

VENGEANCE 26L140 FLOORPLAN

Hitch Weight	1,465 lb.	GVWR	13,465 lb.
UVW	8,704 lb.	CCC	4,761 lb.
Exterior Length	34' 0"	Exterior Height	12' 10"
Exterior Width	102"	Fresh Water	102 gal.
Gray Water	50 gal.	Black Water	50 gal.
Awning Size	18'		

SPECIFICATIONS DEFINITIONS

GVWR (Gross Vehicle Weight Rating) – is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) – is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) – is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* – is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity) ** – is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

****Estimated Average based on standard build optional equipment.**

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Note: Specifications are subject to change without notice.

EXTERIOR AMENITIES

- 102" Wide Body Construction
- Aluminum Frame Sidewalls
- Laminated Sidewalls, Slideout Walls and Ceiling
- Armored Ultra-View Windshield
- Generator Prep with Start/Stop Switch, and Hour Meter & Fuel Gauge
- 30 Gal. Fuel Station with Digital Readout
- Ramp Door Patio System
- Spare Tire & Carrier
- Dual LED Ramp Cargo Lights
- Exterior Compartment Lights
- 360 Degree Surround Lighting when Back Up Lights are Activated
- LED Brake/Tail Lights
- Solar Reflective Windows
- Power Awning w/LED Lights
- LP Quick Connect
- Tire Pressure Monitor System
- Outside Shower/Sprayer
- Radius PVC Walk On Roof

INTERIOR AMENITIES

- 10.7 Cu. Ft. 12 Volt Black Glass Residential-Style Refrigerator
- 30" Residential-Style Microwave
- 3 Burner Range w/Oven
- Solid Surface Countertops
- Zebra Shades in Living Areas
- Recliner Sofas w/ Heated Seats, LED Lights, and Massage
- LED Batten Lighting w/ Dimmer Switch in Living Areas
- LED Flatscreen TV with Bluetooth Stereo Sound Bar
- 4K Projector with Pull Down Screen in Master Bedroom
- Black Glass Entry Doors
