Each new day brings wonderment. The opportunity to discover something new. To pursue your dreams and fill your soul. This is the Soul of RVing.

Dutchmen[®]

35TH ANNIVERSARY

Dutchmen began in 1988, this model year we are celebrating our 35th Anniversary. Our long term success comes from never losing focus on our core mission “We work for the customer”.

At Dutchmen we build a variety of floorplans to meet the needs of your family and lifestyle. More people than ever before are embracing the RV lifestyle, whether they are full timers, weekend warriors or just want to take the road less traveled and boondock. The Yukon luxury fifth wheel is designed for those looking for a residential feel when they travel. With more standard features than its competitors and a focus on quality, value, and design, you will feel at home from the first moment.

Everything we put into our Yukon is designed not only to help you hit the road in comfort and style, but to also help you make memories with family, friends, and fellow travelers along the way.

You will have peace of mind knowing we have OVER 300 Strong Nationwide Dealer Network across North America and our industry-leading service center in Goshen, Indiana. So rest assured no matter where your travels take you, the best-resourced RV manufacturing company in the world is behind you all the way.

As each new day unfolds and limitless adventure awaits, Rving is about immersing yourself in laughter and storytelling with family and friends around the campfire. For 35 years Dutchmen has been in the business of making memories. This is the Soul of the RV.

MORE STANDARD FEATURES MORE VALUE THIS IS THE SOUL OF RVING

Everything we put into our RVs is designed not only to help you hit the road in comfort and style, but to also help you make memories with family, friends, and fellow travelers along the way. We don't just build and sell RVs—we have the industry's best RV warranty, 100% pre-delivery inspection, and are the leader in parts and service.

While other manufacturers offer features as options, we prefer to make those same features standard. **We've built a reputation for bringing RV owners more standard features for less money for more than 35 years, and it's a reputation we plan to keep.**

100% Pre-Delivery Inspection

At Dutchmen, quality is standard. Every single RV that comes off the line receives its own pre-delivery inspection—a thorough 253-point check to ensure accurate measurements, as well as fully-functional electronics and components.

The Industry's Best RV Warranty

Our industry-best 3 Year Warranty means you don't have to wrangle over the details. We deliver value by clearly outlining the major components we back for the first three years.

The Leader In Parts & Service

Replacement parts. Routine checkups. Expert advice. We've got it all covered. When only the best RV services will suffice, our industry-leading parts and service department is ready to help you get back on the road—and stay there longer than ever before.
