

MINNIE FAMILY

# Minnie *Time*

**WINNEBAGO**

**WINNEBAGO**

HELLO

my name is

*Minnie Drop*

"Hi, I'm Minnie Drop, six feet four inches wide, single axle, with an eight foot tire stance making me easy to tow. I'm stable and you can see around me with your tow vehicle's side mirrors. My retro figure will turn heads when pulling into the campground, and you can find me in eight fun exciting colors. Each of my six floorplans have dry weights under 3,000 lbs. If it's adventure you're after I'm ready to travel, hitch me up!"

HELLO

my name is

*Micro Minnie*

"Who knew fun could be found in a small camper? Seven feet wide, eight open floorplans, and full featured; but my allure doesn't stop there. While most of my models include a double door refrigerator, stainless steel sink, and three burner range with oven, the 1700BH is a single axle model offering a more affordable option. Please look over the specification page for all the details."

HELLO

my name is

*Minnie*

"Minnie does not describe the space and features I bring to the campground. Each of my models include extendable slide outs that increase living space. My traditional eight-foot wide frame allows for an abundance of storage and livability. Open the entry door to eight different floorplans and show off my all new front cap!"

## Each Winnebago Minnie is expertly manufactured with these key features:

BAL Engineered Chassis designed with industry leading strength to weight ratio, rust protection, and durability. Non-welded chassis secured with automotive huck bolts.

Exterior grade tongue and groove plywood flooring securely fastened to aluminum floor supports provide for a superior foundation for cabinets and furniture.

Welded aluminum tube sidewall construction with solid material inserts in areas where screws will be added to hold attachments.

Our Noble Classic high gloss fiberglass sidewalls are manufactured with the supporting underlayment imbedded to the resin for a superior bond. This is the same process we use on our prestigious motor homes.

"Looking for a camping partner with more? Look at Minnie Plus. My plus size offers more slide outs, bigger floorplans and more features. Prepare a meal on my solid surface counter top, or relax in my sleeper sofa and you'll be happy to be home away from home. My six unique floorplans along with an overwhelming list of standard features will make your next camping trip a breeze."

"I want to be the fifth-wheel of your dreams! My spacious elevated stateroom feature's a residential sized queen bed, plenty of storage, and easy access to a luxurious master bath. Attention was paid to maximize my living area and be light enough to be pulled by most half ton trucks. I'm comfortable with my bold colors and my full fiberglass front cap will announce my arrival. If you like open, unique floor plans, and with storage like mine, you'll never want to go home."

## And all are available in these great colors!
