TRUCK CAMPER RAYZR EDITION

Rayzr Truck Campers by Travel Lite RV are lightweight and made for mid-size and full-size pickup trucks, giving you an affordable way to camp in the great outdoors!

TRUCK CAMPER | RAYZR EDITION

Each Razr Truck Camper is built using natural wood construction with insulated floors, walls, and roof. Other standard features include an LED light package, a 12,000 BTU furnace, and a 20 pound LP gas tank. To achieve the lightest weight, lowest

cost, and broadest truck compatibility possible, Rayzr campers are non-basement designs, framed with kiln-dried Banak wood, hung wall constructed, and feature netting instead of cabinet doors in many locations.

TRUCK CAMPER SUPER LITE EDITION

Super Lite Truck Campers by Travel Lite RV are made for owners of mid-size and half-ton trucks that might enjoy going where other RVers fear to tread.

TRUCK CAMPER | SUPER LITE EDITION

Experienced truck camper enthusiasts appreciate the lightweight and natural characteristics, as well as the durability of the Super Lite Truck Campers by Travel Lite RV.

Our solid wood construction compared to the one-inch foam and glue composite walls being

assembled by our competition is much stronger. Foam and glue manufacturing may add speed to an assembly line and cost less to produce, but wood offers the best solution for strength, durability, weight savings, and ease of repair. Because we choose to use the best products, our customers can take any trail knowing that their Travel Lite will withstand the abuse.
