK                          |
| <input type="checkbox"/> BATTERY                            | <input type="checkbox"/> AWNING(S)                              |
| <input type="checkbox"/> SOLAR COMPONENTS                   | <input type="checkbox"/> JACKS                                  |
| <input type="checkbox"/> GENERATOR TESTING                  | <input type="checkbox"/> ENTRY STEPS                            |
| <input type="checkbox"/> LP SYSTEM                          | <input type="checkbox"/> RUNNING LIGHTS &<br>TURN SIGNALS       |
